

Personal Learning Style Assessment

Graphical Representation

Create a poster using another document that demonstrates your personal learning style. It can be a collage, web or map, chart, or any other creative representation of how you learn.

Using the websites below, determine what type of learner you are based on these categories:

- ~ left brain dominant, right brain dominant, or whole (middle) brain
- ~ auditory, visual, or kinesthetic (or any combination)
- ~ at least two of your dominant intelligences (of the 8 multiple intelligences).

You will be assessed on: neatness (10 pts.), originality (10 pts.), and completeness (30 pts.) for a total of 50 points.

The following websites should be used to identify your personal learning style:

Left Brain Right Brain Quiz for Teens
