| RFP: <b>Site Work-hard surface parking slab and sidewalks</b>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                            | Proposal Due By: <b>10/30/2024</b> | <b>Ashwood School District 8</b> |
| <b>Project Overview:</b><br><br>Ashwood School District 8 is requesting proposals so they may install a hard surface parking slab and handicap accessible sidewalks at existing district housing on School District property.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                            |                                    |                                  |
| <b>Project Goals:</b> <ul style="list-style-type: none"><li>• To provide aesthetically pleasing areas to the exterior of existing housing for the purpose of handicap accessible parking and navigating to and from the residence.</li><li>• Provide increased value to the community.</li></ul>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                         |                                    |                                  |
| <b>Scope of Work:</b><br><b>Site Preparation</b> <ul style="list-style-type: none"><li>• Excavate and prepare the site for hard surface application. Acceptable materials include but are not limited to concrete or asphalt.</li><li>• Artistic consultation/design and composition using already existing elements reflective of the Ashwood community.</li></ul> <b>Finish:</b> <ul style="list-style-type: none"><li>• Supply and install a hard surface parking slab to county code requirements. Slab should be in the dimensions of <u>~16'</u> x <u>~33'</u>, and of <u>"code"</u> thickness. The slab should adjoin the handicap ramp to the rear of the house for a nearly seamless and same height transition from the slab onto the Trex ramp. See the attached diagram.</li><li>• Supply and install hard surface sidewalks to county code requirements. Sidewalks will be placed from the slab to the steps at the front of the house (running in a north/south direction) and be <u>~27'</u> long, <u>~4'</u> wide, and of <u>"code"</u> thickness. A second sidewalk goes from the front deck steps east to the front access road, and will be <u>~4'</u> wide, <u>~13'</u> long, and of <u>"code"</u> thickness. See the attached diagram.</li><li>• Please detail any additional cost for the front two sidewalks to be stamped and stained with an aesthetically pleasing design and color.</li></ul> |                                    |                                  |
| <b>Current Roadblocks and Barriers to Success</b> <ul style="list-style-type: none"><li>• Ashwood is located 30 miles from the nearest town services in Jefferson County, preparation for travel, food and delivery of materials need to be planned out ahead of time</li></ul>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          |                                    |                                  |

## Request for Proposal

### Evaluation Metrics and Criteria

- Adherence to the Scope of Work and timeliness of completion
- Best value of product offered in relation to proposed costs
- Quality of materials

### Submission Requirements

- Detailed Bid, outlining estimated cost of materials type, specifications, installation, travel, labor and any special requests noted under scope of work.
- Will consider bids on portions of each project
- Provide documentation of license #/ willing to submit Form W9
- Client references preferred

Project Due By: **Estimated completion date October/Nov/Dec 2024**

Budget:
