## Total Units Required for Graduation: Maximum Potential Minus Four

The total number of units for which a student could register is referred to as the student's **Maximum Potential**. The total number of units required for graduation is equal to the student's maximum potential minus four. On the block schedule, a student can take eight units per year, or a total of 32 units in four years. The maximum potential of 32 units minus four units equals a graduation requirement of **28 units**.

# Classification/Promotion Standards

Grade Level	Promotion Requirements
Grade 9	Promoted from 8 <sup>th</sup> Grade
Grade 10	6 units including English 1
Grade 11	13 units including English 2
Grade 12	20 units including English 3

## Academic Difficulty of Courses

- **College Prep (CP)** – Course content, pace, and academic rigor follows standards specified by the NCSCOS with content enrichment where appropriate.
- **Honors** - Course content, pace, and academic rigor place high expectations on the student and surpass standards specified by the NCSCOS. These courses demand greater independence and responsibility than Level 3 courses. *This level or higher is suggested for competitive college admission.*
- **Advanced Placement**– Course content, pace, and academic rigor are college-level as adopted by the College Board and prepare students to take the AP examinations which *may lead to college credit.*

# Grading Scale and Weighted GPA

# Waivers

As you are selecting your courses, you will have the option of selecting CP, Honors, or AP courses. If your grade in a previous course does not meet the recommended grade to take an advanced course, you may be asked to complete a waiver. This waiver will require a parent/guardian's permission to take the advanced course.

You will be notified by a counselor if a waiver is required.

[Waivers are available on the school counseling website](#)

# Pass/Fail Courses

Students will be permitted to enroll in one (1) elective course per school year on a Pass-Fail basis. The course may be in addition to courses that use only a Pass-Fail grading system. However, the student must decide within the first two weeks if the course is to be taken on a pass-fail basis. **NC Scholars may not take a required course on pass/fail status.**

**NC Academic Scholars** is a recognition that you may receive upon graduation.

- Students must have an **overall four year un-weighted GPA of 3.5** and **complete certain courses** to qualify. Please see your [program of studies](#) to access the NCAS requirements for your class.
