FY '24 Preliminary Budget Presentation

The goal of the FY '24 budget is to maintain our foundational programs while continuing to invest in a reimagined future.

**physically,
socially,
emotionally well**

**literate across all
disciplines**

**creative,
innovative,
collaborative
problem solvers**

NPS Portrait of a Graduate

civically engaged

**prepared for life
after graduation**

Our strategic theme is to *reimagine*, reminding us that continuous learning and a cycle of improvement are the hallmarks of effective educational decision-making.

Reimagine...

1. Teaching and Learning
2. Supports so all Students are Ready and Able to Learn
3. A Culture of Self Discovery and Personal Achievement
4. Organizational Design and Operations
5. An Active Community of Stakeholders

FY24 Preliminary Budget Overview

The State Budget Process Impacts Local School Budgets

- Consensus Revenue Estimate - December • GOVERNOR'S BUDGET – END OF JANUARY
 - Incoming governors have until the end of February
- House Ways and Means – EARLY APRIL
- House Final – APRIL
- Senate Ways and Means – APRIL OR MAY • SENATE FINAL – MAY OR JUNE
- Conference Committee – JUNE
- Governor's Approval – JUNE OR JULY
- Legislative Vetos - JULY

These State Level Decisions Impact Local Budgets: Circuit Breaker, Entitlement Grants, Chapter 70

Level Service Budget Drivers

What ***drives*** the budget increase year-to-year is fairly consistent, and typically includes:

- **Enrollment Trends** or population changes
- **Salary** increases due to contractual obligations, including Steps and Cost-of-living increases.
- **Operations and Maintenance:** Service contracts, Building and Grounds Maintenance, Supply and Equipment needs, and Utility costs.
- **Special Education** (especially Out-of-District Tuition).
- **Fees:** Fluctuations in the use of outside revenue sources, such as User Fees and Grants.

With a 40.1 million dollar budget, here is how we allocate our resources...

NPS enrollment is staying steady

Funding Sources

- **City Allocation**
- **School Choice** (annual fees paid by towns who have students attending NPS)
- **Circuit Breaker** (MA state reimbursement for high-need special education student costs)
- **Entitlement Grants** (non competitive grants that all districts are entitled to based on student demographics)
- **Revolving Accounts** (fees: athletic, transportation, preschool)
- **ESSER III**

Special Education

Special Education Tuition

- Recently, the Operational Services Division (OSD) of the State's Executive Office of Administration and Finance determined that Massachusetts approved special education private school tuition rates should increase by 14% in FY24.
- In the last 13 years the OSD rate increase averaged under 2% annually, so a rate increase of 14% for the next school year will significantly and negatively impact all FY24 budgets in Massachusetts public school districts which send students to out of district placements in approved special education schools both in and out of state. The rate would go into effect July 1, 2023.

Circuit Breaker Funding

- Rose from \$373M in FY22 (full funding) to \$441M in FY23
 - FY23 funding expected to be at full funding (75% reimburse)
 - Operational Services Division (OSD) out-of-district rates proposed to rise 14% in FY24
- Massachusetts is exploring ways to push for more special education funding to respond to the rate increase

Re: **Estimated Rate of Inflation for Fiscal Year 2024**

The Operational Services Division is required by M.G.L. Chapter 7, Section 22N, to submit an "estimated rate of inflation for social service programs" to the Secretary of the Executive Office for Administration and Finance by October 1st of each year for consideration in preparation of the Governor's annual budget recommendation.

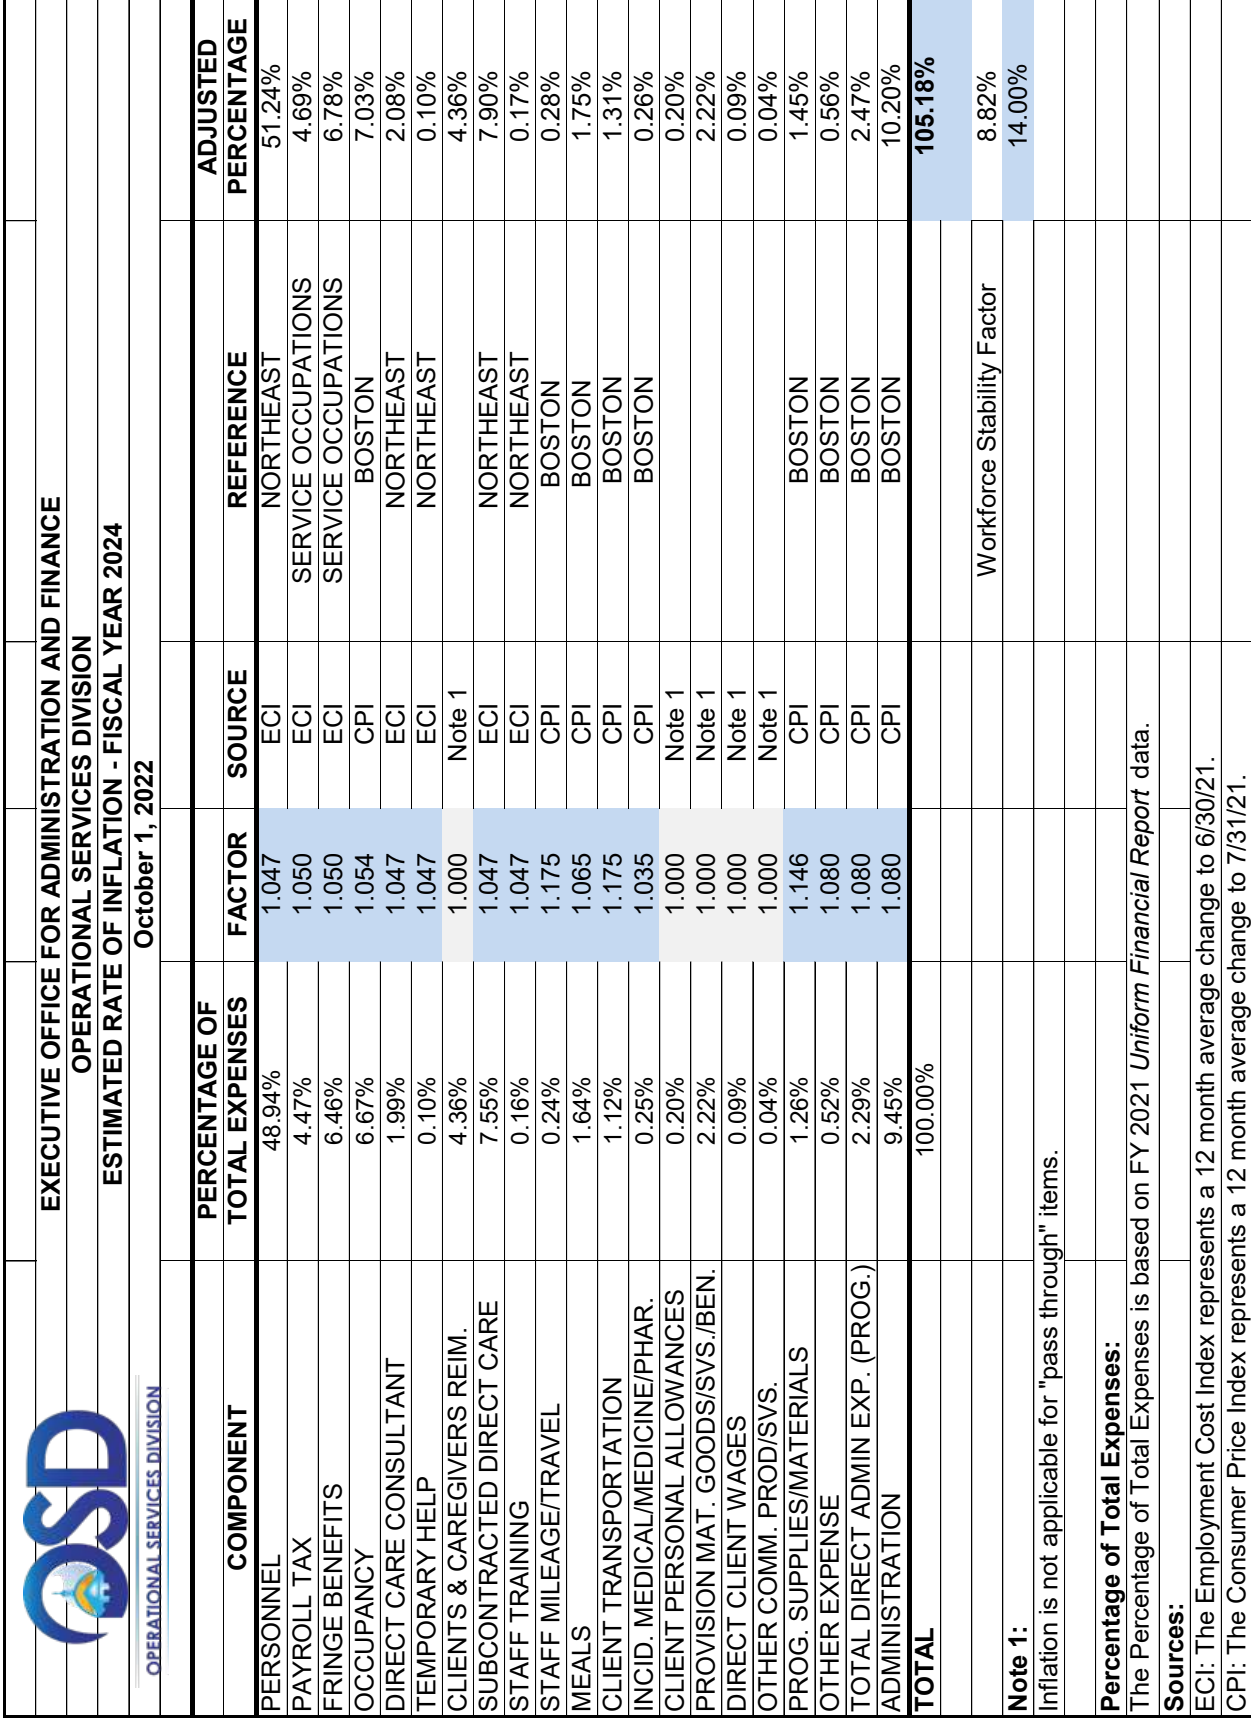

The Operational Services Division is also required by the above statute to notify Commonwealth Superintendents of this estimated rate of inflation for their use in planning for increases to Approved Private Special Education programs.

Attached is the Operational Services Division's analysis which results in an estimated rate of inflation of 14% for Fiscal Year 2024.

Should you or your staff require further information regarding the estimated rate of inflation, please contact Jacqueline Brown at (617) 720-3371.

District Goals

NPS uses a future focused planning model that identifies a 2-year tactical cycle (see graphic). We have aligned this cycle with the DESE guidelines for goal setting.

DESE recommends four areas for the district level two-year goals. Below are the identified NPS goals for the DESE areas.

1. Professional Learning Goals

We will increase our instructional leadership expertise and capacity within the district to support teachers in meeting the needs of all learners.

2. Student Learning Goals

We will increase support to improve student achievement for all students while closing existing achievement gaps for high needs student.

3. School Improvement Goals

We will increase the ability of grade-level and content-specific professional learning communities to use student, parent and teacher-friendly data cycles.

4. District Improvement Goals

We will have a system to ensure a comprehensive, rigorous, equitable, and relevant curriculum that is aligned to the Massachusetts curriculum frameworks.
