Sun. May 22	9:00-1:00	Sylvan Learning Center, 12693 Riverdale Blvd. NW, Coon Rapids

Within Naviance is an interactive test preparation program for the ACT exam. You can find Naviance in your dash board OR key in: connection.naviance.com/coonrhs After completing a full-length (3hr+10min) diagnostic test, Naviance Test Prep will create a personalized study guide to assist you in enhancing and improving your ACT test scores.

Naviance Test Prep allows you to:

- Plan a study schedule according to your test date or when you wish to be fully prepared.
- Determine and strategize your test readiness to success.
- Review necessary knowledge for each exam through lessons, flashcards, practice questions and test.
- Enjoy the Game Center while boosting your test-taking strategies.

Steps to utilize Naviance Test Prep:

- 1- Log into Naviance
- 2- Click on Naviance Test Prep under resources
- 3- Enter the date for your next ACT test or the date you want to finish your prep.
- 4- Click Study Plan (2nd icon down on left side)  Select the **Adaptive Plan** link at the top of the dashboard. Read the description of the **Adaptive Plan** then select the blue **Switch to the Adaptive Study Plan** button.
- 5- Using the icons on the left side of the screen, select the **Practice Test** icon.

6- Select the **Diagnostic Test** from the Test Dashboard.

7- The diagnostic test simulates an actual ACT test. The sections are given in the same order and contain the same number of questions and time limitations as the real ACT test. The complete diagnostic test will take 3 hours and 10 minutes to complete. You are able to pause the test as needed.

8- Press the green **Start Test** button.

9- **VERY IMPORTANT:** When you press the Start Exam, **two** timers will appear across the top of the page with the test questions appearing below. The *first timer* is a countdown timer indicating the remaining time for the segment of the test you are *currently* completing. The *second timer* is the time remaining for the ENTIRE Act test.

10- You can pause the test as needed, however Test Prep recommends completing at least one section of the test in order to best simulate the actual ACT test. Select the gray Pause button in the top right if you need to pause the test. Both timers will stop.

11- When you are ready to begin the diagnostic test, press the green **Start Exam** button.

12- Read the questions and select the best answer. Press the green **Confirm** button once you are satisfied with your answer.

13- You can go back and review or change your answers for the current test section as long as time remains and you have not yet submitted the answers for the entire test. Once you are satisfied with your answers, **check the box** acknowledging that you would like to submit your answers and then press the blue **Submit Answers** button.

14- Your results will appear in the dashboard, but you will not receive a personal study plan until all 4 sections of the diagnostic exam are complete.

15- Follow the Study Plan layout to maximize your ACT prep. The customized plan is comprised of daily lessons, flashcards, practice questions, and tests.

16- If you miss a day or complete more than assigned for a day, the plan automatically re-adjusts.

17- You can monitor your progress on the homepage dashboard.

18- You will NOT be given a score out of 36 like the ACT. The dashboard will display strengths and weaknesses, achievements in percentages, and track your progress over time.

NOTE: Instructions also available with graphics/visuals – see your counselors or the Career Center.
