# DREADFUL TRANSITION HEADLINE

Let's start with the first set of slides

*“Quotations are commonly printed  
as a means of inspiration and to  
invoke frightful thoughts from the  
reader”*

## THIS IS A SLIDE TITLE

- X Here you have a list of items. Nice bullets, ah?
- X And some blood-curdling text
- X But remember not to overload your slides with content

Your audience will listen to you or read the content, but won't do both.

The background is a gradient of orange and red. At the top, two white skeletal hands are shown shaking. Below them, the text 'MACABRE CONCEPT' is written in a blue, serif font. Underneath the text, there is a line of smaller black text. The bottom of the image features a row of four jack-o'-lanterns with glowing faces, a black cat silhouette on the right, and a faint ghost silhouette on the left.

# MACABRE CONCEPT

Bring the fear of your audience over a key concept using icons or illustrations

## YOU CAN ALSO SPLIT YOUR CONTENT

### **White**

Is the color of ghosts and vampire skin, the color produced by the combination of all the colors of the visible spectrum.

### **Black**

Is the color of bats, witch clothes, and of enchanted cats. It is the darkest color, the result of the absence of or complete absorption of light.

## IN TWO OR THREE COLUMNS

### **Orange**

### **Purple**

### **Red**
