PTC (Pittsburgh Technical College)

A large university isn't right for all students. PTC's legacy of education for career success is founded on a project-based curriculum, hands-on learning, and the value of real-world experience, including the fact that all degree seeking students have immersive internships or clinical rotations before they graduate. PTC award associates and bachelor's degrees (certificates, too), in more than 30 programs.

Rosedale Tech

Founded in 1949, Rosedale Technical College has a rich history of preparing students for employment in the [Automotive](#), [Diesel](#), [Electrical](#), and [HVAC](#) fields.

Rosedale provides students with the proper knowledge and equipment, as well as the necessary hands-on experience required for their field. We are constantly communicating with our students, graduates and industry professionals to implement changes to our facilities and programs. Rosedale meets regularly with our own Program Advisory Board Committees. Based on their valuable feedback, we continue to grow our programs so that our graduates remain in demand.
