

# NATIONAL PHYSICAL EDUCATION & SCHOOL SPORT INSTITUTE 2016

**Background:** For the past four years, the National Physical Education Institute has been able to assemble the leading “game changers” in physical education from around the world with the express purpose to bring about much-needed reform in terms of curriculum alignment, technology, and researched-based instructional practices. With the desire to reach more practitioners who are in a dual teacher-coach role, we have decided to add the words “School Sport” to the Institute.

For 2016, we are honored to have another amazing line-up of keynote speakers and presenters who will challenge all of us to see how physical education is more than “just teaching games” and where school sport is more than “just winning and losing.” With the ultimate desire to create the very best for all children and youth, we will:

- Learn from the world’s best known Physical Education “Social Media Mavens.”
- Be inspired by leading sport and physical education experts in regards to reaching the “whole student,” and
- Grow as a thoughtful community by blending the best of the twin worlds of Physical Education and School Sport for the benefit of the youth under our care.
