Because we can run four elections in one year (not a record) citizens could be easily confused that elections are all we do in the Clerk's Office. To the contrary, we continue to provide our day to day services during election season, which seems to be year-long. Some of these services include, garage sale permits, business licenses, notaries, voter registration, absentee ballot applications and general information. Check the directory for your area of concern.

2018 YARD WASTE PICKUP: April 1-December 13. Remember yard waste in plastic bags is not allowed and will not be picked up under any circumstance. WATER DISCOLORATION occurs when there is a main break or a hydrant is opened. Sediments in the lines are stirred up and require several hours to settle. Do not use your hot water until you are sure the water is clear, as this will draw the sediments into your hot water tank and may stain your laundry. Instead, periodically run a cold water faucet at the lowest point in your house (usually the basement) for 3-5 minutes until the cold water is running clear. If discoloration continues call the Redford Water Department 313-387-2670. Hydrant flushing (Sept-Nov) will cause discoloration also.

Guidelines for Refuse, Recycling Yard Waste & Large or Bulky Items Collection

The Charter Township of Redford in cooperation with GFL Environmental USA is proud to provide your refuse, recycling, yard waste & large bulky item collections. Please read these guidelines carefully and keep them handy as they will answer many questions about the various types of collections. Failure to follow these guidelines may result in your refuse, recycling, yard waste or large/bulky items not being picked up.

Place recyclables in recycle cart. A single stream sorting center is used so you do not need to separate your recyclables. See chart below for acceptable items. If "occasionally" you have more than your bin will hold you may place them in a clear plastic bag & set next to your bin. ****Please rinse/clean/empty items before placing into recycle bin.**

PLASTIC BOTTLES, JUGS & CONTAINERS	GLASS BOTTLES & JARS	METAL CONTAINERS / KITCHEN COOKWARE
- Plastics #1 & #2 - Household plastics #3 thru #7 - Leave caps on plastic bottles - Labels are OK - NO motor oil or chemical containers	- Only clean & empty clear glass - Leave caps on, labels are OK - NO window glass, broken glass, mirrors, light bulbs, ceramics or glassware	- Aluminum, steel and tin cans - for safety place metal lids inside cans & flatten cans if possible - Aluminum trays or pie tins - Kitchen pots, pans & cookware - NO aerosol cans or paint cans.
CARDBOARD & PAPERBOARD	NEWSPAPERS/MAGAZINES/CATALOGS PHONE, BOOKS, JUNK MAIL & OFFICE PAPER	NO
- Flatten or cut all cardboard down into sizes no larger than 3 ft x 3 ft size. Large amounts must be bundled & tied. Pizza boxes must be clean. - Flatten paperboard boxes (cereal, snack, rice, Kleenex, etc.) - No wax coated boxes	- Newspaper - remove bags, strings or rubber bands - Magazines, catalogs & phone books (glossy & non-glossy) - Office paper all types, sizes & colors - Computer paper, notebook paper, index cards - Junk mail - flyers, brochures, postcards, envelopes etc.	Plastic bags, foam containers or products (Styrofoam), wire hangers, windows, panes, mirrors, ceramics & Pyrex dishware, organic material and food waste, electronic waste (batteries, cell phones, computers, etc.), paint, pesticides, oil & cleaners, waxed cardboard, needles or syringes, hazardous waste

BRANCHES & SHRUBS. Residents may put at the road on trash day up to four (4) bundles of branches for pickup at one time with yard waste. Branches must be less than 1½" in diameter, cut into lengths of no more than 4 feet and tied into bundles weighing no more than 45 lbs each. They may also be placed in yard waste bags or cans. Stumps, logs & root balls are not acceptable. Tree & landscape contractors are responsible for removing all materials as a result of their work.

Have you cleaned the leaves out of your ditch or off the storm drains in your street? The Water & Sewer Department reminds residents that the storm drains, catch basins and ditches must be kept clean, especially when the trees begin to lose their leaves in the fall. Your assistance in keeping the storm drains and ditches clean will also prevent flooding of neighborhood streets during heavy rains and snow melt periods. Also, any water that flows into the storm drains and ditches goes thru the storm water system underneath the Township and then directly (untreated) into the local Rouge River. If you witness an illicit discharge into the storm water system, contact the Wayne County Dept. of Environment's 24 hour Hotline at (888) 223-2363 or the Redford Water & Sewer Dept. at (313) 387-2670.

Why do we flush the fire hydrants every fall? As part of an annual maintenance program, the Fire Department flushes fire hydrants in a different section of the Township every year during the months of September & October (weekdays only). Information on specific areas where flushing will occur will be posted in the "Redford Observer" newspaper, on Brighthouse Channel 8, WOW Channel 10, AT&T U-verse Channel 99 and the Township website at www.redfordtwp.com. Maintenance is performed to insure proper pressure at each hydrant and to determine whether a repair may be needed.

Water customers may experience discolored water when your area is being flushed (or during a water main break). During this time period your water service may be affected even when hydrants are being flushed several blocks away. The discoloration does not affect the water quality and is a result of stirred up sediments in the water mains. It may take several hours for the stirred up sediments to clear. Do not run your hot water during this time as this will draw the discolored water into your hot water tank and may stain your clothes if you are doing laundry. Instead, periodically run a cold water faucet at the lowest point in your house for 3-5 minutes. If the water is still discolored, wait 1-2 hours and then try running the cold water again to see if it is clear. Prolonged problems should be reported to the Water Department by calling (313) 387-2670.

Have you ever noticed water bubbling up out of the ground or running down the street along a curbed area? There may be a water main break, especially during winter months when pipes in the ground shift because of freeze and thaw cycles. Contact the Water & Sewer Department at (313) 387-2670 M-F 8:30am to 4:30pm to report a possible main break and its location. After office hours or on the weekends contact the Police Department at (313) 387-2500.

Why is my drinking water sometimes cloudy? At various times of the year we receive calls from residents wanting to know why their water is cloudy when first taken from a faucet and then clears up. Cloudy water occurs most often in the fall and winter months when the ground temperatures change and water is colder. The cloudiness is caused by tiny air bubbles in the water similar to the gas bubbles in beer and carbonated soft drinks. If you let the water sit for a while, you will notice that the bubbles rise to the top and dissipate.

Do you have a vacant home on your block? During the winter months it is possible for water pipes in the vacant home to freeze and burst if water is still on at the home and it is unheated. Also, a water meter in an unheated area may freeze and burst if it has not been winterized. If you suspect there is a home in your area that is unheated or if you see water running out a window or door of the home write down the address and call the Water & Sewer Department at (313) 387-2670 M-F 8:30am - 4:30pm or contact the Police Department after hours or on weekends at (313) 387-2500. In addition, if you have a vacant home where the exterior of the property is not being maintained (high grass, weeds, debris) report it to the Building & Ordinance Department at (313) 387-2680 or by sending an email to building@redfordtwp.com or SeeClickFix.com. Provide us with the address of the violation, as well as your name and phone number should we need to contact you for additional information.

Redford Community Gardens

Ashcroft Park | 9501 Sioux (North of West Chicago Road)

Cambridge Gardens (Beech Daly across from Claude Allison Park)

The Redford Jaycees Community Gardens were a huge success last season with the production of over 2000 pounds of food, donated to Redford Interfaith Relief, and the creation of a community of young gardeners, The Veggie Heads. Both of these projects will continue, along with the rental of the 40 raised bed areas and 5 larger areas within the main planting zones. If you are interested in leasing space to plant your own garden, or are interested in getting your child involved with the Veggie Heads, please contact either Kim Taylor or Sarah Goad (rjcgarden@yahoo.com) of the Redford Jaycees for more information. Information is also available at rjcgardens@yahoo.com or on Facebook: Redford Community Gardens. Please keep in mind, much of the produce grown in the Community Gardens is planted by individual families for their own consumption. Please do not take produce without asking. Our generous gardeners will often share if they can, but if you and your family are struggling, please reach out to us, we can connect you to the good people at Redford Interfaith Relief for additional help.

FREE KIDS GARDENING PROGRAM

Second Tuesdays in June, July and August at 6pm. (June held at Ashcroft Garden, July & August held at Redford interfaith)

What's that growing in the garden? Did you know that many vegetables come in different colors than what we usually see? Did you know that there are fruits and vegetable that grow in Michigan that most people have never heard of? Come see some of these fruits and vegetables growing in our garden and you can taste some of them too! Most people visit gardens during the day, but there are flowers that only bloom in the late afternoon evening. There are some flowers that don't have scent until after dark. Join us in the garden to explore flowers that are at their best in the evening. It takes lots of help to make a garden grow. Some are wiggly, squiggly or even fly. Come meet our tiny friends and release some extra helpers. *Limited to first eight registrants.

Children will be placed by skill level, not by age. A short test will be given on the first day to determine ability. No makeups for missed days. No refunds.
