# What is the purpose of this trip?

Nock has a history of traveling to overnight camps with middle school students! (Mr. Webber and Mr. Peura's class actually spent some time at Camp Jewell back in the day.)

An overnight camp offers an opportunity for middle school students to immerse themselves in a multifaceted developmental experience. Through engaging in recreational activities like hiking, ropes courses, and nightlife like campfires and talent shows, campers will not only foster a deeper connection with nature, but also build resilience and problem-solving skills. Many of the activities will empower them to discover and foster their leadership potential. Ultimately, this holistic camp experience equips middle school students with invaluable life skills, enriching their personal growth journey while creating lasting memories while being immersed in nature.

**Teambuilding  
&  
Leadership**

# Teambuilding helps to foster leadership skills!

- **Communication Skills:** Engaging with peers and counselors in various activities helps students improve their ability to express ideas clearly, listen actively, and engage in meaningful conversations.
- **Teamwork and Collaboration:** Participating in group tasks and challenges fosters a sense of teamwork. Students learn to collaborate, share responsibilities, and appreciate the value of diverse perspectives.
- **Problem-Solving:** Faced with new and unexpected situations, students develop problem-solving skills by thinking creatively and making decisions quickly and effectively.
- **Responsibility and Accountability:** Being away from home, students take on responsibilities such as managing their belongings, following a schedule, and adhering to camp rules, teaching them to be accountable for their actions.
- **Empathy and Compassion:** Living in close quarters with others, students learn to understand and respect different viewpoints and backgrounds, developing empathy and compassion.

**Teambuilding  
&  
Leadership**

# Teambuilding helps to foster leadership skills!

- **Confidence and Self-Esteem:** Successfully navigating camp activities and overcoming personal challenges boosts self-confidence and helps students recognize their own strengths.
- **Adaptability and Resilience:** Experiencing new environments and coping with unfamiliar situations help students become more adaptable and resilient in the face of change and adversity.
- **Conflict Resolution:** Living and interacting closely with peers inevitably leads to conflicts. Learning to resolve these conflicts constructively is a crucial leadership skill.
- **Time Management:** Balancing various activities, personal time, and group responsibilities helps students develop effective time management skills.

## Personal Growth

# This happens when you're pushed out of your comfort zone!

- **Independent Living:** Being away from home and managing their daily routines independently helps students develop responsibility, self-reliance, and decision-making skills.
- **Nature Immersion:** Spending extended periods in nature, away from technology and familiar environments, encourages students to appreciate the natural world and develop a sense of environmental stewardship.
- **Outdoor Adventures:** Activities like hiking, kayaking, or zip-lining challenge students physically and mentally, encouraging them to confront fears and build resilience.
- **Team-Building Exercises:** Group challenges and problem-solving activities require collaboration and communication with peers, helping students develop interpersonal skills and learn to work effectively in a team.
- **New Social Interactions:** Meeting and living with new people from diverse backgrounds pushes students to step out of their usual social circles and develop new friendships, enhancing their social skills.

# This happens when you're pushed out of your comfort zone!

## Personal Growth

- **Conflict Resolution:** Living closely with others can lead to conflicts. Learning to navigate and resolve these conflicts constructively teaches important negotiation and conflict resolution skills.
- **Personal Reflection Time:** Structured time for personal reflection, journaling, or mindfulness activities helps students introspect, understand their feelings, and set personal goals.
- **Public Speaking and Presentations:** Campfire stories, talent shows, or group presentations provide a platform for students to practice public speaking, boosting their confidence and communication skills.

# Daytime Schedule...

- Daily meals are provided, but if you have special dietary needs, there is a fridge and microwave available.

## JJH - Student Overnight or Late Night Travel

Adoption Date: 06/19/2017

Related Policies: **IJOA**

### STUDENT OVERNIGHT OR LATE NIGHT TRAVEL

All student trips which include late night or overnight travel must have prior approval of the School Committee. Initial approval by the School Committee is required before engaging students in fundraising activities. The School Committee will also consider the educational value of the trip in relation to the cost prior to granting initial approval. Overnight trips should offer significant educational benefits to students that clearly justify the time and expense of the trip. Such trips should be appropriate for the grade level.

Final approval will not be granted until all preparations for the trip have been completed including, but not limited to, all logistical details involving transportation, accommodation arrangements and fundraising efforts. The School Committee requires that final approval be sought no less than 30 days prior to the scheduled trip dates.

Teachers and other school staff are prohibited from soliciting for privately run trips through the school system and in the schools. The School Committee will only review for approval school-sanctioned trips. The School Committee will not review or approve trips that are privately organized and run without school sanctioning.

## **FF - Naming New Facilities**

**Adoption Date:** 11/06/2017

**Revision History:** 06/03/2024

# Naming New Facilities

Naming a school facility is an important matter that deserves thoughtful attention. Personal prejudice or favoritism, political pressure, or temporary popularity should not be an influence in choosing a name for a school, a portion of a school, or a portion of school grounds. Whenever possible, the wishes of the community, including parents/guardians and students, should be considered in naming school facilities.

The School Committee has the authority to approve the naming and renaming of buildings, structures, and facilities located on School District property. The School Committee also has the authority to name subsections of existing structures or facilities, such as classrooms, auditoriums, and gymnasiums.

Names and/or wording associated with school facilities shall be consistent with school district policies and promote messages aligned with the mission, vision and goals of the school district. To the extent possible, names and/or wording should be designed not to restrict the use of a space or inhibit changing the function of the space should that become necessary in the future.

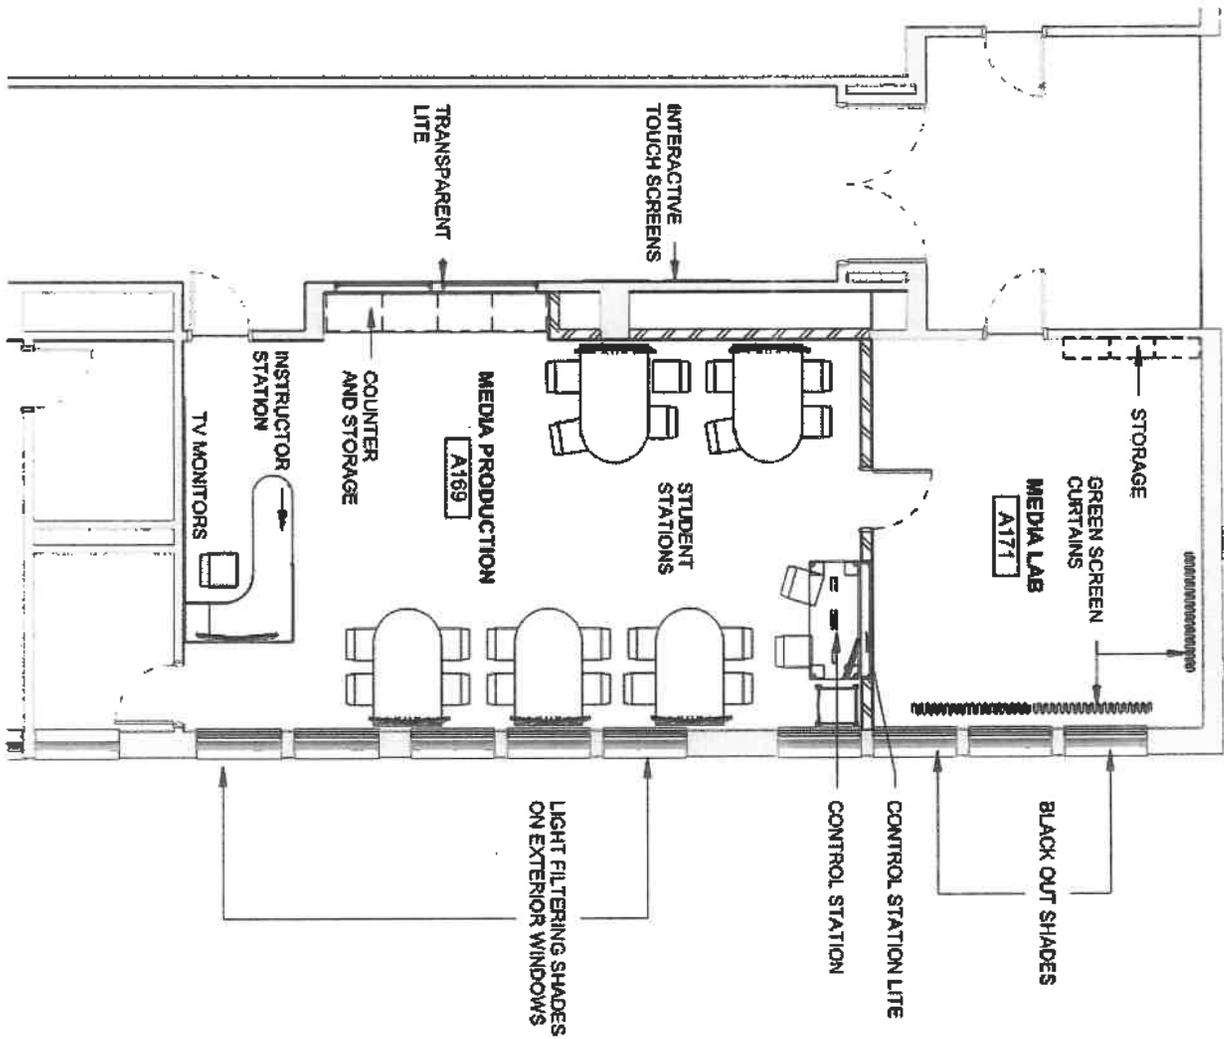

When the opportunity to name or dedicate a new school or school related property, structure or facility is forthcoming, an orderly procedure will be communicated at the next available School Committee meeting. The Committee's agendas should clearly reflect the intent to consider, review, and vote on naming opportunities.

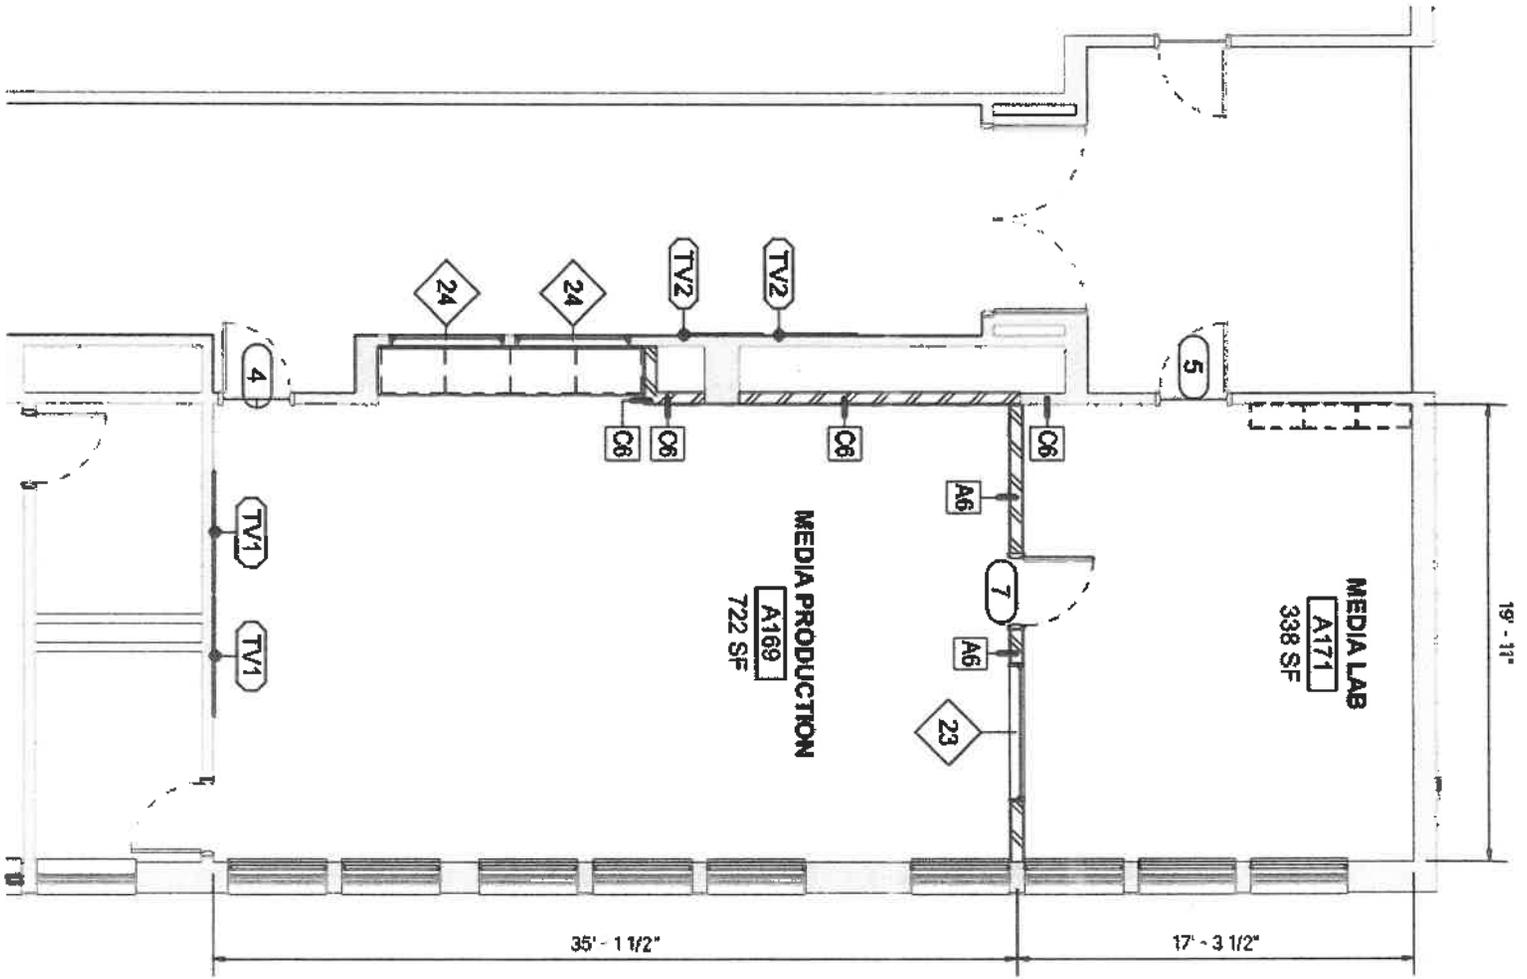

The School Committee may elect to authorize the designation of naming rights for specific portions of District facilities through advanced approval of a list of naming opportunities to be reviewed annually; provided such designation benefits the District and the Committee retains final approval over any name associated with School District structures or facilities.

An offer of a financial contribution to the School District may accompany a naming request, but the School Committee is not obligated to accept or reject a name based upon financial considerations alone.
