

Take a photo:

(HIGH ANGLE)

Hint

I travel both up and down
But I never move from my spot
I come in all shapes and sizes
I work when cold or hot

Take a photo:

(TILT)

Hint

I may be full of treasures but at heart I'm really small
Side by side we stand secure each one and all
You use me every day at every break and sometimes even in between

Take a photo:

(FRAMED)

Hint

Within a square of metal rings
I can be used for many things
Winter, spring, summer, fall
All you need now is a ball

Take a photo:

(LONG SHOT)

Hint

Without me you will starve

Within me you'll find snacks

Outside of me are blue bars

And near me are the drinking taps

Take a photo:

(MID SHOT)

Hint

With see through walls and concrete floors

The sky it is my roof.

A topped with spiky metal

I am safe and theft proof

Take a photo:

(MEDIUM CU)

Hint

Great minds of our time can be found within

Words of fact and words of fiction

This place is a mental gym

Take a photo:

(BLACK & WHITE)

Hint

Here is where you'll greet me

Here is where you'll pay your fees

Here is where the power is

Where you go when ill at ease

Take a photo:

(EXTREME CU)

Hint

Scattered across the school yard

Where everyone can see

The best thing about me is

That I quench your thirst for free

Take a photo:

(LOW ANGLE)

Hint

I'm usually found on fingers

But you'll find me in the air

I'm not a king but I am at court

Aim for me if you dare

Take a photo:

(EXTREME LS)

Hint

I can seat many
and I entertain all
while I have a fancy acronym
but in the end I'm a just hall

Take a photo:

(NOT CENTERED)

Hint

I breathe in, what you breathe out
I make the planet green
I stand tall above you
Don't cut me down it's mean.

Take a photo:

(PATTERNS & LINES)

Hint

I sit around all day
Because sitting around is fun
You place your feet upon me
But I'm designed for your bum
