
Out-of-School Time

Update
September 23, 2024

Goals for September

- System building with OST Steering Committee
 - Collaborating with district and school leaders regarding space
 - Collaborating with SFLC to roll out OST clubs
 - Filling afterschool staff vacancies to remove students from waitlist
 - Reviewing and scheduling providers for afterschool programming
 - Expanding access to a diverse selection of activities
 - Coordination of programming at site level
-

OST Steering Committee

This is a cross-sector Steering Committee with representation from SFLC, the City of Somerville's SomerPromise Department and SPS Out of School Time. We meet weekly.

Goal

- To bridge opportunity gaps for students and families by expanding equitable access to high-quality Out of School Time programming throughout Somerville.

Initial Efforts include

- OST Survey
 - Reinstating City-Wide OST taskforce
 - Space-Mapping
-

*Healey	67	8
Kennedy	123	26
West Somerville	122	4
Winter Hill	75	1
TOTAL	872	70

* In the process of enrolling waitlisted students

24-25 Initial Registration Review

Levels of Placement

1. Returning afterschool student, income below \$75,000, single parent household working, MLE, homeless, voucher, continuity of care
2. New afterschool student, income between \$76-150,000, two parent household both working or single parent household working
3. New afterschool student, income above \$200,000 and two parent both working or two parent household with only one working

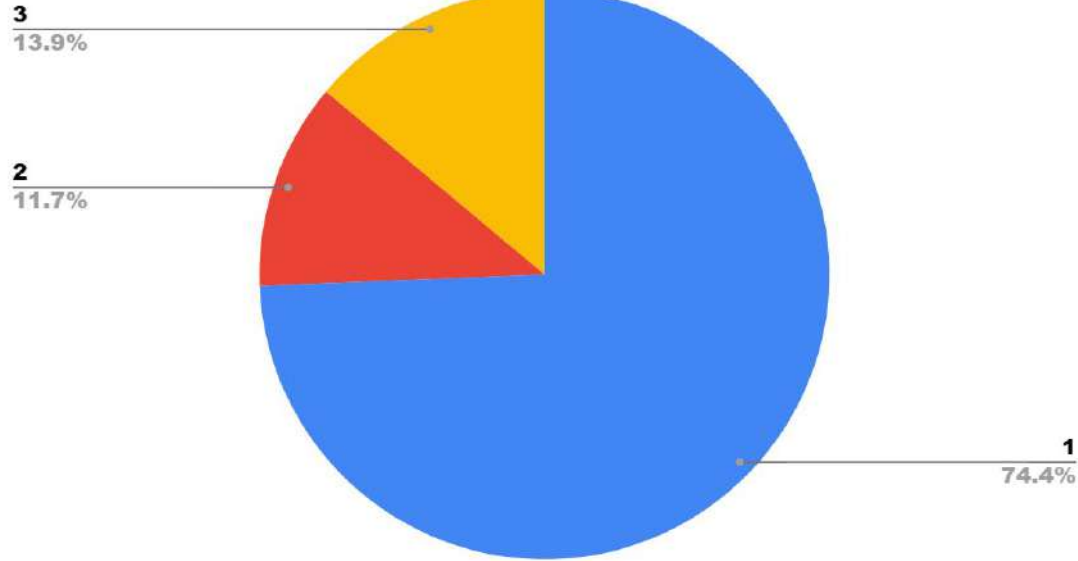

Thoughts for Next Year

- Regardless of level of placement, all interested families should be able to receive some level of programming.
 - How do we distinguish between those who need a childcare program versus those who are looking for enrichment.
 - How do we maintain an accurate count of the waitlist and who is registered at another program.
-
