

Kids A-Z

Parent and Guardian Information on using Raz Kids

What is Raz-Kids?

- Raz-Kids is an online resource that provides a library of differentiated books.
- Children can listen, read and take a quiz.
- Children can **practice** reading in school, at home, or on the go.
- It also supports close reading skills and the reading and writing connection with interactive tools and constructed response quiz questions.
- Make practicing reading fun plus it includes built-in motivational rewards.
 - *Recommended – reading at least 20 minutes per day*

Raz-Kids Login Choices – Level Up! Or Reading Room

Level Up! - Listen, Read, and Quiz

Level Up! contains a collection of books that students can complete to automatically advance to the next Learning A-Z reading level.

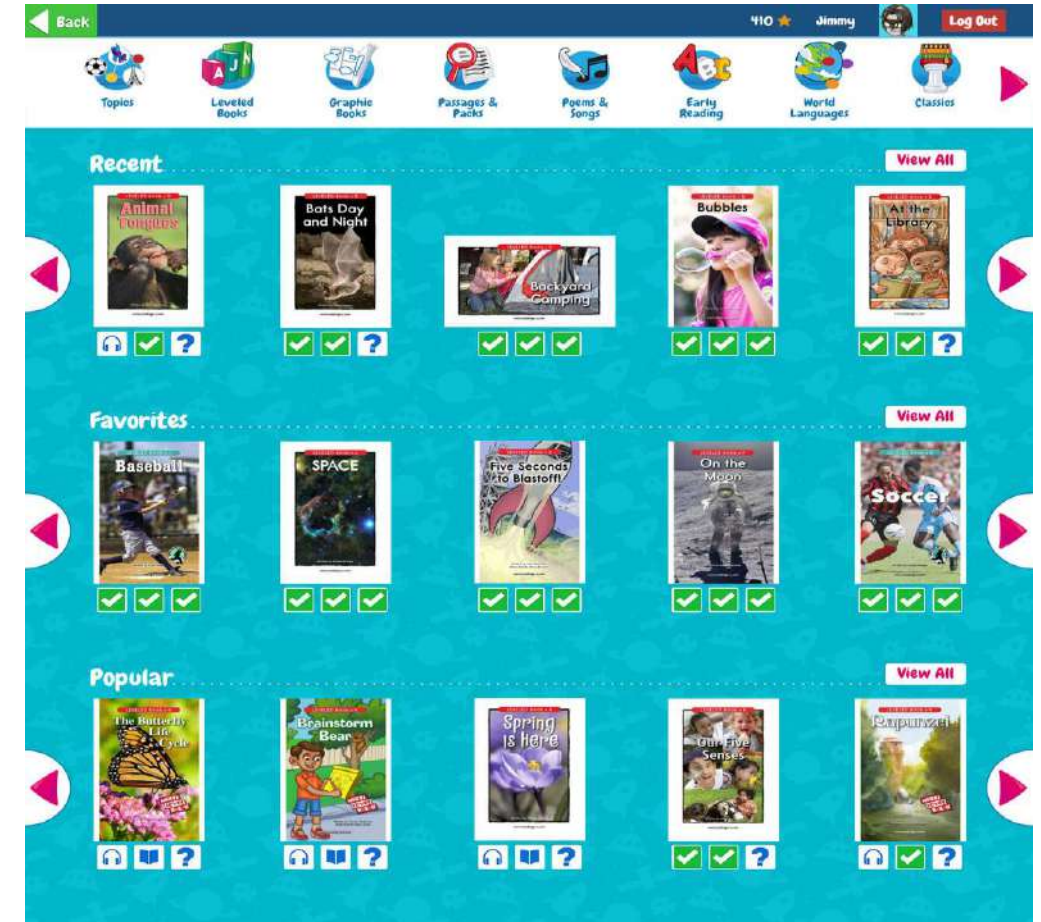

Students automatically Level Up! once they listen and read all the books, and pass the comprehension quizzes.

The screenshot displays the 'Level Up!' reading interface. At the top, a dark blue header bar contains a green 'Back to Reading' button on the left, a progress indicator 'M 54 Tasks Left N' in the center, and a score '0 ★ Angie' with a cartoon character icon on the right. The main area has a teal background with a grid of 20 book covers arranged in three rows. Each book cover is accompanied by three icons below it: a speaker for audio, an open book for reading, and a question mark for a quiz. The books are as follows:

- Row 1: Aesop's Fables, Arthur's Bad-News Day, Can I Vote?, Dogs at Work, Frogs and Toads, Giant's Tale, Hibernation.
- Row 2: History of the Bicycle, How Much is a Trillion?, Jack's Tale, Marcus Loses Patches, Mother Teresa: Mother of Mercy, A Good Way of Spending, Parrots.
- Row 3: The Story of the Statue, Voyagers in Space, Wild Horses, and an unnamed book featuring a bear.

Reading Room

- In the Reading Room children can access reading resources for reading practice and enjoyment.
- The Reading Room makes it easy for kids to find level-appropriate books by topic, category, and popularity.
- In addition, kids can save their favorite books for easy access anytime.

My Assignment

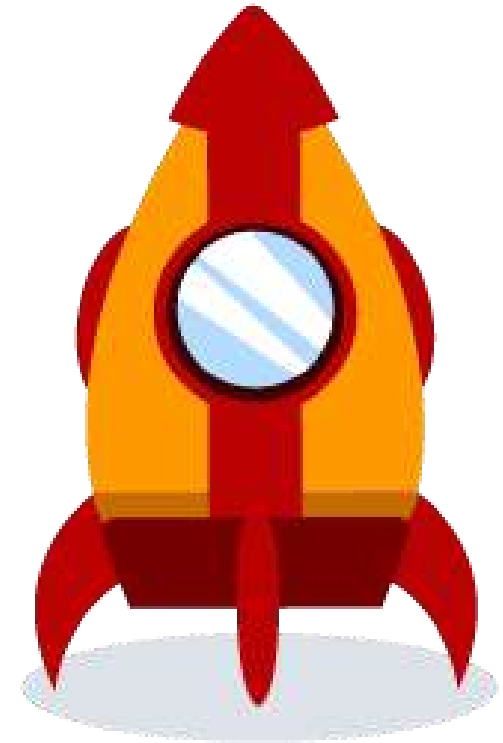

Children go to the My Assignment area to complete activities that a teacher has digitally assigned for a customized lesson.

Student Incentives

Students earn stars for practice, completion, or success with different activities.

Stars are used to purchase fun items to personalize the Raz Rocket and to create a customized avatar using the Avatar Builder.

Allow students to practice active reading while exploring content:

- Tools for note-taking, drawing, highlighting, and stamping make it easy for students to annotate as they read, which supports active reading practices for better comprehension
- Individual Word Audio playback reads individual words aloud to students to support phonics and fluency development in Raz-Plus, Raz-Kids, and Science A-Z
- The eJournal gives students a place to explore new words and expand or improve their vocabulary through writing.
- Vocabulary Cards provide additional information and context about key vocabulary words in a text
