

Name:

Lab Plus/Delta: In Quality Control, a Plus/Delta is a debrief of a product launch. It looks at what went well and what needs to change for the next product launch. You focus on the things that you can control, and come up with ways to fix the things that went wrong in future product launches. We will use this process to improve our lab experiences.

With the class: 1. Copy down the class information from the board, or from the posted info for this assignment.

<u>+ Plus</u>	<u>Δ Delta</u>

2. What lab activity are you analyzing in this Plus/Delta? List the assignment number, name, and which class you are in.

3. What skill or information was your teacher hoping that you would take away from doing this lab?

On you own: Answer the reflection questions using complete sentences

4. Did the class do this lab as a wet lab (with chemicals and materials to handle), a virtual lab, or a combination of wet AND virtual?

5. Did YOU personally do this lab in class, or did you have to make it up? If you made up the lab, record the reason you missed.

6. If you did the lab in class, explain one thing that your lab group did that made the lab easier or harder to complete. If you made up the lab, explain one thing that made the lab easier or harder to complete on your own.

7. Think back to ANY notes or assignments you have completed for this chapter. Explain how the concept in those notes helped you perform the lab work, how this lab has helped you understand the material better, or something that the lab has shown you that you need to study more because you DIDN'T understand it while doing the lab.

8. In the list of skills below, which were an important part of this lab process? Circle all that apply.

- Using a Microscope/Slides
- Recording Observations in a drawing
- Graphing by Hand
- Graphing with a Computer
- Testing a Hypothesis
- Dissection
- Safe Handling of Chemicals
- Following written instructions without teacher assistance
- Experimental Design
- Inquiry-Based Learning (Finding the answer by trial and error)

9 (Optional). If you didn't volunteer a plus or a delta during class, but feel comfortable writing one down, list it below.
