

Access > Parents Login

Parents' Login

The process of logging in for parents has been made simple enough to avoid confusion for those who do not have an account yet and for those who do.

To start,

1. In the Homepage, Parents, with or without accounts, click the **View My Account** link to open the selection screen.

2. The **View My Account** link directs to the screen with two very distinguishable areas. One is the **New Users** area containing the **Create New Account** button and the other is the **Returning Users** area containing the **Login to My Account** button.

Each Login button has accompanying information that helps the parent decide if this is the button they should choose.
