

Parkside Families,

This is Principal Mills.

I hope you are doing everything you can to stay safe and well.

Hurricane Ian's path is predicted to create severe weather on Friday or through the weekend that could result in unsafe conditions. As a result, CMS has communicated that **Friday, September 30th** will be a remote learning day for all students. Please be on the lookout for more information communicated by CMS.

Today, students were sent home with an instructional packet. Students will remain on track with learning by completing their instructional packet. Our teachers and support staff will host **optional** virtual zoom sessions to help the students with their work. Students will also have the **option** to join a Connect/Special Area class (Art, Music, PE...) at a scheduled time.

If your child is not able to join the optional virtual session, they can still complete the packets independently.

Attendance will be taken one of two ways

- 1) Virtually for those that log on during the online time
- 2) Parents can send a screenshot of their child's completed work packet to their child's homeroom teacher via Parent Square by 6pm Friday evening (see reverse side for Parent Square directions).

All students are responsible for completing the work packets.

Attached you will find your child's virtual class schedule as well as their grade level zoom link. Also included is the link for their Special Area class. Schedule information will also be located on the school website.

Please take care of the instructional packet, keep it intact with your child's name, and return it completed as soon as school is back in session.

We will see you soon. Take care and stay safe.

****REMOTE LEARNING SCHEDULE BELOW**
