Culminating Graduation Project (CGP)

As part of its Strategic Plan, the McGuffey School District has adopted the High School Culminating Graduation Project (CGP) as a formal requirement for graduation. The purpose of the project is to provide a comprehensive program that will educate the whole person and prepare him/her to lead a productive life as a member of society. All students will complete a CGP that will illustrate how the various disciplines are interrelated and will show that a student can develop, organize, produce, analyze, and evaluate information. Each student will be responsible for a presenting their CGP according to the prescribed requirements during their Junior or Senior on a date designated by the district. Please refer to the Culminating Graduation Project information available on the high school website for instructions on the completion of this project.
