Study Guide

At the end of each unit you have the choice of taking a comprehensive exam or completing a project and a 20-question multiple-choice exam. The following study guide and project option is provided so you may make an informed decision on whether to take the exam or complete the project. The project must be handed in the day of the exam or you will be required to take the exam.

Suggestions for studying for your exam:

1. Find a quiet place without distractions for you to study.
2. Review the handouts and notes you completed on this unit.
3. Go through the list of information on the study guide, writing out an identification of each item.
4. Quiz yourself or have someone else quiz you on the items at least once the night before the exam.
