SUMMER SAFETY PROCEDURES

In most cases, Community Education provides a Building Monitor or other staff person to be on site when we are offering programs at ISD 719 facilities. Feel free to contact the Community Education office if you have any questions about summer programming or safety.

Help Us Ensure the Safety of Your Child. Please Follow these Class Safety and Behavior Procedures:

- Provide an accessible daytime phone number and an additional emergency contact.
- Drop off and pick up your child in the classroom on time each session. Late pick up fees will apply.
- An adult signature is required when picking-up students age 10 and under following a
 Community Education (CE) program. Adults should report to program location, must be
 listed as an "Emergency Contact" or "anyone other than a parent picking-up child", and
 must physically sign-out the student after each class.
- Children 11 and older do not need to be signed out.
- Inform the instructor AND a CE staff person of any allergies, special needs, or behavioral concerns. Please note that 1:1 accommodations typically cannot be made for CE programs. CE does not have immediate access to all students records. Additional copies of current forms such as Emergency Action Plans, Behavior Improvement Plans, and Medication Authorization forms, may be required prior to program participation.
- The behavior of students is expected to be appropriate for the class learning environment. We reserve the right to dismiss students immediately, without a refund, when behavior is not appropriate or jeopardizes anyone's safety.

WELCOME TO COMMUNITY ED!

Thank you for taking time to see all that Community Education has to offer students.

Summer 2020 will be an exciting time in our district as we complete major construction projects that will bring many positive changes in our buildings. Here are a few of the most recent construction projects you will notice this school year through the fall, thanks to voter approval of Prior Lake-Savage Area Schools' two school funding requests in 2017.

This fall Prior Lake High School will have a new, upper entrance near the auditorium along with a four-court fieldhouse.

The Twin Oaks Middle School auditorium renovation was completed in December along with refurbished Health classrooms and lockers for Physical Education classes.

Twin Oaks' classroom additions are slated to open in March. Hidden Oaks Middle School now has an expanded parking lot and new drop-off loop for parents, and a multi-purpose addition opened in December, along with additional classrooms.

The new Hamilton Ridge Elementary will be open in time for the 2020-21 school year. This new building located in Savage will be our newest K-5 school.

La ola del lago Spanish Immersion school is moving to Grainwood in the fall. Several updates are planned including renovations to the media center, kitchen/cafeteria, a kindergarten classroom, boiler room and office space for Community Education.

With these new spaces we are poised for even greater opportunities for collaboration and personalized learning. Watch for announcements later this year inviting the community to tour these beautiful new spaces. Thank you for your continued support of PLSAS!

Full refunds are also issued for weather cancellations, if a course cannot be rescheduled or if the rescheduled date does not work for the participant.

Cancellation - CE reserves the right to withdraw a course due to lack of enrollment or loss of a suitable facility. If we have to cancel a class, every effort will be made to contact all the participants who preregistered. Please include on your registration form a phone number where you can be contacted during the day. CE assumes no responsibility for reaching registrants who do not provide an accessible daytime phone number. If an email is provided at the time of registration, notifications will also be sent to the address provided.

Classes may be cancelled due to inclement weather or for other unavoidable reasons. These sessions are made up whenever possible. If school closes during the day due to bad weather, CE will cancel all activities. Call 952.226.0080 for evening or weekend cancellation information.

Class Confirmations - If you provide a valid email address at the time of registration, a confirmation will be emailed to you. We will contact you by phone or email if there is a change. Please list a daytime phone number so we can reach you if a class is cancelled. If there is a last minute change, signs are posted at each site with your class information, including class title, room number and time of classes.

Privacy - The information requested on registration forms will be used to verify eligibility as well as determine staff, facility and equipment needs. You or your child's registration information may be provided to school district staff, volunteers, instructors, the school district attorney, insurer and auditor. Your email information is for internal use only and will not be sold or solicited. Photographs or videos of classes in action may be taken and used for district publications and web pages. In case of extreme emergency, I understand my child will be transported to the nearest hospital by local emergency unit for treatment as deemed necessary. Any expenses incurred are the responsibility of the parent/guardian. I understand that registration for this program waives all rights and claims for any and all injuries from whatever cause suffered by participation in program-related activities.

Community Use of Facilities - Need a place to meet? Community members and organizations are invited to apply to use district facilities and grounds for their meetings and activities.
