#### Introduction

The philosophy of the Maddock School District is directed toward improved methods of instruction and developing excellent health practices in all our students. We shall strive to provide a solid foundation to the continuing education process. We want every student to learn to think critically, speak clearly and confidently, read and write effectively, and be qualified as a literate and contributing human being.

#### We believe:

- Every individual is unique.
- All students be required to accept responsibility for their education and their school. They shall
  contribute their own unique talents to the overall maintenance of their school's learning and
  social environment.
- All individuals associated with the Maddock School District commit themselves to the establishment of true community, where every individual is held in respect.
- All students be taught the true meaning of freedom and the democratic process, that they may
  develop a greater understanding and love our country.

We shall strive to create educational opportunities for all students with the understanding that every individual has dignity and is of equal value.

To provide for the efficient operation and administration of the Maddock School District, the Board of Education, the administration, the faculty, and the student body represented by the student council have established this policy manual to inform students, the community, and the public of the policies of the Maddock School District.

The Maddock Board of Education will provide for the school system these general policies in keeping with the rules and regulations of the State Board of Education, the requirement of state law, and the wishes of the community, students, and faculty.

This handbook shall serve as a guide for all grades PreK-12. Parents/guardians as well as students should familiarize themselves with this handbook.

#### Values

#### Maddock Public School values:

- **Community** We value the relationship between the school and our community as we share the same values and goals to educate our students for their future upon graduation.
- <u>Caring Environment</u> We value a safe and caring environment where students are encouraged to be leaders and positive role models. It's an environment with a culture of high expectations for students, staff, parents, and community members.
- <u>Growth</u> We value the academic and social growth of our students. Students succeed in school and life when they perform better academically, behave positively, and establish and maintain relationships with others effectively.

#### The Board of Education

The Board of Education is made up of five elected individuals who are freely chosen to represent the wishes of the entire school district. The Board meets regularly at a business meeting in public, usually on the second Thursday of each month, where they hear problems or business brought to their attention. They are responsible for making school policy.

#### The Administration

The superintendent and principal comprise the administration. They represent the Board of Education to the faculty, parents, and students. They also represent the faculty, parents, guardians, and students to the Board of Education. The superintendent administers the policies set forth by the Board of Education.

## Parents/Guardians and Teachers of the Maddock School

Parents/guardians of school-age children that attend the Maddock School District and faculty members of the Maddock School District are encouraged to provide meaningful and constructive input on matters regarding school policy and procedures.

#### Student Council

The Student Council will consist of up to twelve (12) elected members from grades 7-12. Members meet monthly or as necessary. Their role is to provide student perspectives and opinions on school issues, organize student activities, and promote school spirit.

## Nondiscrimination and Anti-harassment Policy – Policy AAC

The Maddock School District is committed to maintaining a learning and working environment free from discrimination and harassment in all employment and educational programs, activities, and facilities. The District prohibits discrimination and harassment based on a student's, parent's, guardian's, or employee's race, color, religion, sex, gender identity, national origin, ancestry, disability, age, or other status protected by law.

It is a violation of this policy for any district student, parent, guardian, employee, or third party to discriminate or harass against another district student or employee, based on any status protected by law, if the conduct occurred within the context of an education program or activity, or if the conduct had a continuing effect in the educational setting of a program or activity occurring on or off school district property. The District will not tolerate discrimination or harassment of a district student or employee by a third party. The District also prohibits aiding, abetting, inciting, compelling, or coercing discrimination or harassment; discriminating against or harassing any individual affiliated with another who is protected by this policy and/or law; knowingly making a false discrimination and/or harassment report; and retaliation against individuals who report and/or participate in a discrimination and/or harassment investigation, including instances when a complaint is not substantiated.

The District shall promptly investigate any discrimination, harassment, or retaliation complaint and act on findings as appropriate, which may include disciplinary measures such as termination of employment or expulsion in accordance with board policy, law, and, when applicable, the negotiated agreement. Students and employees are expected to fully cooperate in the investigation process. The District will

take steps to prevent recurrence of discrimination, harassment, or retaliation and remedy discriminatory effects on the complainant and others, if appropriate.

Discrimination means failure to treat an individual equally due to a protected status.

Harassment is a specific type of discrimination based on a protected status. It occurs for students when the conduct is sufficiently severe, persistent, or pervasive so as to limit the student's ability to participate in or benefit from the education program or to create a hostile or abusive education environment.

Sexual harassment is a form of harassment based on sex or gender identity. It is defined as unwelcome sexual advances, request for sexual favors, and/or other verbal, written, or physical conduct or communication of a sexual nature when (1) submission to such conduct or communication is made a term or condition, either explicitly or implicitly, of the basis for employment decisions or educational decisions or benefits for students or (2) it creates a hostile environment, meaning unwelcome sexual conduct or communication that is sufficiently serious to deny or limit a student's ability to participate in or befit from the school's program(s). Sexual harassment, as defined above, may include, but is not limited to:

- Sexual or "dirty" jokes
- Sexual advances
- Pressure for sexual favors
- Unwelcome touching, such as patting, pinching, or constant brushing against another's body
- Displaying or distributing of sexually explicit drawings, pictures, and written materials
- Graffiti of a sexual nature
- Sexual gestures
- Touching oneself sexually or talking about one's sexual activity in front others
- Spreading rumors about or rating other's sexual activity or performance
- Remarks about an individual's sexual orientation.
- Sexual violence, including rape, sexual battery, sexual abuse, and sexual coercion

#### Grievance Procedure

Any student or employee of the Maddock Public School District who believes he or she has been discriminated against, denied a benefit, or excluded from participation in a district education program or activity may file a written complaint with the Title IX Coordinator. The Maddock School Board designates the superintendent as the Title IX Coordinator. The compliance administrator shall review the written complaint, and a written response shall be mailed to the complainant within a reasonable time after receipt of the written complaint. If the complainant is not satisfied with such response, he or she may submit a written appeal to the Maddock School Board indicating with particularity the nature of disagreement with the response and his or her reasons underlying such disagreement. The Board shall consider the appeal at its next regularly scheduled Board meeting following receipt of the response. The Board shall permit the complainant to address the Board concerning his or her complaint and shall provide the complainant with its written decision in the matter as expeditiously as possible following the completion of the hearing. Any student or employee of the Maddock School District is entitled to submit any complaint of alleged discrimination on the basis of sex to the Regional Office for Civil Rights

of the United States Department of Human Services. Contact Title IX/Section 504 Coordinator Ben Allmaras at 909 1<sup>st</sup> St Maddock, ND 58348. Telephone (701)438-2531. Email Ben.Allmaras@k12.nd.us

## Family Educational Rights and Privacy Act (FERPA)

The Maddock Public School District extends official notification of their commitment to the Family Educational Rights and Privacy Act (FERPA), which affords parents and students over 18 years of age ("eligible students") certain rights with respect to the student's education records. These rights are outlined below:

- The right to inspect and review the student's education records within 45 days of the day the District receives a request for access. Parents or eligible students should submit to the school principal (or appropriate school official) a written request that identifies the record(s) they wish to inspect. The principal will make arrangements for access and notify the parent or eligible student of the time and place where the record may be inspected.
- The right to request the amendment of the student's education records that the parent or eligible student believes are inaccurate or misleading. Parents or eligible students may ask the school district to amend a record that they believe is inaccurate or misleading. They should write the school principal, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading. If the District decides not to amend the record as requested by the parent or eligible student, the District will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.
- The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent. One exception that permits disclosure without consent is disclosure to school officials with legitimate educational interests. A school official is a person employed by the District as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board; a person or company with whom the District has contracted to perform a special task (such as an attorney, auditor, medical consultant, insurance carrier, transportation service or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assistant another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility. The District may also disclose "directory" information including a student's name, address, telephone number, grade level, participation in officially recognized activities and sports, photographs and video, honors and awards, and height and weight in athletic programs. If the parent does not want directory information released, he/she must contact the school where the student attends within two weeks of the start of the new year.
- The right to file a complaint with the U.S. Department of Education concerning alleged failures by the District to comply with the requirements of FERPA. The name and address of the office that administers FERPA is Family Policy Compliance Office, U.S. Department of Education, 400 Maryland Avenue S.W., Washington, D.C. 20202-5920.

## PPRA Notice and Consent/Opt-Out for Specific Activities

The Protection of Pupil Rights Amendments (PPRA), 20 U.S.C. 1232h, requires the Maddock Public School District to notify parents and obtain consent or allow parents to opt their child out of participating in certain school activities. These activities include a student survey, analysis, or evaluation that concerns one or more of the following eight areas: ("protected information surveys")

- Political affiliations or beliefs of the student's parents
- Mental or psychological problem of the student or student's family
- Sex behavior or attitudes
- Illegal, anti-social, self-incriminating, or demeaning behavior
- Critical appraisals of others with whom respondents have close family relationships
- Legally recognized privileged relationships, such as with lawyers, doctors, or ministers
- Religious practices, affiliations, or beliefs of the student or parents
- Income, other than as required by law to determine program eligibility

This requirement also applies to the collection, disclosure, or use of student information for marketing purposes ("marketing surveys") and certain physical exams and screenings.

The Maddock Public School District will provide parents, within a reasonable period of time prior to the administration of the surveys and activities, notification of the surveys and activities; and parents will be provided an opportunity to opt their child out, as well as an opportunity to review the surveys. (Please note that this notice and consent/opt-out transfers from parents to any student who is 18 years old or an emancipated minor under state law.)

The Maddock Public School does want to give notice that for this and continuous school years there is an area where we do release limited information in grades K-12.

Activity: Student-Based Commercial Services

Summary: The Maddock Public School collects, or allows businesses to collect, use and disclose personal information on students, including names, addresses and telephone listings. This release is to provide student-based products and services, such as computer equipment, school pictures, school jewelry, and graduation materials, etc.

Standardized tests that students will participate in include STAR testing (to determine progress throughout the year), ND A+ interim assessments, and ND State Assessment.

#### Accidents

When a student is injured, it is his/her responsibility to report it to a teacher/coach/staff member. If a student complains or appears to be in pain as a result of an accident, a parent/guardian will be contacted. If the parent/guardian cannot be contacted, the school secretary or teacher will contact the emergency contact person provided at registration. If no one can be reached, the child will be directly transported to the local clinic if deemed necessary by school personnel. In those instances when the child has undergone severe injury, the ambulance will be called and a parent/guardian will be notified as soon as possible.

## Admission to Sporting Events

Admission will be charged to all school-sponsored football, basketball, and volleyball games. Adults may purchase season passes and students may purchase activity tickets. Both will be valid for all co-op activities. Proof of passes must be presented for admittance. Students and season pass holders are required to pay admission to tournaments.

Students in grades K-6 must have adult supervision when attending sporting events. Students in the gym areas need to be seated during the activities.

## Alcohol and Other Drug Use/Abuse – Policy FFA

The Maddock School District shall strive to provide a learning environment that is safe, drug free, and conducive to learning.

It shall be against school policy for any student to:

- Sell, deliver, or give, or attempt to sell, deliver, or give to any person any of the substances listed in this policy or sell, deliver, or give, or attempt to sell, deliver, or give to any person substances the student represents or believes to be a substance(s) listed in this policy.
- Possess, procure, purchase, or receive, or to attempt to possess, procure, purchase, or receive
  the substances listed in this policy or what is represented by or to the student to be any of the
  substances listed in this policy or what the student believes is any of the substances in the
  policy. A student will be determined to be "in possession" when the substance is on the
  student's person or in the student's locker, car, handbag, or when she/he owns it completely or
  partially.
- Be under the influence of (legal intoxication not required), use, consume, or attempt to use or consume the substances listed in this policy or what is represented by or to the student to be any of the substances listed in this policy or what the student believes is any of the substances in this policy
- Knowingly or intentionally aiding or abetting in any of the above activities.

This policy applies to any student who is on school property, who is in attendance at school, at a school-sponsored activity, or whose off-campus conduct is reasonably predicted to substantially disrupt the operations of the District, district safety, or welfare of students or employees.

#### Prohibited substances:

- Alcohol, powdered alcohol, or any alcoholic beverage
- Any controlled substance or dangerous drug as defined by NDCC Sections 19-03.1-05 through 19-03.1-13 and 19-03.1-26 or as defined by Section 812, Schedules I-V, of Title 21, United States Code, Section 801, et seq., including but not limited to marijuana, any narcotic drug, any hallucinogen, any stimulant or depressant, and all other illicit drugs
- Any glue, aerosol paint, or any other chemical substance used for inhalation
- Any prescription or non-prescription drug, medicine, vitamin or other chemical including, but
  not limited to aspirin, other pain relievers, stimulants, diet pills, multiple or other type vitamins,
  pep pills, "no-doze" pills, cough medicines and syrups, cold medicines, laxatives, stomach or
  digestive remedies, depressants, sports or muscle-building supplements, and sleeping pills not

administered and/or taken with appropriate consent and authorization from parents, school administration, and, if applicable, a health care provider.

## Animals – Policy ACBC

The Maddock Public School believes there are medical and physical dangers associated with allowing interaction with and/or use of animals in the educational program and in district schools. The Maddock Public School, however, also recognizes that animals may be an effective teaching aid and/or their presence may be required to reasonably accommodate students and staff with disabilities. Teachers seeking to request the use of animals as part of the educational program or seeking permission for students to participate in an activity involving animals shall submit a request to the building principal.

Prior to allowing an animal into the classroom, the risk of transmission of disease from animals to children and the risk of allergic reactions caused by animals must be considered. When an animal is allowed into the building, these general guidelines will be followed to decrease the risks:

- Parents of students who will be interacting with the animal will be informed
- Before entering the school, animals will be inoculated and licensed in accordance with local health ordinances
- Animals should be maintained in good health and show no evidence of disease
- An adult will monitor all contact between the animal and the children
- Children and adults will wash their hands after contact with animals
- Any employee bringing into the classroom a new animal will be responsible for monitoring allergic reactions and any accidents that may occur among students and staff.

#### Attendance

Students in North Dakota public school are governed by state attendance laws. These laws require all children between the ages of 7 and 16 to be in attendance every day school is in session. If a student enrolls in the Maddock Public School before the age of 7 and after the age of 16, he/she will be required to follow the same attendance policy.

Attendance in school should be a top priority of all students and families. Daily attendance is the responsibility of students and their parent(s)/guardian(s). The district attendance policy limits are:

- 20 absences in a one-credit class
- 10 absences in a half-credit class
- 20 absences for the year in grades K-8

Absences in excess of these limits may result in consequences up to and including a report filed with law enforcement or social services and retention at the junior high and elementary levels. Students will be required to make up all time missed in excess of 20 unexcused absences in order to earn credit. Administrators are granted the right to make exceptions to this minimum attendance policy in extraordinary cases. Administration may also recommend families seek a medical diagnosis for students with consistent absenteeism.

If a student is absent five (5) or more days in one quarter, ten (10) or more days in a semester, or twenty (20) or more days in a year without applicable documentation, a letter will be sent to the student's

parent(s)/guardian(s) as a reminder of our school's policy on attendance and the number of absences the student has accrued. After two letters have been sent for a student in a single school year, there will be a meeting scheduled with the student, parent/guardian, administrator, and teacher representative(s). The purpose of the meeting would be to develop a plan of action for the student.

Excessive school absences will result in school personnel contacting parents/guardians and/or social services/law enforcement.

#### Absences

School administration will require applicable documentation to verify an absence, including, but not limited to, medical documentation from an appropriate licensed healthcare provider or a written note or phone call from the parent/guardian stating the name of the student, a brief reason for the absence, the day(s)/date(s) missed. Notes must be signed by parent/guardian. Only official documents will be used for verifying excused absences.

School work missed by the student during an absence shall be made up regardless of the reason for the absence. In cases of illness or medical appointments, there will be as many days to make up the missed work as the number of days absent. Should it be deemed necessary for a student to be absent from school, arrangements should be made by the student to complete, in advance, as much of the school work as possible that would be missed.

Absences due to school-sponsored events will be announced as soon as possible. Students should make every effort to have all work made up beforehand or arrangements need to be made with each individual teacher.

#### **Leaving School**

If a student needs to leave school at any time during the day for any reason, he/she must bring a note from home or have a parent/guardian call, text, or email office staff before he/she can leave or be excused by the administration.

A student who becomes ill during the day is to report to the office, and a parent/guardian will be contacted before the sick student is allowed to leave the building.

Whenever a student comes to school late or leaves early, he/she must have a note from his/her parent/guardian or have a parent/guardian contact the school office and must sign in and out at the school office.

A parent/guardian picking a student up during the school day must report to the school office. The student will then be called to the school office to be excused from school.

Any student leaving school without permission will be sent to the principal and may face possible suspension from school.

#### Exclusion of Ill Individuals

Students must stay home if they meet any of the following exclusion criteria:

• The staff determines the child is unwilling or unable to participate in activities.

- The staff determines that they cannot care for the child without compromising their ability to care for the health and safety of the other children in the group.
- The child has a fever (100.4 or higher).
- The child has difficulty breathing, changes in behavior, lethargy, irritability, or persistent crying.
- The child experiences vomiting two or more times in the preceding 24 hours.

#### **BACKPACKS**

Backpacks are for transporting items to and from school. Backpacks are to be kept in the student's locker during school hours. Unless given specific permission for medical or educational reasons, backpacks are not to be brought into the classroom.

## Church Night

In order for students and adults to attend church functions, there will be no required school activities after 6:00 p.m. on Wednesday night. Activities/practices will end practice by 6:00 p.m. There will be no school activities on Sunday unless there is prior permission from the superintendent.

## College Visits

Seniors will be allowed two college visits, and juniors will be allowed one college visit. Upon return, proof of the visit from a college representative must be submitted to administration. After proof is provided, students will not be marked absent for the day. Documentation should be provided as soon as possible upon return to school.

## Computer Use

Computers, iPads, and other technology are available in the Maddock School District for grades preK-12. Students are expected to maintain their best behavior and follow the rules set by the supervisor when using technology. Before students can use the Internet, the student and parent must sign an acceptable use policy. This is valid when the parent/guardian signs for the handbook upon registration of the child. Students will not be given technology privileges until both the student and parent/guardian have signed. Students may bring their personal computers to school <u>for dual credit work only</u>.

## Conduct and Discipline - Policy FF

#### **Conduct Standards**

Students will be expected to conduct themselves in a manner fitting their age level and maturity, in a manner that will not impede on the orderly conduct of the school, and will be expected to respect the rights of others on district property, including, but not limited to, district owned/leased/chartered vehicles, at school-sponsored events, and off-campus when student conduct has or is reasonably predicted to have a substantially disruptive effect on district operations and/or the educational environment.

#### **Disciplinary Standards**

Consequences for misconduct will be fair and developmentally appropriate in light of the circumstances. The superintendent shall develop age-appropriate disciplinary standards in consultation with principals and other applicable district personnel. In addition, the superintendent shall develop administrative regulations to assist administrators/their designees with investigating potential conduct violations.

#### Corporal Punishment

The Board recognizes that reasonable physical force may occasionally be necessary to guard the safety and well-being of students or employees or to deliver a student to an administrator's office; however, the use of corporal punishment, defined as the willful infliction of physical pain on a student, is not allowed in the Maddock School District. Corporal punishment does not include action taken by an employee for self-defense or protection of persons or property, obtaining possession of a weapon or other dangerous object, to quell a verbal disturbance, for the preservation of order, or pain or discomfort caused by athletic competition or recreational activities voluntarily engaged in by a student. Complaints alleging that a district employee inflicted corporal punishment will be dealt with in accordance with school board policy on personnel complaints.

#### Disciplinary Authority

In order to establish and maintain order within our school, the Board of Education has delegated the authority of discipline to the principals of the Maddock School District. Teachers are expected to assume responsibility for the discipline of students in individual classrooms and to contribute to the monitoring of discipline throughout the building. Teachers and paraprofessionals shall observe and enforce all rules governing student conduct when carrying out these responsibilities. Other school personnel shall be granted disciplinary authority by the principal on a case-by-case basis based on the nature and scope of the employee's duties. Employees unauthorized to administer student discipline shall report student misconduct to the appropriate school authority.

#### Classroom Rules

Classroom rules will be developed and shared with students. These rules are available to parents/guardians upon request.

All school property must be returned by the end of the school year or the student will be held responsible for the cost of reparation or replacement.

#### Detention

The teacher must notify the parents/guardians with the reason for the detention. Detention is to be made up on the same day of the incident or the following school day. Detention takes precedence over all school activities. The student is ineligible for practice or games if he/she does not show up at the assigned time. If the student does not show up for the assigned time, parents/guardians will be contacted again and the student's detention time will be doubled. If the student does not show up for the second assigned time, the principal is informed and the student faces a possible suspension.

The student with the highest grade point average will be valedictorian and the second highest average will be salutatorian. In the event of co-valedictorians, there will be no salutatorian. Valedictorian and Salutatorian must be enrolled in MHS for three consecutive school years. Grade point averages will be determined after the completion of the third quarter of the current school year. Grade point average will be calculated by Power School. A detailed explanation of GPA calculation will be provided upon request.

Any students wishing to have a personal lock on their locker must provide either a key or a copy of the combination to the school.

Unauthorized locks may have to be removed in such a manner as destroys the lock. In this event, the school or its officials are not liable for the cost of that lock.

Students are cautioned not to bring large amounts of money and/or other valuables to keep in their lockers. Students are responsible for their personal property.

Students are responsible for the proper care of their locker, using only appropriate material, inside and out. All belongings should be placed in their locker or other approved storage area. ## Searches of Lockers, Students, and Students' Personal Property – Policy FGCA and FGCB

The Maddock School District retains ownership and control of all lockers. Access to all lockers is a legal right of school officials whose responsibility it is to protect the health, safety, and welfare of all students enrolled. Students shall have no reasonable expectation of privacy when using lockers. Lockers may be subject to searches or inspections for purposes such as routine maintenance, or searches where there is suspicion that locker(s) contains objects/substances that are illegal, violate school policy, or may be detrimental to the health, safety, or welfare of district students.

If it becomes necessary to inspect a student locker, the following guidelines will be used:

- The student will be present if possible
- A third party will be present to act as a witness

A search of a student's personal property or clothing shall only be undertaken when there is a reasonable and particularized suspicion that the student is concealing an object(s) or substance(s) in violation of school rules/policy, the law, or which may be detrimental to the health, safety, or welfare of enrolled students. The building principal or superintendent must authorize all searches.

For the purpose of this policy, personal property includes, but is not limited to a student's vehicle, backpack, book bag, and/or purse. Students may also be asked to empty their pockets; however, strip searches shall not be conducted. Searches of a person should be conducted in private by a school employee of the same sex as the student with a school employee present as a witness.

The food service program serves a daily breakfast and a noon meal. Breakfast is served from 8:00-8:20a.m.

Students in grades 9-12 that leave for lunch must have a note or a phone call from their parents/guardians before leaving. No notes for noon hour will exceed one semester in duration. Students must sign out when they leave and in again when they return. Students who are excessively tardy (4 or more per quarter or 10 for the year, cumulative across all classes) will lose the privilege to sign out for the following terms:

- 4 tardies one month
- 8 tardies two months
- 10 or more remainder of the school year

Arrangements for the purchase of meals will be made with the school office. Parents/guardians are encouraged to check their child's lunch balance online through Power School. A phone alert message will be used to notify parents/guardians when a student has a deficit balance.

All meals are to be paid in advance. A record is kept of the meals consumed per individual each day. At the end of the year, upon request, refunds for meals will be made; otherwise, the balance will carry over to the next school year. The Maddock School Board sets meal prices prior to the beginning of the school year.

A federal reimbursement program for free or reduced meals is a major feature of our food program. Applications are available to all families in the school office or on the district website. Parents are strongly urged to promptly return their applications with all the necessary paperwork. Both the lunch and breakfast meals are included. With new legislation, families at or below 200% of the poverty line will also qualify for free breakfast and lunch.

All prescription and over-the-counter medications must be hand delivered to the school office by the parent/guardian.

• For over-the-counter medications: Must include instructions from the parent/guardian on how, when, and how long to provide medication. Requests to provide a dosage other than as recommended by the manufacturer shall require approval from an appropriate healthcare provider. The Maddock High School is a member of the North Dakota High School Activities Association. The purpose of this organization is to plan, direct, and sponsor competitive activities among its member schools. The association makes rules and regulations for these activities for the best interests of the participating students and the school.

In order for any students to be eligible to participate in any interscholastic activity, they must follow the regulations set by the NDHSAA and the Maddock School District.

The regulations are stated below. Rules are also set by the advisor or coach of each activity and are to be followed.

Failure to do so will result in loss of participation for that day unless prior arrangements are made and approved by the head coach AND

## Special Education/Screenings

Special Education and related services are offered at Maddock Public School via lake Region Special Education (LRSE). LRSE is a special education cooperative located in Devils Lake that includes twelve (12) member school districts. LRSE services are provided by school psychologists, social workers, occupational therapists, and physical therapists. The staff is available to assist our school in meeting the unique needs of the special education students, as well as to provide consultation and collaboration to both general education and special education staff. More information about LRSE can be found on their website (Irse.k12.nd.us).

Along with the services mentioned above, Maddock School has a special education teacher on campus full-time, speech-language pathologist three days per week, and social worker one day per week. Along with providing special education services to students on IEPs, these professionals assist classroom teachers with implementing general education interventions and accommodations for students who may need support, as well as provide screenings in order to identify students with potential disabilities.

If a student is struggling in the classroom for any reason, they can be referred to special education by a parent or teacher. The appropriate specialist will be notified, and parent consent will be collected in order for a screening to be conducted. A team of professionals, along with parents, will then decide the extent of need for the referred individual, which may include formal assessment to determine appropriate programming and/or services.

Routine vision, hearing, and speech screenings will be held periodically. These tests are given by our speech therapist and county health services. Parents/guardians will be informed of any circumstance that requires continued or specialized education.

## **Special Services**

Title I services will be offered to any elementary child who is found to be in need of them and qualifies through the screening procedure. Special Education is provided to those students found needing special services through the referral process. 504 Plans are available for all qualifying students.

This will take precedence over all other forms of messages. These messages will be sent prior to 9:00pm the night before or 6:00am the day of, depending on the timing and severity of the weather event.

If during the school day there is a severe change of weather conditions, the school will close. If the administration does not feel the buses can make their routes or that the weather conditions do not permit safe transportation, all students will be sent to their storm homes. It is the parent(s)/guardian(s) responsibility to provide storm home information to the school and keep it up to date. If it becomes necessary to close school before the regular dismissal time, such information will be announced over the phone alert system, as well as on the school's social media page(s). Parents/guardians will be permitted to pick up their children at the school if they wish.

#### Elementary

A student is counted tardy upon entering the classroom after class has begun. A student is marked absent for the morning if they arrive after 9:00a.m. A student is marked absent for the afternoon if they leave before 2:20p.m.

Student using bus transportation will not be considered tardy if for any reason the bus arrives late.

#### **Vehicles**

Students who drive to school must adhere to the following regulations:

- Student vehicles are to be parked in the EAST parking lot in an orderly fashion.
- Drivers must follow the posted campus speed limit of 15 miles per hour.
- A student driving to school will, upon entering the school grounds, park their car in the east parking lot and not move or occupy that car again until after classes are dismissed in the afternoon. Permission to use the car during the school day must be obtained from the administration. Before permission can be granted, contact from parent or guardian will be necessary.
- Vehicles must be licensed and insured for legal street operation.
- Students must possess a valid driver's license.

Violations of these guidelines may be reported to the police and may result in the loss of driving privileges on school grounds.

#### Visitors and Guests

All visitors and guests are welcome in our school. They must report to the main office. Visitors and guests are not allowed to disrupt learning, and all questions for teachers must be left at the office to be answered during teachers' prep times or before/after school. When picking up a student to leave the building, the secretary will call the student to the office to ensure no disruption to learning for the rest of the class. All doors are locked from 8:30 to 3:20. If a student wants to bring a visitor or guest to school, they must first get permission from the principal.
