**Student Login:** Students can log in through [app.paper.co](http://app.paper.co)

Once students have logged into Paper they have the option to either begin a live chat session with a Paper tutor or submit written work for review.

### → **Start a live chat & ask a question**

In the student dashboard, students can type a question into the chat box or select a subject to ask a more specific question. Either of these options will connect students with a tutor instantly.

### → **Submit written work for review**

Any written work such as essays, lab reports, or college applications can be reviewed by a Paper tutor who will return the written piece with feedback. Click on "Upload an essay" and follow the instructions to begin.

### → **What happens during a live chat with a tutor?**

Live chat tutoring sessions allow students to message 1-on-1 with a tutor. Students can share the question they need help with by typing the question out, uploading a screenshot or uploading files from their teachers. Tutors ask guiding questions to help students understand their homework, never giving away any answers.

## **About Paper's Tutors**

From elementary English to AP physics, Paper's tutors help every student in exactly the way they need. Tutors speak English, Spanish, Mandarin and French. Each exceptional specialist is a carefully selected, rigorously trained employee—not a contractor. Tutor managers are trained in SafeTalk and can identify at-risk students.
