## ~ OUR PROGRAMS ~

The District just purchased 11 acres of adjacent land for our Ag program to utilize as a Land Lab. The Building Trades program is planning on building a barn on the new acreage. In the recent past, the Building Trades Program successfully built and sold a residential home near the school.

Our Music program has become a strong and successful over the past 7 years and is supported by the District as well as our Community Partner, Pine Eagle Education Foundation (PEEF). We hold Winter & Spring concerts every year as well as a community talent show organized by PEEF.

Robotics Clubs for the lower grade and upper grades are additional opportunities for our kids to get involved in. The District is looking for more opportunities to provide a variety of club programs for our kids for after-school activities.
