## MY FINANCIAL AID OPTIONS

Since most adults change career paths multiple times during their working years, it is important to understand what financial resources are available for when/if you choose to pursue further education and/or training through an apprenticeship or a 2- or 4-year college or technical/specialty college.

This section of your HSBP is required to ensure all students know what support is available and how to access state and federal financial assistance after high school.

**I will find out my financial aid options through either the Free Application for Federal Student Aid (FAFSA) or the Washington Application for Student Financial Aid (WASFA).**

- Go to <https://wsac.wa.gov/apply> to access the different materials and information you and your parent(s)/guardian(s)/family need to apply for these sources of financial aid.
- I will be considered a dependent student for financial aid. ☐ Yes ☐ No  
(Check for dependency status at <https://studentaid.gov/apply-for-aid/fafsa/filling-out/dependency>).

By (digitally) signing below, I indicate that I know which application I can use (FAFSA or WASFA) and how to find out what information and materials are needed to complete the application.

## 12TH YEAR CAMPAIGN

### Financial Aid Advising Day

### 12th Year Campaign

The 12th Year Campaign boosts college and financial aid application rates in Washington by helping those working with high school seniors and their families complete applications for college admissions and financial aid. This page contains information and resources designed to help schools and partners host a successful financial aid advising day. Explore the different sections below to learn more.

### Supporting Washington's Financial Aid Advising Day

Financial aid matters. Nationally, seniors who complete a financial aid application are 84 percent more likely to enroll in postsecondary education. The rate is **even higher for students from lower-income families**. From an apprenticeship program to a two-or-four-year college degree, education beyond high school prepares students for jobs that move them beyond minimum wage. Even a one-year credential program at a community or technical college can increase future earnings.

Districts across Washington have an exciting opportunity to provide students with new support by sharing critical information for planning life after high school. Financial aid advising day, created with the passage of **ESSB 6141** in the 2020 Legislative Session, is an opportunity to focus on educational equity related to students pursuing postsecondary education.

### What is a financial aid advising day?

Learn about the details and requirements of financial aid advising day, as well as the resources the 12th Year Campaign has to support schools.

[What is a financial aid advising day?](#)[The 12th Year Campaign is here to help](#)[What should the notification include?](#)[Opting out](#)

#### What is a financial aid advising day?

A financial aid advising day is an opportunity to provide every senior and their family with key resources and knowledge for completing the financial aid application process. Per ESSB 6141, districts with a high school must provide both a **financial aid advising day** and **notification of financial aid opportunities** at the beginning of each school year to parents and guardians of any student entering the twelfth grade.

More money. More students. More kinds of education after high school.

Family Size	Full Award	Partial Award
 Eligible Student Family of 1	Income \$33,500 or less	Income Up to \$55,500
 Eligible Student Family of 4	\$64,500 or less	Up to \$107,000

With the Washington College Grant (WCG), more families are eligible for financial aid than ever before.

## Enter family information

The following information is used to determine your WCG award.

Please note: if you are considered a dependent student, you should use your and your parents information; if you are considered an independent student, you should use your and your spouse's (if married) information.

1. How many people are in your family, including yourself?

2. How many members of your family, including you, will be attending college in the academic year for which you are applying (Note: only include those family members you used in question 1 above)?

3. How much combined annual income does your family make, to the nearest \$500?

To learn how your award is calculated, see: <https://wsac.wa.gov/wcg-awards>.

There may be more aid available to students from other state and federal programs, private scholarships, or directly from the college they attend.

The only way to know for sure how much financial aid a student can receive is to complete a FAFSA or WASFA financial aid application
