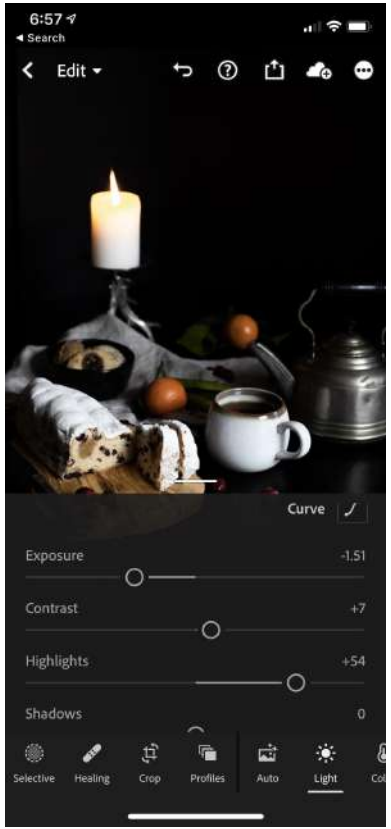
Add color!

Create a dark area in a box or a closet. Use a bigger piece of paper in the background bent to be seamless or maybe black cloth or tee shirt or something. Use clips to hold paper. Use a desk lamp or other light source.



Then edit to make the background darker (or lighter).
I recommend changing exposure, contrast, and then adjusting highlights or shadows.

DO THIS NOW WITH PADLET

IF YOU HAVE THE PADLET APP ON YOUR PHONE

Open it & Log in with your Google account

IF YOU DON'T HAVE THE PADLET APP BUT **CAN** DOWNLOAD IT ON YOUR PHONE

Download it

Open it & Log in with your Google account

IF YOU **CAN NOT** DOWNLOAD IT ON YOUR PHONE

Go to **padlet.com** and log in with your Google account
