

Rekenrek

Subitize to 5

For each progression, ask:

- A. What do you see? How do you see it?
- B. How is this one similar/different to the one before?

String 1

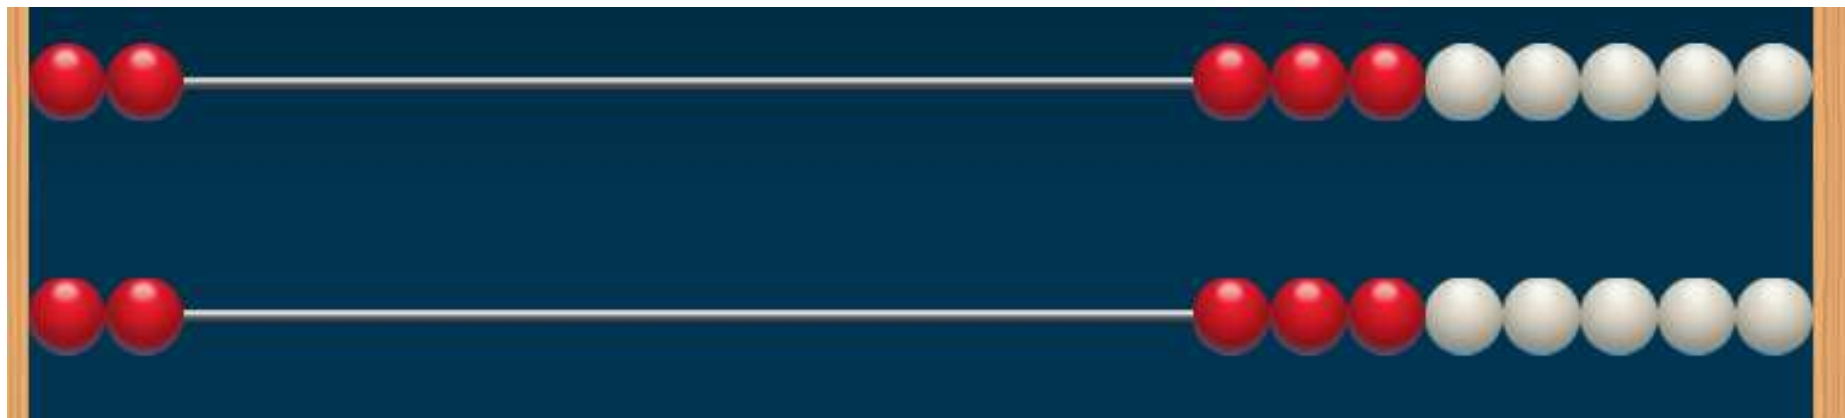

We always look at the left side of the rekenrek: 

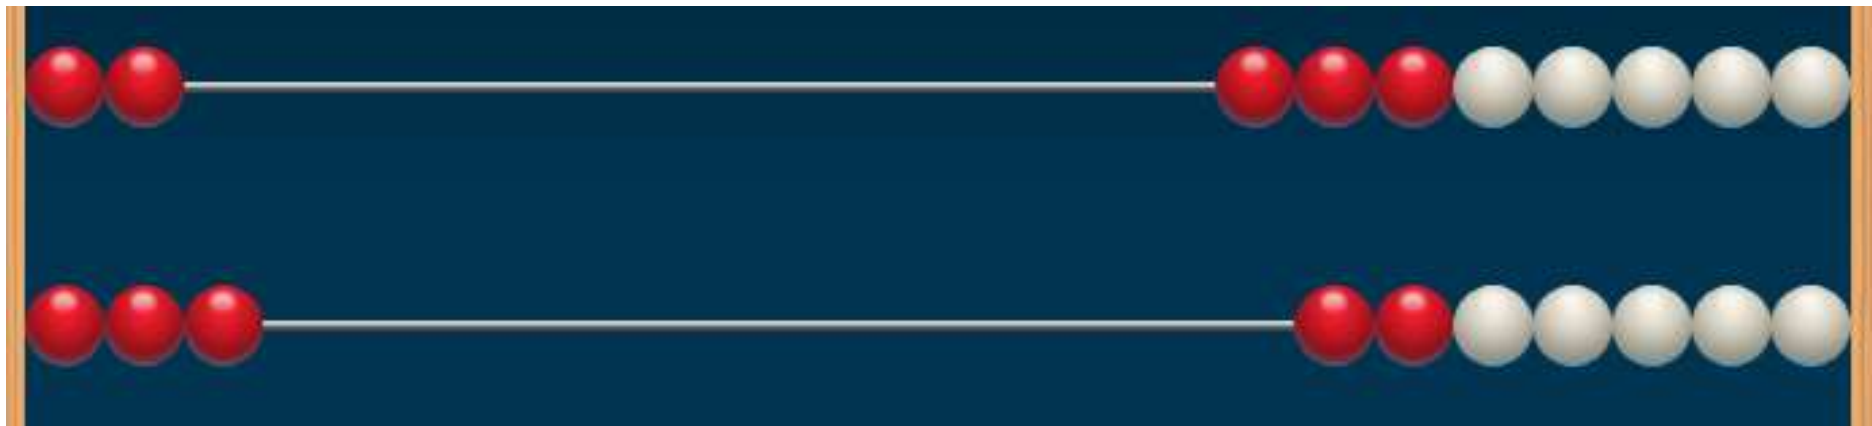

For each progression, ask:

- A. What do you see? How do you see it?
- B. How is this one similar/different to the one before?

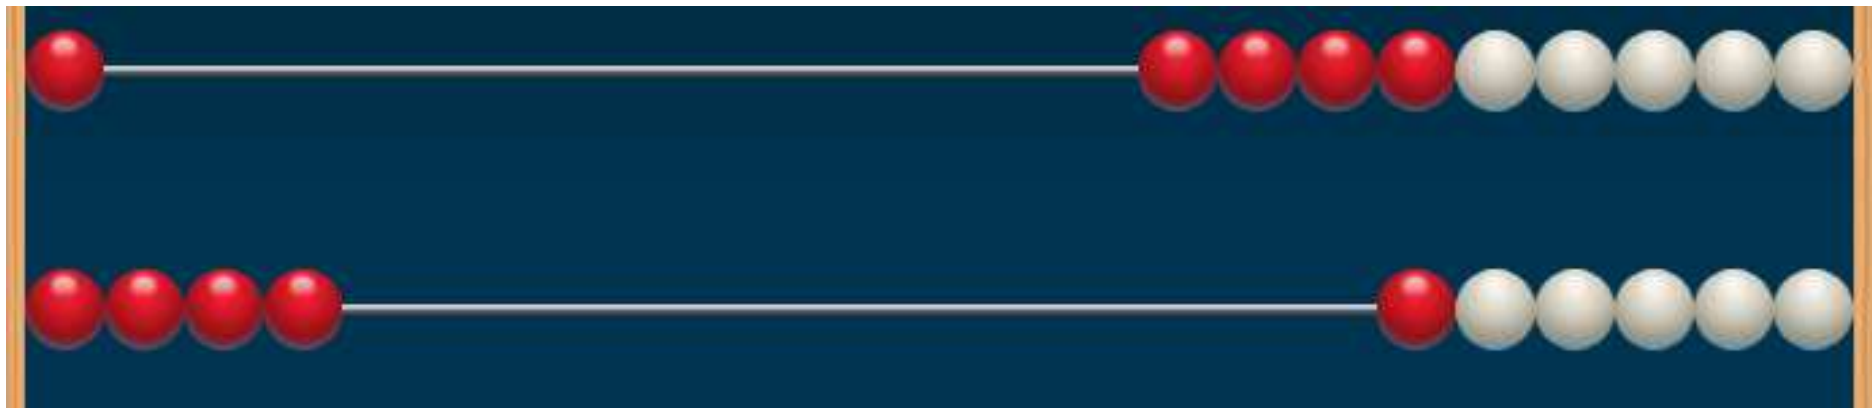

A

B

C

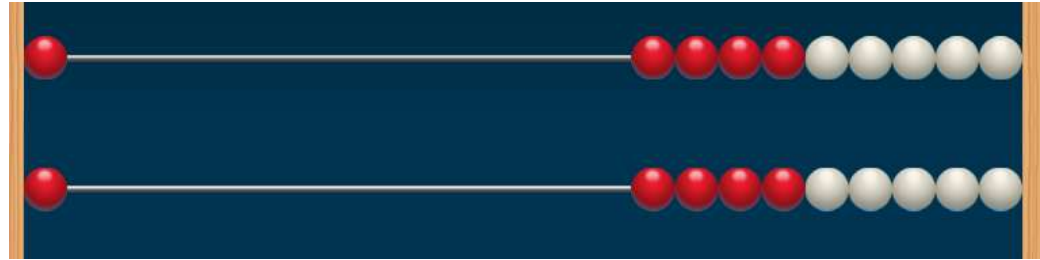

D

String 2

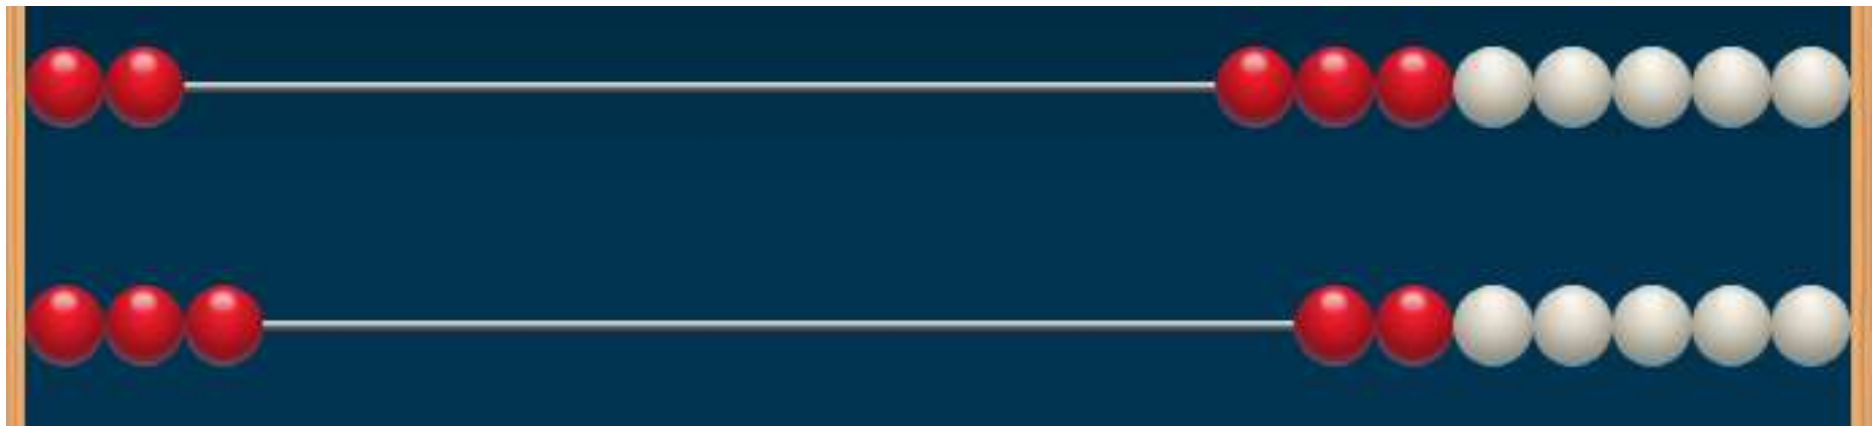

We always look at the left side of the rekenrek:

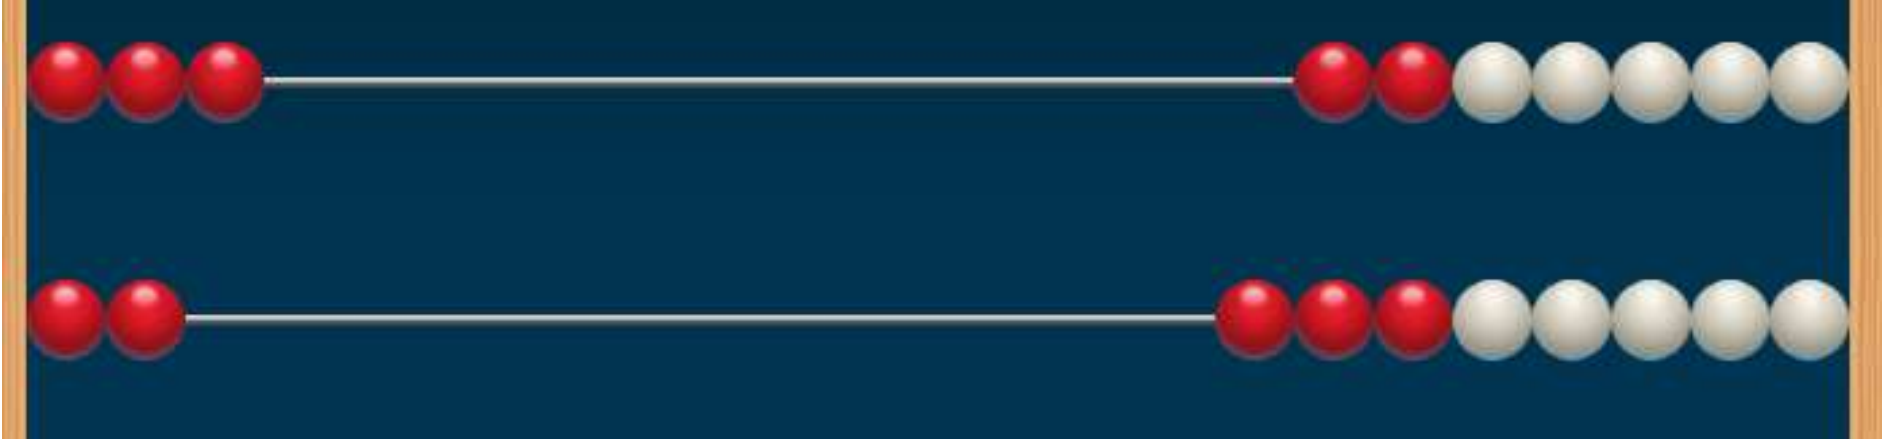

For each progression, ask:

- A. What do you see? How do you see it?
- B. How is this one similar/different to the one before?

A

B

C

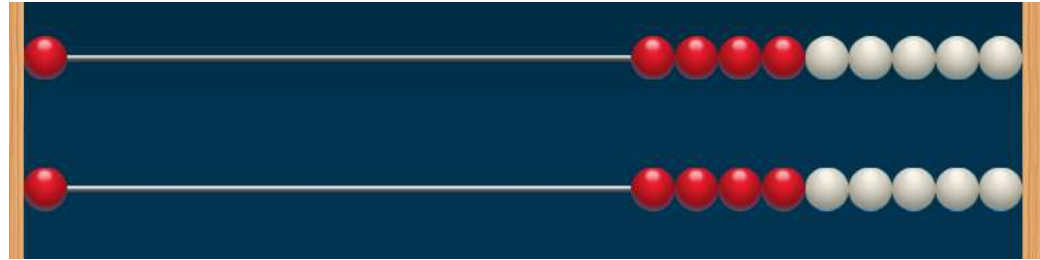

D

String 3

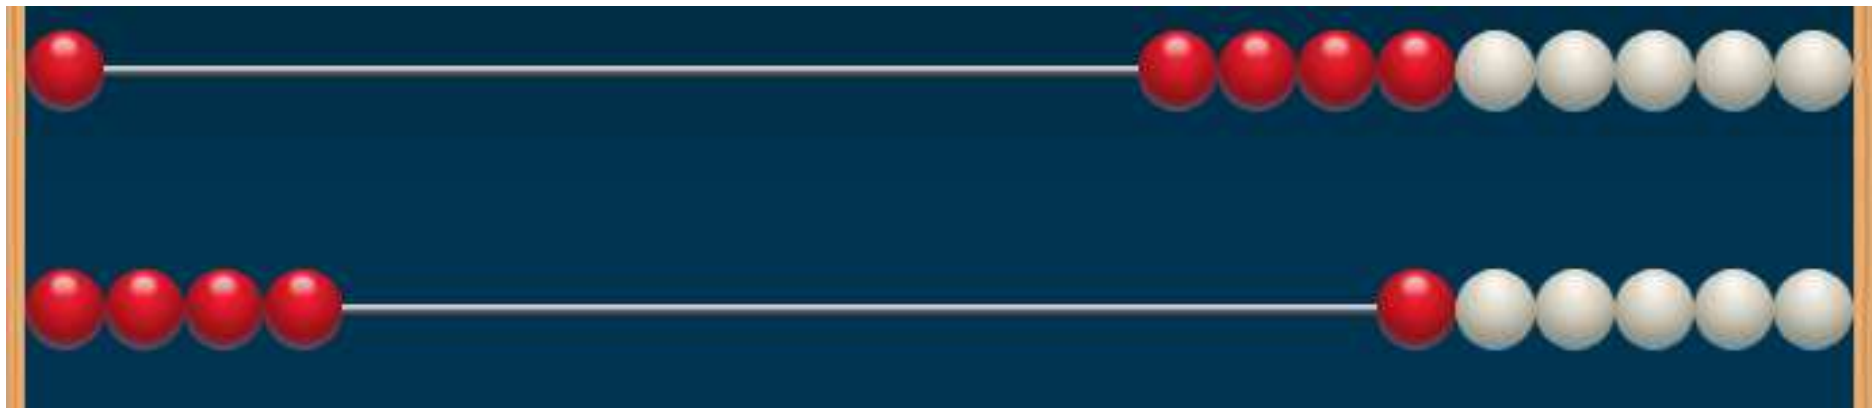

We always look at the left side of the rekenrek:

For each progression, ask:

- A. What do you see? How do you see it?
- B. How is this one similar/different to the one before?

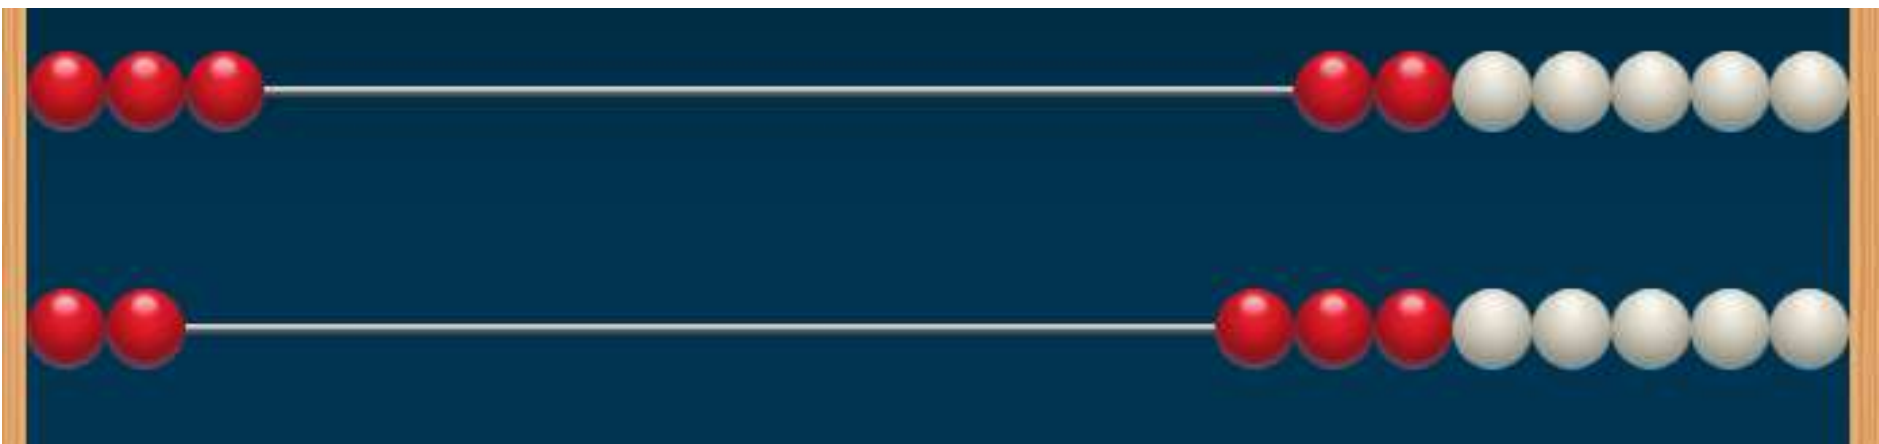

A

B
