

Search for images and information about the photographers below. Make sure to search many of their images so you get a feel for their style of portrait photography. Fill in the chart that shows their peak years of activity, describe their photographic style and what makes their portraits unique, and list 2-4 of their most well-known photographs.

Photographer	Dates of Popularity – Peak Years in their Career (when were they most active?)	Photographic Style – describe their images and what makes them stand out, what is unique to this particular photographer?	Claims to Fame – pictures you need to know (2-4) - include titles (copy/paste images here, just resize them so they fit)
