

At Home RECYCLED JEWELRY Challenge

Goal: To create a piece of jewelry out of recycled materials you have at home.

- Must be wearable
- Should look professionally done.(high level of craftsmanship)
- Should have at least 2 or more connection points.(where the jewelry is attached together. EX: earrings are glued and then put on earring backs)
- Have at least 2 materials in the build(EX: paper and a staple, pencil and string)
- Shows at least 6 periods worth of class time has been put into it.

Requirements:

1. Watch at least 3 videos on how to create jewelry out of recycled materials. Here is an example of a video [Recycled Jewelry](#) . Due by Friday 17/4
2. Fill out the [attached worksheet](#) and answer questions about the episodes you watched. Due by Friday 17/4
3. Draw out a plan for a final piece of jewelry you will make on a piece of paper and take a picture of it. Post it to the Google classroom. Due by Friday 17/4
4. Create a final project of wearable jewelry.. Due by Friday 17/4
