Create Your Own Pop Art:

1. Think of the definition of Pop Art and the video(s) that you watched in order to create your own Pop Art. *(Hints: If you do not have Photoshop, what is another way you could create a Pop Art portrait? Do you have the Paint program? Could you draw it? Cut images out of a magazine/newspaper? Have you ever used a printmaking technique to make art? If yes, what kind? If no, look up: stencil art, foam printing, ink blot art, glue printing. What else could be done to a newspaper sculpture to make it look more finished? What other materials could you use to make Pop Art sculptures?)*

2. Submit or share the artwork that you have created, by uploading your image to Google Docs or Slides, or Email to: lisa.cherivtch@seaford.k12.de.us

Don't forget to include your name and grade level!
