Enrichment Bingo

Directions:
1. Pick two new activities a day. You do not have to do them in order.
2. When you are finished each day, have an adult sign or initial your box.
3. When you are done with the whole week's worth of activities have an adult sign at the bottom of this page.
4. If you can take a picture and send it through Google Classroom (Grades 3-5), or Seesaw (Grades K-2), that would be awesome!
