

Photo Show & Tell

Period 6

For this assignment, choose a photo that is personally meaningful to you. You will share this photo with the class and tell us why the photo is meaningful. This will help us learn more about each other and appreciate the role of images in our lives.

Directions:

Find a photo that has personal meaning for you. It can be an old photo or a new photo, and you do not have to be in it. It could be of a special place, family member, pet--anything is fine, as long as it's important to you.

Using any camera available (if it is not already a digital file), click a photo of the photograph you select. Upload it to your Google Drive so you can place it in a this slide deck. [\(how to import files\)](#)

Find an empty slide that *no other student has worked on*. Write your name, insert your selected photograph and answer the questions. These answers and your photo will be shared with the class during our next meeting after it's due.

I am very understanding of the fact that some students struggle with speaking in front of others. If you are uncomfortable talking to the class about your photo, I will share with the class for you.
