

THE AMAZING RACE

At school

Duo challenge - choose two people to do this.

Here in Sydney, the Royal Botanical Gardens are a big attraction.

Your challenge is to head into your gardens and find everything on this list:

A leaf, a rock bigger than a 50c piece, some bark, something sharp, a seed,
something soft, and a flower.

First team to get all items to the Assistant, win the prize.

THE AMAZING RACE

At school

Team challenge - the whole team will do this.

Here in New York, taxi cabs are the way to get around.

Your challenge is to taxi the whole team from point A to point B. One person is the driver and will use two pieces of newspaper as their taxi. They may only take one passenger at a time, and once the newspaper is touching the ground, it must stay there until both the driver and passenger are on it. The piece without anyone on it can be moved. Driver and passenger cannot touch the ground.

First team to get all passengers from point A to point B, win the prize.

THE AMAZING RACE

At school

Team challenge - the whole team will do this.

Here in London, there is a most famous bridge that crosses the Thames river.

Your challenge is to move your whole team from the starting point across the river, without touching the 'water', and get to the other side.

You will be provided with some materials to help your team get across. You can only use these items. You must go back to the start if anyone touches the 'water'.

First team to get all team members from point A to point B, win the prize.
