

Playdough directions

1. It's probably been YEARS since you've played with Playdough! Embrace this material today!
2. Please do not mix colors
3. Playdough should stay on the mats (not the table) so the Playdough stays clean for the next person
4. *Your creations with Playdough should be school appropriate. ***** if you choose to use the Playdough inappropriately, it will result in automatic Afterschool detention & you will be assigned book work to complete instead of the freedom of stations with your friends ***** don't do it*
5. Before leaving this station, put all clay pieces back in the containers and check the floor for any Playdough
