_____ 12. Attend a May 2023 meeting (Date TBD) during which the teacher will complete the appropriate form to renew his or her teacher certification.

(Alternative Certification Year 2 (Phase I) or move to One Year Temporary Provisional Certification (Phase II). The One Year Temporary Certification is required for two consecutive years, to be renewed at the end of the first year. During the two year time period, the teacher hired through alternative certification must complete six graduate credit hours with credit verified on a transcript from an accredited college or university .

Phase II (Two Years) Contact the HR Department with questions.

This is a two-year phase during which the teacher is teaching on a one-year, temporary provisional teacher certification that must be renewed at the end of the first year.

During this Phase, the teacher is permitted to complete additional Praxis Content exams to add additional content endorsements.

- _____ 1. Continue to receive support as needed by the BTAC.
- _____ 2. During this two year period, the teacher hired through alternative certification must complete/pass six hours of graduate level work (with a transcript provided)
Additional details related to available classes will be provided during this time period.
- _____ 3. Receive a final emerging evaluation from the building principal.
- _____ 4. Attend an end-of-year meeting during which the teacher will complete the appropriate form to renew his or her teacher certification for a second year on the provisional one year temporary certificate or the three-year provisional certification.

PHASE III (Three Years)

When certified in Phase III, the teacher hired through alternative certification will now be recognized as a fully certified teacher, just as a teacher who has graduated from a teacher education program is recognized.

During this three year period, the teacher who entered the profession through alternative certification will be teaching on a regular three-year provisional teaching certificate. The teacher will again be required to complete six additional graduate hours to renew his or certification at the end of the third year. After meeting all requirements, the teacher will be able to receive a five-year teaching certificate. All teachers, regardless of their avenue to becoming a teacher, must complete six additional graduate hours to move from the three-year teaching certificate to the five-year teaching certificate.
