Track and Field Projects Wrap Up Scheduled Bond Projects

When workers painted the lines on the newly resurfaced track in July 2021, the final project of the 2017 bond was completed.

The replacement of the stadium turf and resurfacing the track were the last scheduled projects of the \$29.37 million bond.

The old turf was removed in fall 2020, and the new turf was installed in time for commencement on June 12. The following week, the track work began. Crews replaced the 100-yard dash section, then sprayed a new coating on the entire track. Rain caused a few minor delays, but in late July the finishing touches were installed and the track re-opened.

During the last four years, bond projects have touched every building in the district. At the elementary schools and Dooley Center, projects included air conditioning

in the gyms, new playground equipment and classroom upgrades. Richards Middle School also received air conditioning in the gym, new clocks throughout the school and a new roof over the 80s wing. The pool, locker rooms and auditorium at Fraser High School were fully renovated.

Throughout the district, gutters were redirected to prevent water buildup on sidewalks, parking lots and sidewalks were replaced, the technology infrastructure was upgraded, and every classroom received a Promethean panel. The district also purchased flexible furniture for many classrooms.

SUPERINTENDENT'S MESSAGE

Dear Fraser Families,

We are so excited to welcome our students and staff back this fall and begin the recovery process from a school year like no other.

Our intention is to return to a normal school environment and routine for the 2021-2022 school year. We have and will continue to work closely with the Macomb County Health Department. This is a fluid situation, and we are prepared to make adjustments, if needed. We are all hopeful this school year will more closely resemble what we are all used to.

The COVID-19 pandemic challenged nearly every aspect of what we were used to in learning, but despite all the challenges, the strength of our staff and students shined through.

We learned even more how important a strong connection between our staff and students, and among students in a class, is for student success. We will continue to build relationships among our students, staff and the community as we move forward.

Strong academics and technology are only part of what it takes for our students to succeed. We know it also takes strong mental health support, and we will continue to focus on social-emotional learning this year.

No matter if you live a block away or a town away, every student and every employee is part of our Fraser Family.

I am so proud and thankful to be your Superintendent. You don't have to look too hard to realize Fraser is truly a remarkable school district. I am looking forward to September 7 and seeing the smiling faces of our students.

With Fraser Pride,
Ms. Wozniak

My Child's Bus Stop

FIND YOUR CHILD'S BUS STOP ONLINE

Bus stop information will be available online for the 2021–2022 school year starting August 30. You can access your child's bus stop information by visiting www.fraser.k12.mi.us. Click on the "Bus Stops" link and enter your address to retrieve your child's bus stop information. **It is very important to check your child's bus stop, as routes have been modified for the 2021–2022 school year.**

Students will be assigned a route number in lieu of a bus number. The route number is located on the left side of the entry door. **To ensure transportation, all students must be at their bus stop 10 minutes prior to the scheduled arrival time.** Please review with your child the bus rules found on the Transportation Department's website.

Teacher Cadet Program Provides On-The-Job Experience for FHS Students

Fraser High School junior Alexis Serio isn't sure if she wants to pursue a teaching career, but the hands-on experience she's gaining in the Teacher Cadet program is helping her figure it out. Along with 11 other juniors and seniors, and even one Class of 2021 graduate, Serio is working directly with students and teachers in the elementary summer scholars program.

"I'm having a lot of fun," Serio said. "I'm learning how to take care of little kids, and even if I don't become a teacher, that will help me."

It's a paid position, and the cadets have check-ins and an evaluation from summer school director Ms. Dayna Taylor. The feedback she has received from the teachers has proven the program has value.

"They love the extra help and the extra set of hands," Ms. Taylor said. "The teachers like to see that students are interested in going into teaching as a profession."

The Career Technical Education Department at FHS has a goal to provide students career experiences before they graduate. This is the first year Fraser has offered the Teacher Cadet program, which compliments the Future Teacher courses at FHS.

"The cadets have done small group work for both reading and math, engaged with the students using new strategies they've learned in their training, played with them outside, and brought in surprises for students on occasions," said summer scholars teacher Mrs. Stephanie McGuffey. "The influence and interactions the cadets have had with our elementary students has been amazing! My hope is that through these four-week programs, they are seeing the return and this experience is supporting preparations for their future."

"I knew I wanted to be a teacher from first grade," Ms. Taylor said. "But if something like this would have been available to me, I would have loved it."

- Driver's License, Proof of Insurance and Registration

NON-HOMESTEAD MILLAGE REPLACEMENT AND RESTORATION

Fraser Public Schools is asking voters to approve a replacement and restoration of the current non-homestead operating millage. This proposal will NOT impact the taxes on owner-occupied homes in our district. Only second or rental homes, commercial properties and industrial properties are affected.

- Is an existing levy on commercial, business and rental properties in our school district
- Has no impact on homeowners' property taxes
- Provides 9.5% of the operating funds for Fraser Public Schools each year
- Is required to receive the full foundation allowance established by the state
- Is funding that goes directly to the district to help pay operational costs to educate students

The non-homestead millage makes up approximately \$5.7 million of the Fraser Public Schools' \$59.9 million annual budget.

Renewal of the non-homestead millage is essential to maintaining current programs offered by the district. If this funding is lost, the district cannot replace it with any other funding source. While primary households are not affected by this millage, state law requires a district-wide election to approve the millage.

- Fraser voters last approved the non-homestead operating millage in 2014
- The restoration is for a period of 20 years
- This is a tax assessed against businesses and second homes, NOT homeowners
- All residents in the Fraser Public Schools district vote on the renewal
- This money is used for district operations
- This money cannot be replaced by other funding sources

ELECTION DAY:
NOVEMBER 2, 2021

Welcome New Administrators

DR. SARA DELGADO

Director of Elementary Instruction

Dr. Delgado joins us from Grosse Pointe Public Schools, where she was an elementary teacher for seven years and an elementary principal for six years. This past school year, she served as the virtual school principal in GPPS. Before moving to Michigan, she was an elementary teacher in the School District of Philadelphia for five years.

She has a bachelor's degree in Elementary Education and Spanish from Indiana University of Pennsylvania; master's degree in Educational Administration from Temple University; and Educational Specialist and PhD in Educational Leadership from Oakland University.

"I have always admired Fraser Public Schools' ability to maintain a forward-thinking vision with aligned best practices," she said. "I am thrilled to join this team and be part of such a collaborative group of educators."

Dr. Delgado is originally from the Pittsburgh area, but has lived in Michigan for 14 years. She currently resides in Grosse Pointe Woods with her husband and three children.

DR. DAN HARTLEY

Director of Secondary Instruction

Dr. Hartley joins us from Grosse Pointe Public Schools, where he was a middle school principal for the last seven years. Before that, he served as an elementary and middle school principal in Dearborn Public Schools for six years. He started his career as a high school social studies teacher, teaching for five years in Goodrich Area Schools in Genesee County.

He earned a bachelor's degree in Education from the University of Michigan; a Master of Public Administration in educational leadership from the University of Michigan – Flint; and Education Specialist in Leadership and Doctorate of Education in Organizational Leadership from Oakland University.

"Fraser has a reputation of being innovative and meeting the needs of all students, and I am excited to become part of the team," he said.

Dr. Hartley lives in Grosse Pointe with his wife Sarah, a 4th grade teacher, and his two sons Jacob, 4, and Henry, 2.

MR. KERRY TERMAN

Assistant Superintendent of Human Resources

Mr. Terman has served as Director of Human Resources in Fraser Public Schools since 2010. He also served as a trustee on our Board of Education from 2007-2009.

He has a Bachelor of Business Administration from the University of Detroit and a master's degree in Human Resources Administration from Central Michigan University.

"I'm looking forward to the responsibilities that come with this new role and continuing the great work of those who came before me in this position, by always doing what is right for our students," he said.

Mr. Terman is a proud Fraser graduate, having attended Mark Twain Elementary, Kennedy Junior High, Richards Middle School and Fraser High School. His wife, son and daughter are also FHS graduates.

MR. ADAM FICHTER

Principal of Salk Elementary

Mr. Fichter has spent the last five years serving as an assistant principal at two different middle schools. Most recently he served as the interim principal at Del Valle Middle School. The Wayne County native also worked as Dean of Students for two charter academies in Highland Park for seven years before relocating to Texas.

Throughout his career, he has implemented PBIS and other student engagement programs, and has a focus on improving student achievement.

Mr. Fichter has a bachelor's degree in Elementary Education from Wayne State University and a master's degree in School Administration from the University of Detroit.

"I'm so excited to be a part of Fraser Public Schools and Salk Elementary," he said. "I've heard nothing but great things, and I want to continue to that standard of excellence."

He, along with his wife and daughter are looking forward to settling in Macomb County.

TEACHERS OF THE YEAR

The three Fraser Outstanding Teachers of the Year were recognized at a virtual celebration hosted by the Macomb Intermediate School District. Tracey Bell, Monica Orlando and Karen Davis each received a gift and certificate and gave a brief speech for the prerecorded event that also recognized the outstanding teachers from all of Macomb County's public school districts.

The ceremony is available at www.youtube.com/watch?v=ioVcl-Ufnsw, and recognition for Mrs. Bell, Mrs. Orlando and Mrs. Davis begins at 3:30.

FRASER EDUCATIONAL FOUNDATION BENEFITS TEACHERS, STUDENTS

"I want all Fraser students to be able to find books on the shelves with which they can personally identify," Ms. Lori Wetzel said in her grant application to the Fraser Educational Foundation (FEF). "I want them to find characters that look like them and share common experiences."

Ms. Wetzel, the K-8 Media Specialist in the district, received \$1,000 from the FEF to purchase books for the media centers at Richards Middle School and all elementary schools. The books included characters from commonly underrepresented populations.

The FEF is a non-profit, tax-exempt organization and relies entirely on fundraisers and donations to fund its mission of providing grants to Fraser employees that enhance teacher creativity, student enrichment and community involvement. The projects that are selected will usually benefit a whole class or school, and the impact will be felt for several years.

Each year, all employees in Fraser Public Schools are eligible to apply for a competitive grant from the FEF.

Along with Ms. Wetzel's grant, the FEF awarded two others. Ms. Sara Belvedere received \$450 to purchase flexible seating for her classroom at Fraser High School and Ms. Kelly Zombo received \$1,500 to launch a thinkerspace at Eisenhower Elementary School.

The foundation is made up of current and retired employees, as well as former board of education members and community members.

Any member of the community can make a tax-deductible donation through the foundation's webpage, fraser.k12.mi.us/FEF.

You can also keep up with the FEF and find out about upcoming events and projects through their Facebook page, facebook.com/FraserEducationalFoundation.

FREE HOT DOGS, DRINKS, KONA ICE, INFLATABLES, MUSIC AND FRASER SPIRIT!

ALL FAMILIES ENCOURAGED TO COMPLETE FREE, REDUCED MEALS APPLICATION

During the 2021-2022 school year, all students will again be eligible for free breakfast and lunch during the school day. However, families are still encouraged to complete the free and reduced price meals application before October 15.

The district receives funding that supports a variety of programs based on the number of families who qualify for free or reduced-price meals. Additionally, families who complete the application may be eligible for programs and services from other organizations.

The application takes only a few minutes to complete, and can be found at www.lunchapp.com.

We encourage everyone to participate in free meals this school year. Many families have expressed concern about it taking away from children that are truly in need, but there is enough funding to cover all meals, and we will have enough food available. Families are still welcome to send in a lunch from home if they would prefer.

FPS Facility Use

Fraser Public Schools has an online system for requesting the use of school facilities. The system, CommunityUse, provides a universal application to all community organizations and individuals. It can be found on the district's website www.fraser.k12.mi.us under Business Office. For further information on how to rent FPS facilities, contact the Business Office at 586.439.7034.

Café 202 Teaches Elementary Students Job, Life Skills

One part of the curriculum Ms. Alyssa McNamara teaches to her students is life skills, including working with others, following directions and handling money. "I wanted to come up with a way to put our life skills to good use and build a community within our school during such a crazy year," she said.

In the spring of 2021, her class in room 202 at Edison Elementary launched Café 202, a twice-a-week mobile coffee and smoothie cart for the staff. Every Friday, students would apply for the different jobs available: barista, delivery coordinator, delivery, cashier and cleanup crew. Monday morning jobs were announced, followed by training before the café was open on Tuesday and Thursday.

The Edison staff would place an order for coffee or the weekly special, and students would prepare and deliver it.

"Café 202 was showered with so much love and support from the staff at Edison, I was nearly brought to tears some days. Seeing my students on the job and interacting with adults throughout the building was absolutely priceless," she said.

The earnings will be used to buy sensory items, seating and equipment. Before the school year ended, they had earned enough to make a purchase. The class voted on what to buy, and a

mini trampoline won by a landslide. Even though they only had it for a few weeks, students used it during brain breaks and to get the wiggles out.

Ms. McNamara hopes during this school year they earn enough to help build a sensory room that all Edison students can use.

"I think my favorite part was seeing my students recognize how capable they are," she said. "I saw so much growth in their confidence and willingness to talk to adults."

2021 RETIREES

Congratulations to the following staff members who retired during the 2020-21 school year. The 23 retirees were recognized at a Board of Education meeting in June. Combined, they served Fraser Public Schools for more than 500 years! Thank you for your service and dedication, and we wish you well in your retirement.

Section II: The person who believes he/she has a valid basis for grievance shall discuss the grievance informally and on a verbal basis with the local Civil Rights Coordinator, who shall, in turn, investigate the complaint and reply with an answer to the complainant. He/she may initiate formal procedures according to the following steps.

Step 1: A written statement of the grievance signed by the complainant shall be submitted to the Local Civil Rights Coordinator within five (5) business days of receipt of answers to the informal complaint. The Local Civil Rights Coordinator shall further investigate the grievance and reply in writing to the complainant within five (5) days.

Step 2: If the complainant wishes to appeal the written decision of the Local Civil Rights Coordinator, he/she may submit a signed statement of appeal to the Superintendent of Schools within five (5) business days after receipt of the Coordinator's response. The Superintendent shall meet with all parties involved, formulate a conclusion, and respond in writing to the complainant within ten (10) business days after receipt of the coordinator's response.

Step 3: If the complainant remains unsatisfied, he/she may appeal through a signed, written statement to the Board of Education within five (5) business days of his receipt of the Superintendent's response in Step 2. In an attempt to resolve the grievance, the Board of Education shall meet with the concerned parties

and their representative within forty (40) days of the receipt of such an appeal. A copy of the Board's disposition of the appeal shall be sent to each concerned party within ten (10) days of this meeting.

Step 4: If at this point the grievance has not been satisfactorily settled, further appeal may be made to the Office for Civil Rights, Department of Education, 600 Superior Avenue East, Suite 750, Cleveland, OH 44114.

Inquiries concerning the non-discrimination policy may be directed to Office for Civil Rights, Department of Education, 600 Superior Avenue East, Suite 750, Cleveland, OH 44114.

The local Civil Rights Coordinator, on request, will provide a copy of the District's grievance procedure and investigate all complaints in accordance with this procedure.

A copy of each of the Acts and the regulations on which this notice is based may be found in the Local Civil Rights Coordinator's office.

AHERA (ASBESTOS HAZARD EMERGENCY RESPONSE ACT)

The Environmental Protection Agency has determined that airborne asbestos fibers can be a health hazard. The Asbestos Hazard Emergency Response Act (AHERA) was passed in 1986. District buildings are monitored every six months and inspected every three years to comply with AHERA regulations. The last inspection was completed in 2016. Updated Management Plans are located in the office of each building and in the Operations & Maintenance Building. Each Plan shows asbestos-related work that has occurred in each building.

REPRODUCTIVE HEALTH AND SEX EDUCATION INSTRUCTION – STATE AID ACT, 1766A

The Board of Education has established a program of health instruction which includes reproductive health and other sex education instruction, as well as serious communicable disease prevention education.

According to applicable law, parents/guardians have the right to review materials or observe classroom instruction; please contact your student's school principal.

This statute also allows you to excuse your child from participation in classes which include such instruction, if you choose. If you wish to exercise your right to excuse your student from this instruction, please send written notice to your student's school principal.

BADGE SYSTEM FOR VISITORS, VOLUNTEERS AND GUEST TEACHERS

For security purposes, the District is continuing its practice of requiring all visitors, volunteers and guest teachers to wear an identification badge while in any school building. All persons entering a school building are requested to immediately report to the main office to obtain an identification badge.

FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT (FERPA)

The Family Educational Rights and Privacy Act (FERPA), a Federal law, requires that Fraser Public Schools, with certain exceptions, obtain your written consent prior to the disclosure of personally identifiable information from your child's education records. However, Fraser Public Schools may disclose appropriately designated "directory information" without written consent, unless you have advised the District to the contrary in accordance with District procedures. The primary purpose of directory information is to allow the Fraser Public Schools to include this type of information from your child's education records in certain school publications. Examples include:

- A playbill, showing your student's role in a drama production;
- The annual yearbook;
- Honor roll or other recognition lists;
- Graduation programs; and
- Sports activity sheets, such as for wrestling, showing weight and height of team members.

Directory information, which is information that is generally not considered harmful or an invasion of privacy if released, can also be disclosed to outside organizations without a parent's prior written consent. Outside organizations include, but are not limited to, companies that manufacture class rings or publish yearbooks. In addition, two federal laws require local educational agencies (LEAs) receiving assistance under the Elementary and Secondary Education Act of 1965 (ESEA) to provide military recruiters, upon request, with the following information: names, addresses and telephone listings unless parents have advised the LEA that they do not want their student's information disclosed without their prior written consent.

If you do not want Fraser Public Schools to disclose directory information from your child's education records without your prior written consent, you must notify the District in writing by the end of the second week of the school year. Fraser Public Schools has designated the following information as directory information:

- Electronic mail address
- Photograph
- Participation in officially recognized activities and sports
- Degrees, honors and awards received
- Major field of study
- The most recent educational agency
- Dates of attendance and institution attended
- Grade level
- Student ID number, user ID or other unique personal identifier used to communicate in electronic systems that cannot be used to access education records without a PIN, password, etc. (A student's SSN, in whole or in part, cannot be used for this purpose.)

Written complaints can be filed with
Mr. Kerry Terman, Fraser Public Schools,
33466 Garfield Road, Fraser, Michigan 48026.

DRUG-FREE SCHOOLS

Drug-Free Schools and Communities Act of 1996 (amends Michigan Public Health code) Public 174 of 1994

The "drug-free zone" surrounding school property is 1,000 feet. Any individual who delivers cocaine, narcotics or certain other illicit substances to a minor student within the 1,000-foot drug-free zone around the school property shall be punished by at least two years in prison and up to three times the term of imprisonment and fine — or both — that would otherwise apply. "School Property" is defined as a "building, playing field or property used for school purposes to impart instruction to children in kindergarten through grade 12, when provided by a public, private, denominational or parochial school, except those buildings used primarily for adult education or college extension courses."

PEST MANAGEMENT PLAN

Dear Parent/Guardian: As a part of the Fraser Public Schools Pest Management Program, pesticides are occasionally applied. You have the right to be informed prior to any pesticide application made to the school grounds and buildings. In certain emergencies, pesticides may be applied without prior notice, but you will be provided notice following any such application. If you need prior notification, you may notify the school district in the following ways:

- Visit the Fraser Public School website and click on the environmental link.
- Send an email to: elizabetha.sancen@fraserk12.org
- Complete the form below and submit to the school that your child attends.
- Call the Office of Operations & Maintenance: 586.439.7114.

Pesticide Prior Notification Request

PARENT/GUARDIAN NAME	STUDENT'S (CHILD'S) NAME	SCHOOL YOUR CHILD ATTENDS
