

# Physics

Science of motion,  
matter and energy

1. Define each type of science in your own words— you can look on your Chromebook if you aren't sure
2. Give an example of how it relates to physics (be specific)

Biology

Chemistry

Zoology

Astronomy

meteorology

Exercise Science  
(Kinesiology)

Botany

Earth  
Science

Ecology

Geology

Biochemistry

Microcology

Engineering

Oceanography

Environmental  
Science

Genetics

mathematics

Computer  
Science

Forensic
