

# New Boston Culinary Creators proudly presents. . .

## Room Service!

Students will be eating their meals in their classrooms so just like a 5-star hotel, we are proud to be providing your child with our 5-Star Room Service meal program!

### **Where is the menu?**

The menus can be found on your schools website or [www.goffstown.nutrislice.com](http://www.goffstown.nutrislice.com) You can also use the Nutrislice app which can be downloaded for free in your app store.

### **What's on the menu?**

The start of the school year will feature items that can be served safely cold or at room temperatures; sandwiches, salads, and make your own flatbreads are just some of our options. Because of the school hybrid schedule, the same menu will be used for Monday/Tuesday and Wednesday/Thursday.

### **What if my student is a remote learner?**

There is a separate menu that you can order meal packages from for remote learning days. ALL remote day meal orders MUST be pre-ordered by Friday for pick-up the NEXT Monday at New Boston from 5-6pm.

### **What if my student is in the hybrid program?**

You will use the Lunch menu to pre-order meals for the days they attend school. If students need meals for days they are home, please use the 3-day menu to pre-order the meal package that will be picked up on Mondays from 5-6pm at New Boston.

### **Lunch**

All students, grades 1-12, will be eating lunch in the classrooms. All students will need to PRE-ORDER their lunches using the Nutrislice app or the website at [www.goffstown.nutrislice.com](http://www.goffstown.nutrislice.com). If you are having trouble with the app or website, please call your school kitchen for assistance.

Students can order just a milk to go with their lunch from home also. Please use the menu item Milk Only

### **Payment**

All lunches will be free for all children under at temporary program using federal funds. The temporary program will go until the federal funds run out or December 31, 2020.

### **Free & Reduced Price Meal Program**

Please, continue to apply for this program. Anyone can apply at any time for this program. Paper applications are available from the school or you can apply online at [www.lunchapp.com](http://www.lunchapp.com).

### **Allergies**

If your student has a food allergy you MUST contact the food service office BEFORE your child can have a meal at school. This will allow us to provide the safest meal possible for your child.

USDA is an equal opportunity provider.
