Lisbon Regional School Mission Statement

Lisbon Regional School will create a learning environment that encourages high expectations through rigorous instruction that addresses the individual needs and learning styles of our students. Our school will support our student's social and emotional needs by promoting an environment of respect and understanding. We believe community involvement and partnership is essential to our student's success.

Lisbon Regional School Vision Statement

The vision of Lisbon Regional School is to empower students to become productive members of the local and global community.

Developed: December 15, 2022

Lisbon Regional School Philosophy

Our philosophy is concerned with the fact that our children are our most important asset: as such, their abilities, attitudes and loyalties are our responsibility.

The school must be prepared to educate a variety of individuals to the maximum benefit of themselves, their community, state, and nation.

We believe the primary purpose of Lisbon Regional School is to provide an environment for developing well-adjusted individuals. We feel that educational philosophy must center around and focus on the individual, his/her learning process, and his/her relationship and interaction with other students and teachers.

We believe it is our duty to accept each student as a person. His/her feelings and ideas deserve consideration. We must allow and encourage students to work at their own rate to develop their own unique learning styles. Emphasis should be placed on learning rather than teaching.

We must strive to provide a flexible and divergent program, so each student can succeed in his/her work. We should make the learning process relate to the students' experiences so it is relevant to them. Students should be encouraged to develop a sense of responsibility.

The teachers should act as leaders, parents, and guides in a most professional manner. The primary goal of the teacher and school is the student's growth as a knowledgeable citizen.

Adopted: May 8, 2002

Student Attendance

I. Introduction:

To ensure that our students receive the maximum benefit from their years at Lisbon Regional School, they must be in attendance as much as possible. It is to this end that this Attendance Policy is designated. Classroom activities such as discussion, group work, and visual presentations cannot be duplicated by makeup work and, therefore are lost to the student.

Parents should call the school office between 7 and 8 AM to explain that their child is ill and will not attend school. ***If parents do not notify the school before 10am the absence will remain unexcused unless a medical note is provided.*** There will be voicemail (838-6672 or 838-5506) to record calls before 7:00 AM. Chronic absenteeism will be monitored by the administration and dealt with appropriately.

II. Attendance Policy:

- a) School attendance is mandatory in New Hampshire under State Statute RSA 193.8. Students with excessive absences may have difficulty completing competencies and could be in danger of not being promoted to the next grade.
- b) Excused absences mean that a student may be given an extension to complete missed work. The length of the extension is to be determined by the classroom teacher. It is the student's responsibility to communicate with their teacher to determine what work has been missed. No extensions will be given for unexcused absences, and the student is responsible for getting work assigned when absent.
- c) The following would be considered excused absences:
 1. Medical appointment or illness (with doctor's note - **note must be provided within one week of an absence. If not received within one week, all absences will be unexcused.** No backdated doctors/medical notes will be accepted).
 2. Death in the family.
 3. Dismissal by a school official (nurse, administration) for non-disciplinary reasons.
 4. Compulsory legal obligations
 5. Religious obligations
 6. Suspension from school
 7. Prior approval from the administration.
- d) Students with five unexcused tardies will be assigned an unexcused absence. Tardiness or dismissals that fall into the "excused absences" categories listed above will be excused.
- e) New students entering throughout the year will be prorated for each class in attendance. They will be held accountable to the same rules as all other students.
- f) Notification will be provided at the following unexcused absence milestones each semester for students in grades 9-12 enrolled in semester-length classes:
 - a. 5 unexcused absences = 1st written notification provided to parents
 - b. 8 unexcused absences = 2nd written notification provided to parents, signed by parents and returned to school.
 - c. 10 unexcused absences = Student will receive an administrative failure*
- g) Notification will be provided at the following unexcused absence milestones for students in grades K-8 or 9-12 enrolled in a full-year class.
 - a. 10 unexcused absences - 1st written notification provided to parents

- b. 16 unexcused absences - 2nd written notification provided to parents, signed by parents and returned to school.
- c. 20 unexcused absences - Student will receive an administrative failure*

* Administrative failure for students in grades 9-12 will result in loss of credit for each class the student exceeds the number of unexcused absences. Administrative failure for students in grades K-8 may result in mandatory retention due to missed instructional time.

III. Responsibilities:

- a. Students: It is the student's responsibility to be in school whenever possible and to make up any work missed due to an absence or to arrange for work ahead of time if it is a planned absence.
- b. Parents: Parents must ensure that their children are in school whenever possible. They must also be aware that removing their children from school, for whatever reason, places their children at risk of academic failure. Parents are also requested to call the school if their child is to be absent that day (838-5506/838-6672). **Parents and the student must sign and return attendance letters that are sent by the Office.**
- c. Teachers: Teachers must keep accurate records of their student's attendance, as defined in this policy.
- d. Attendance Committee: Attendance Committee is responsible for this policy's fair application and administration.

IV. Other:

- a. Tardiness/Early Dismissal: The rules of this policy apply to tardiness and student dismissals.
- b. Extracurricular Activities: Any activity that removes a student from the classroom (i.e., field trips, sports, meetings, etc.), must meet with the teacher's approval for grades seven through twelve. If two or more teachers withhold approval (one teacher in the elementary), the student will not be allowed to participate.
- c. Long-Term Absences: Long-term absences, such as those caused by illness or injury, will be handled outside of this policy and reviewed by the Administration. If the student involved does not agree with the decision of the Administration, they may appeal to the Attendance Review Panel.
- e. Appeal Process: If a student would have earned credit for any class exceeding 10 unexcused absences, they may appeal to the Attendance Review Panel. This panel will consist of a teacher, administrator, and school counselor. If the student or family do not agree with the result of the appeal, they may appeal to the full school board. For students in grades K-8, an appeal may be made by parents or guardians on the students behalf.

VI. Make-Up Work:

Make-up work should be completed to the satisfaction of the teacher involved. It is the students responsibility to contact their teacher and set up a timeline to complete the missing work.

Charging of School Lunch Procedures

The Lisbon Regional School District recognizes the value of good nutrition to our students' health and educational well-being. The School Food Service Department, as part of the National School Lunch Program, makes balanced meals available to students every day that school is in session. These meals not only meet specific nutritional guidelines, but must also be provided in a financially responsible manner.

Lisbon Regional School Food Service operates as a debit system, with accounts for each child. Monthly, weekly or daily payments are encouraged for meals, milk and/or snacks. Parents/Guardians are expected to be responsible for not letting the account become past due. Low balance notices will be given to students.

If a student falls below zero, the office will call the household and a written notice will be sent home. The account must be paid in full within 3 days. If any account reaches \$5 past due, the office will personally call the household again. Parent/Guardian will be expected to provide payment at that time. All monies received will be applied to past due balances first.

All staff may also set up debit accounts. Credit will not be extended to staff.

In accordance with Federal Law and U.S. Department of Agriculture policy, the Lisbon Regional School is prohibited from discrimination on the basis of race, color, national origin, sex, age, or disability. To file a complaint, write USDA, director, Office of Civil Rights, Room 326-W, Whitten Building, 1400 Independence Avenue, SW, Washington, DC 20250-9410 or call (202-720-5964 (voice and TDD)). USDA is an equal opportunity provider and employer.

Student Transportation

The School Board and staff members are very concerned about safety as we transport pupils. Cooperation from both parents and students is requested as we attempt to keep the buses safe for all concerned. Transportation is provided for children who live two miles or more from the school building. Students using district transportation should understand that they are under the jurisdiction of the school from the time they board the bus until they are deposited at school or are deposited at the stop nearest their home.

Pupils transported in a school bus shall be under the authority of the School District and under control of the bus driver, a legal representative of the School Board. The safety of pupils riding school buses cannot be left to chance, and it is imperative that good order and discipline be maintained in each bus. All buses are now equipped with video cameras. **To ensure the safety of all students your child may be on videotape while being transported on the bus.** Continued disorderly conduct or persistent refusal to submit to the authority of the driver shall be sufficient reason for a pupil to be denied the privilege of transportation in accordance with the regulations of the School Board.

The driver of the bus shall be held responsible for the orderly conduct of the pupils transported. Each driver has the support of the School Board in maintaining good conduct of the bus. IF A STUDENT IS TO LOSE THE PRIVILEGE OF RIDING ON THE BUS, ADVANCE WARNING WILL BE GIVEN EXCEPT FOR EXTREME MISCONDUCT.

Student Rules and Conduct on a School Bus

1. Pupil shall arrive at the bus stop at least five (5) minutes before the bus is scheduled to arrive.
2. Pupil shall wait in a safe place, clear of traffic until the bus stops, door is open, red flashing lights are on, and the driver has directed you to proceed.
3. Pupil shall wait in an orderly line and avoid horseplay.

4. Pupil shall cross the road or street in front of the bus only after the bus has come to a complete stop and upon direction of the driver (10 foot minimum crossing distance).
5. Pupil shall go directly to an available or assigned seat when entering the bus, and move in toward the window. At that time, they must fasten their seat belt if they are required to wear them.
6. Pupil shall remain seated until they have reached their designated stop and the bus has come to a complete stop. Aisles and exits must be kept clear at all times and emergency door will be used for emergencies only.
7. Everyone shall observe classroom conduct and obey the driver promptly and respectfully. The driver is in complete charge of the bus and his/her decisions and requests must be followed.
8. Pupil is permitted to carry only objects that can be held on his/her lap.
9. Pupil shall refrain from throwing or passing objects inside the bus or out of the bus.
10. Pupil shall refrain from eating and drinking on the bus.
11. Pupil shall respect the rights and safety of others.
12. Pupil shall refrain from leaving or boarding the bus at locations other than assigned stops at home or school. Students may ride only the bus that they have been assigned. (Exceptions will only be made with a note from the principal.)
13. Pupil is prohibited from extending head, arms or objects out of the bus windows. Students will not be allowed to lower windows without permission of the driver.
14. Only authorized riders will be permitted on the bus.
15. When necessary, students will be expected to sit three passengers to a seat.
16. Pupil is prohibited from using tobacco, alcohol, drugs, or any controlled substance. The police will be notified whenever a student is involved with the possession and/or use of alcohol, drugs, or any illegal substances.
17. Pupil shall refrain from the use of profane language, obscene gestures, excessive noise, fighting, wrestling or acts of physical aggression on the bus.
18. Pupil shall not carry hazardous material, nuisance items and animals onto the bus.
19. Pupil is prohibited from hitching rides via bumper or other parts of the bus.
20. Students/Parents will be held responsible for any and all damages to the bus perpetrated by the student.

When violations occur, the following procedure will be used:

FIRST OFFENSE will result in a letter of warning with a copy sent to the student's parents/guardians, and a copy kept on file in the School Administrator's Office and the Transportation Office.

SUBSEQUENT OFFENSES may warrant a five (5) day bus suspension. All suspensions represent school days, not calendar days. There may be circumstances that could result in immediate suspension from the bus – such disciplinary action to be at the discretion of the appropriate school administrator or the bus driver.

Violations for the following may result in IMMEDIATE 10 day bus suspension without prior warning:

1. Fighting
2. Use of controlled substances
3. Use of tobacco
4. Throwing objects inside or out of the bus
5. Disrespect towards the bus driver, in words or actions

6. Vandalism

If a pupil has been denied the right to ride a school bus for disciplinary reasons, the parent or guardian of that pupil has right of appeal within ten (10) days of suspension to the authority that suspended this pupil's right. Until the appeal is heard, or if the suspension of pupil's right to ride the school bus is upheld, it shall be the parents' or guardians' responsibility to provide transportation to and from school for that pupil for the period of the suspension.

Lisbon Regional School Policy EEA

Student Automobile Use

Improper use of a motor vehicle on school grounds can have the following consequences: First offense: Warning, Second offense: detention/parent contact, Third offense: suspension of parking privileges. Driving a motor vehicle from school grounds during the school day without written authorization will be considered improper use of a motor vehicle and will be considered grounds for suspension.

Parking at the school is a privilege granted by the school and the privilege will be withdrawn if it is abused. Students are to park along the bank closest to Ash Hill. Failure to adhere to the designated parking area may result in loss of parking privileges. Inappropriate conduct while driving (spinning tires, etc.) may also result in loss of parking privileges.

Adopted: September 11, 2002 Lisbon Regional School Policy JLIE

Evacuation/Emergency Procedures

The administration of the school feels that it is imperative that every student is prepared for an emergency if one arises at the school. With this in mind, the school will have fire, off site evacuation, reverse evacuation, and intruder drills periodically throughout the year. These drills are meant to familiarize the students with the evacuation process so that, in case of an emergency, they will know exactly what to do in a calm and orderly fashion.

Visitors to the School

No person shall visit the school without first reporting to the office of the Principal as to the purpose and place of the visit. Students being dismissed will meet parents at the main entrance of the school. All persons, other than staff and pupils enrolled in the school, who may come to the school for any reason during the school day are considered visitors and must report and sign in at the school office and receive a visitor pass. Employees of the school system (directors, coordinators, maintenance staff members, and others) are to advise the school Principal or Secretary that they are in the building. Between 7:45 am and 2:45 pm all doors will be locked. Persons wishing to meet with a teacher for the purpose of discussing a particular problem shall do so only at a time when it does not interrupt the normal school program. Persons wishing to make such arrangements may do so by securing an appointment with the teacher through the office of the Principal or by direct contact with the teacher. In regards to non-students attending school functions (dances), students must ask for administrative permission to allow non-students to participate prior to the event.

Adopted: September 11, 2002 Amended: August 11, 2004 Lisbon Regional School Policy KI

Volunteers

The District recognizes the valuable contribution made to the total school program through the volunteer assistance of parents and other citizens. In working with volunteers, a staff member shall clearly explain the volunteer's responsibility.

The Principal shall be responsible for developing and implementing procedures for the utilization of volunteers.

Volunteers shall:

- a. Volunteers who serve on an on-going basis, who have regular contact with students, or who have duties involving one-to-one contact with students, shall be screened through the District's regular background checking process and the Criminal History Records Check Law procedure. *(See policy GBCD)*
- b. Serve in the capacity of helpers and not be assigned to roles which require specific professional training. Instructional services shall be rendered under the supervision of certified staff.
- c. Refrain from discussing the performance or actions of a student except with the student's teacher, counselor or Administration.
- d. Refer any student problem which arises, whether of an instructional, medical or operational nature, to a regular staff member.
- e. Receive orientation, including:
 1. General job responsibilities and limitations.
 2. Information about school facilities, and procedures, including safety and evacuation.
 3. Work schedule and place of work.
 4. Expected relationships to regular staff.
- f. Have assignments and activities carefully defined. Examples of duties may include:
 1. Bulletin Boards;
 2. Materials for art, science, math classes;
 3. Clerical duties including making copies or stencils, inventories, putting booklets together, newsletters and related activities, student lunchroom counts;
 4. Clean-up activities;
 5. Library and audio visual duties;
 6. Assistance with physical education exercises;
 7. Instructional activities appropriate to the volunteer's training and classroom needs, such as monitoring math assignments, listening to oral reading, and others.
 8. School activities supervision and playground supervision with at least one staff member.
- g. Be terminated when:
 1. Program and/or duties are no longer needed;
 2. They are replaced by paid staff; or
 3. In the sole judgment of the administration, their conduct does not meet the standards of the District.

Volunteer coaches and assistant coaches of all sports must be in compliance with the standards set by NHIAA.* Volunteers should only function under direct supervision of a school employee.

Revised: 08-08-07 Adopted: 4/14/04

PL 94-142

Public Law 94-142 provides for the free and appropriate public education of all students with educational disabilities from ages 3 to 21 and the identification of all children with educational disabilities from birth to age 21. Children in private schools, public schools or currently not enrolled in school are equally eligible for these services.

It is our intent to identify, evaluate and successfully educate all eligible children with disabilities in our districts. We encourage parents, neighbors, and agencies to refer to us any child whom you feel may have an educational disability. You may contact your local building principal or the S.A.U. #35 Director of Special Education to initiate the process.

Parental Involvement in Education

The District recognizes that a child's education is a responsibility shared by the school and family during the entire period the child spends in school. To support the goals of the school district to educate all students effectively, the school and the parents work as knowledgeable partners.

The Board will support the development, implementation and regular evaluation of a parent involvement program that will involve parents at all grade levels in a variety of roles. The parent involvement program will be comprehensive and coordinated in nature and will include, but not be limited to the following:

1. Promotion of clear two-way communication between the school and the family as to school programs and children's progress.
2. Assistance to parents and/or guardians to develop parenting skills to foster positive relationships at home that support children's efforts and provide techniques designed to assist their children with learning at home.
3. Involvement of parents, with appropriate training in instructional and support roles at school.
4. Provision of access to and coordination of community and support services for children and families.

These forms of involvement are not mutually exclusive and require a coordinated school-wide effort.

Parent's Right to Know – (Section 1111(h) (6) (A) - Parent's Right To Know)

At the beginning of each school year, a LEA (Local Education Agency) that receives Title I funds must notify parents of each student attending any Title I school that the parents may request, and that agency will provide the parents on request (and in a timely manner) information regarding the professional qualification of the student's classroom teachers, including at minimum the following:

- Whether the teacher has met State qualifications for the grade levels and subject areas in which the teacher provides instruction;
- Whether the teacher is teaching under emergency or other professional status that the State has waived;

- The degree major of the teacher and any other graduate certification or degree held by the teacher and the field of discipline of the certification or degree; and
- Whether the child is provided services by professionals and if so their qualifications.

Additional Information – A school that receives Title I funds **must provide to each individual parent** -

- Information on the level of achievement the child has made on all state assessments;
- Timely notice that the parent's child has been assigned or taught for 4 or more consecutive weeks by a teacher who is not highly qualified.

Family Educational Rights and Privacy Act (FERPA)

This policy gives parents and eligible students the following rights:

- The right to inspect and review the educational records of their child. These records include course grades, grade point averages, standardized test scores, attendance records, intelligence tests, psychological tests, aptitude tests, counseling records, career assessments, health and family history records, and individualized education plans.
- The right to challenge the content of educational records. A hearing may be requested if the parent feels that the information is inaccurate or misleading.
- The right to consent to the disclosure of their educational records. There are exceptions that apply such as disclosure to other school officials with legitimate interests, directory information, when a court order or subpoena is presented, and other authorized officials.

“An educational agency or institution shall give full rights under the Act to either parent, unless the agency or institution has been provided with evidence that there is a court order, State statute, or legally binding document relating to such matters as divorce, separation, or custody that specifically revokes these rights.” (FERPA, 20 U.S.C. 1232g, Section 99.4).

Issues Surrounding Child Custody

We, at Lisbon Regional School, feel that parental involvement is an essential element in a child's academic success. Therefore, it is important that families realize that even when there is divorce, separation, or other issues that require one parent to have physical custody of their child, the non-custodial parent may still be involved in their child's education.

- Parents, both custodial and non-custodial, have the rights to view their child's school records, according to the FERPA guidelines, receive school progress reports, the school calendar, school newsletters, visit the school for school related functions, participate in parent/teacher conferences, and receive notifications related to Special Education.
- We strongly encourage parents to provide the school with all legal paperwork necessary regarding custody and legal issues involving the school.
- Unless a specific court order or other legal document is on file, all natural parents have access to their child's educational records under the FERPA.
- Non-custodial parents may request a copy of their child's records, in writing with proof that they are entitled to this information. The custodial parent will be notified of the request.
- Legal custody is required for any educational decisions that may need to be made for the child.

Asbestos Statement

All schools in SAU #35 have been and will be inspected every three years for the presence of asbestos-containing materials. The condition of these materials will be reviewed every six months until they have been removed from the building. A plan has been developed for managing these materials while they remain in place. All reports and the asbestos areas are listed in the plan. This plan is on file at each school and can be reviewed during normal business hours.

ASSESSMENT

Homework Policy Grades K-12

Homework is designed to increase pupil achievement, enhance basic skills and build self-confidence. It also serves as a vital means of supplementing, reinforcing, and enriching the formal instructional program. Teachers should assign homework tailored to the specific interests and capabilities of each student. Although some homework assignments should emphasize practice skills and drill memorization through repetition of class work, most homework should foster independence and creativity in students and promote responsibility and positive work habits.

The following represent key indicators which parents and teachers can use to structure homework assignments for better student achievement and stronger motivation.

1. Homework should serve a valid purpose with a measurable outcome to prepare for new units of study; to provide the practice of a principle or skill already taught; to provide and encourage real-life applications; to develop an appreciation for or knowledge of community resources; to develop the personal culture of a student and to meet that student's needs, interest, or achievement level in school.
2. Homework assignments should be clear and specific.
3. Homework assignments should be designed to promote:
 - a. growth in responsibility
 - b. positive attitudes and interest in a subject
 - c. feelings of accomplishment
 - d. increasing levels of independence
 - e. creativity or problem solving skills
 - f. skills in budgeting use of time
 - g. development of good work habits

Homework activities should be reviewed or evaluated as an integral part of classroom learning. It is extremely important that each of us involved in the education of our children as future citizens, recognize the value of homework and support its use in our classrooms. Research has shown that schools with clear homework policies that foster mutual understanding between teachers and parents offers a more effective and open learning environment for their young people.

Assessment Procedures in grades PK-4

For students in (pre-school)/kindergarten through grade 4 the school year is divided into trimesters. Report cards are issued three times a year. The following is the progress key:

District Learning Scale Grades K-4

		Performance Descriptor	
Level	Student Voice	Grades K-2	Grades 3-4

Standards-Based Assessment Procedures in grades 5-12

Rationale:

In the fall of 2008, schools in New Hampshire were required to award credit in high school classes based on competencies. These competencies are derived from the essential knowledge and skills a student should have after taking a course and will determine the student's proficiency. In core classes such as English and mathematics, these competencies were written from the Common Core State Standards (CCSS), which serve as the framework for school curricula in the State of New Hampshire. This change created a need to take a serious look at reporting practices K-12 and how we can accurately report proficiency levels and competency attainment for all students.

Successful Completion of Subject/Credit Determination:

Successful determination of credit for a topic, unit, or course will be determined by a student's demonstration of proficiency in 100% of the class competencies, as outlined for each curricular area/course. The final score for the course will be based on a combination of 90% summative assessments' average (the mean) and 10% formative assessments' average (the mean). The teacher will make the final determination of how each assessment is individually scored and weighted. The teacher will make the final determination of successful completion of a course competency based on the scale listed below.

PD	-	Proficient with Distinction
P	-	Proficient
BP	-	Basically Proficient
I	-	Incomplete
N	-	No Evidence/Progress

Formative Assessments: Formative Assessments (assessment **FOR** learning) will be assessed using the Lisbon Regional competency scale as defined below. Formative Assessments are opportunities for students to practice new knowledge or skills being taught. These activities provide feedback to both the teacher and student regarding where additional work and/or instruction may be needed. The student may be required to redo any formative activity not completed at a successful level. Formative assessments take a variety of forms, including, but not limited to, skill checks, rough drafts, worksheets, informal observations, pre-tests, class work, homework, quizzes, verbal responses, or written answers. Formative Assessments will count for 10% of a student's overall grade.

The use of formative assessments is important so that the student gains the knowledge and skills necessary to be successful in the mastery of the class competencies. If a student refuses to or is unable to complete the necessary class work or homework, he/she may be required to attend a work session with the teacher or attend homework club until the work is done successfully. Other arrangements may be made in grades 3-6 for completion of any formative assessments not done at an acceptable level. No formative work will be accepted for credit after a summative assessment is administered. The maximum score a student may attain on a formative redo is 2.5.

Summative Assessments:

Summative Assessments (assessments **OF** learning) will be assessed using the Lisbon Regional competency scale as defined below. Summative assessments certify what the student knows and is able to do after instruction has taken place. Summative assessments take a variety of forms, including, but not limited to, exams, extended learning opportunities, finished writing projects (term papers, essays, stories, etc.), tests, projects, presentations, performance-based assessments

completed in or outside the classroom setting, or specific forms of quizzes. Summative assessments will count for 90% of a student's grade.

****The final determination of what constitutes a formative versus a summative assessment rests with the teacher.**

Academic Requirements (updated 8/9/23)

In order to qualify for a Lisbon Regional High School diploma, each graduate shall successfully complete at least twenty-seven and one quarter credits selected from the school's program of studies and complete all Performance-Based requirements. Required credits are as follows for all students:

Arts Education	.5 Credit
English/Language Arts	4 Credits
Mathematics	4 Credits
(including 1 credit of Integrated Mathematics 1,2, and 3 or equivalents in the case of a student transferring into Lisbon Regional School)	
Sciences	3 Credits
(including 1 credit physical and 1 credit of biological science)	
Social Studies	3.5 Credits
(including 1 credit of World History, 1 credit of US and NH history, .5 credit of US Government, ½ Credit of Basic Business/economics)	
Physical Education	1 Credit
Health Education	.5 Credit
Occupational Preparation	.5 Credit
Foreign Language	1 Credit
Speech	1 Credit
Senior Project	1 Credit
Open Electives	7.5 Credits
Grand Total	27.5 Credits

In order to pass from one grade to the next, a student must earn the following credits:

6-½ Credits to enter 10th Grade and completion of portfolio review

13 Credits to enter 11th Grade and successful completion of portfolio review

19-½ Credits to enter 12th Grade

N List

Student's progress will be monitored weekly and any student receiving an "N" for No attempt/Progress on a summative assignment will have the next week to remediate the problem. If the N is not cleaned up in that time period the student will not be eligible for competition in athletic events and practices or participation in clubs and activities the following week. These rules apply to all students in Lisbon Regional **Middle and High School** who desire to participate in extracurricular activities. These rules cover the entire school year regardless of the activity in which the student is involved.

3.4-4	3.0-3.3	2.0-2.9	1	0
Proficient with Distinction (PD)	Proficient (P)	Basically Proficient (BP)	Incomplete (I)	No Attempt/Progress (N)
The student consistently and independently demonstrates the ability to analyze and synthesize essential content knowledge and skills in a new task or an advanced application.	The student consistently and independently demonstrates the ability to apply and transfer essential content, knowledge and skills.	The student demonstrates the ability to comprehend and apply essential content, knowledge and skills in a familiar task.	The student has not yet demonstrated proficiency of the competency, but is making progress (teacher comments included).	The student has not made an attempt to show proficiency of the competency <i>or</i> shows little to no progress.

Summative Retakes: A retake is the opportunity for a student to reattempt a **Summative Assessment** at the discretion of the teacher; this summative retake may differ from the original assessment. Before a retake is administered, the student has to complete all corrective action activities and participate in all additional instructional sessions required by the teacher. The teacher will decide on the date and time of the retake as well as the deadlines on all of the corrective action activities. With the exception of excused absences, students have up to 10 school days to complete all corrective actions and reattempt the summative assessment. For an individual competency, the maximum value used to recalculate the score on a summative retake is a 2.5 (Proficient).

Multiple Opportunities: Students will have multiple opportunities to demonstrate proficient performance levels on each class/course competency. Allowing students multiple ways and opportunities of demonstrating their proficiency is our goal.

"Redoing work is not to be taken for granted" (Wormeli 131).

"If it's a character issue, such as integrity, self-discipline, maturity, and honesty, the greater gift may be to deny the redo option" (Wormeli 132).

"Also, if a particular student is asking to redo work more than twice a grading period, there may be another problem that needs to be addressed" (Wormeli 132).

Honor Roll

Principal's List = 3.70 – 4.00 GPA and nothing lower than a **3** on the **Habits of Learning**

High Honors = 3.31 – 3.69 GPA and nothing lower than a **3** on the **Habits of Learning**

Honors = 3.00 – 3.30 GPA and nothing lower than a **3** on the **Habits of Learning**

= 3.31 - 4.00 with a **2** on one of the **Habits of Learning**

a student who earns a 2 on multiple Habits of Learning is ineligible for the honor roll

Academic Honorable Mention Award = Given to all students with nothing lower than a 3 on the Habits of Learning, otherwise not qualifying for Honor Roll.

We will have an Honor Roll celebration in January for students in grades 5-12 to coincide with the end of the semester and provide the students enough time and the opportunity to demonstrate proficiency in all of their courses. The Principal's list students and their parents will be our guest at a reception following the celebrations.

Procedure for Retention of Students

This section has been developed so that all members of our learning community can understand how retention of students happens or does not happen at Lisbon Regional School.

A child may be retained if:

1. A child's achievement and adjustment would be enhanced by a second year at the same grade level.
2. A large number of skills/competencies have not been mastered at the current grade level.
3. The environment that the student is retained in is appropriate to address his/her needs.
4. Lack of attendance by the student is a major concern.

The process for retention is as follows:

1. Parents will be involved early on in the process.
2. Teachers should identify students who are struggling academically, emotionally, socially or behaviorally as early as possible in the school year. Special help should be given to the student with specific areas of concern being shared with his/her parents.
3. The process will be a collaborative effort between administration, teachers, parents and students to assess whether retention is a viable option to meet the students academic, emotional, social and/or behavioral needs.

Academic Dishonesty Policy (Middle and High School)

Plagiarism on Summative Assignments

1. To submit to your teacher a paper that is not truly the product of your own mind and skill is to commit plagiarism. Plagiarism is the act of stealing the ideas and/or expression of another and representing them as your own. It is a form of cheating. Plagiarism on a formative assignment will be used for instructional purposes; all formative work leads to students doing summative assignments competently. Students will be required to redo those formative assignments that have evidence of plagiarism.

Plagiarism can take several forms:

1. The most obvious and serious form is word-for-word copying of someone else's work, in whole or in part, without acknowledgment, or proper citation using APA or MLA format.
2. A second form of plagiarism is the unacknowledged paraphrasing of the structure and language of another person's work. Changing a few words of another's composition, omitting a few sentences, or changing their order does not constitute original composition. If such borrowing or paraphrasing is ever necessary, the sources must be indicated by proper citation.
3. Another form of plagiarism is more difficult to define. It consists of writing a theme based solely on the ideas of another. Even though the language is not the same, if the thinking is clearly not your own, then you have committed plagiarism. (Abridged from the English Department at Ohio State University)
4. Additional forms of plagiarism include:
 - a. Copying and pasting from on-line or print sources without providing proper credit.
 - b. Using on-line paper suppliers or cheat sites.

Consequences for Plagiarism

Plagiarism is considered a serious offense at Lisbon Regional. Offenses will result in the following consequences for in-person learning: (Online learning consequences may differ)

First Offense - Minor: Minor infractions would include (but may not necessarily be limited to) incorrect attributions in text for quoted or paraphrased material; incorrect citations for quoted or paraphrased material; using quotation marks but not citing sources.

- The original assignment will receive an N (with a comment) and the student will need to redo the assignment, or complete another assignment, at a proficient level to show that he/she is competent

- The student will receive two administrative detentions
- An apology shall be given in person to the staff or students directly affected by the offense

- Parents/Guardians will be notified
- Teachers who have/will have the student will be notified

First Offense – Major: A major infraction would include (but is not necessarily limited to copying text word for word without citing the source; paraphrasing content without citing the source; falsely claiming information./data as one’s own (theft of intellectual property).

- The original assignment will receive an N (with a comment) and the student will need to redo the assignment, or complete another assignment, at a proficient level to show that he/she is competent

- The student will receive two administrative detentions
- *The student will be required to attend homework club/ detention until the assignment is completed to the teacher’s satisfaction (at the teacher’s discretion)*
- Parents/Guardians will be notified
- Teachers who have/will have the student will be notified
- An apology shall be given in person to the staff or students directly affected by the offense

Second or More offenses

- The student will receive two days ISS
- The school counselor will report the infraction to colleges during the application process. (High School)
- Parents/Guardians will be notified
- Teachers who have/will have the student will be notified
- An apology shall be given in person to the staff or students directly affected by the offense

Cheating on Formative and Summative Assignments

Cheating is any activity in which a student deliberately misrepresents his or her actual academic achievement.

Cheating includes:

1. Copying the work of another and presenting it as your own.
2. Helping another student to cheat, plagiarize, misrepresent, or otherwise engage in academic dishonesty.
3. Asking, persuading, or coercing another student to engage in any form of academic dishonesty.
4. Using an “app” to produce work/answers on mathematics problems or using Google to find the answers to mathematics problems and submitting them as your own. This applies to other subject areas as well (ie; Foreign language, Science, etc.)
5. The use of AI text generators such as ChatGPT, Bard, and other similar generators will not be accepted as original student work.

Consequences for Cheating:

Cheating is considered a serious offense at Lisbon Regional School. Offenses may result in the following consequences, at the administrator's discretion.

- The student will receive a zero on the assignment
- The student will receive two days of detention - first offense
- The student will receive two days of in-school suspension - second offense
- The student will receive three days of out of school suspension - third or more offense
- offense
- Parents/Guardians will be notified

Variables for Determining the Severity of the Offense:

- Repetition (prior incidents)
- Collusion with other students
- Type of assignment
- Type of violation
- Seriousness of offense
- Contrition of student
- Cooperation of student after accusation
- Premeditation of offense
- Degree of effect on school community

Distance Learning Program

Online classes are offered through the Distance Learning Program. Students may enroll in online courses as a means to enrich their learning and to resolve any potential course scheduling conflicts. Online classes do not replace similar face-to-face courses offered at Lisbon Regional School. Students must meet with the High School Counselor for online course selection and enrollment. Then the Distance Learning Coordinator will register students accordingly.

Exit Outcomes

Documentation of the Exit Outcomes is a requirement for each student in Lisbon Regional School to graduate.

An electronic portfolio will be used to record/collect documentation of meeting the Exit Outcomes.

Awarding of Credit

A unit of credit or fraction thereof shall be given upon satisfactory completion of a course or learning experience in compliance with the district specified curriculum and assessment standards. In some cases, course credit may also be awarded based on demonstrated mastery of the required competencies for the course. Assessment of mastery will be the responsibility of the building principal, and will be in accordance with **Policy ILBAA**, Competency Assessments. Credit will be awarded only once for a specific required course with the same content during the secondary school experience.

Alternative Credit Options:

In some cases, credit may be earned through alternative methods outside of regular classroom-based instructions offered by the district schools. Awarding of credits to be applied towards high school graduation will be determined by the high school principal and will be granted according to the provisions of **Policy IMBC**, Alternative Credit Options.

STUDENT BEHAVIOR EXPECTATIONS

Student Rights & Responsibilities

The privileges and rights of all students shall be guaranteed without regard to race, religion, sex, creed, marital status, or national origin.

A primary responsibility of the Local School District and its professional staff to its students shall be the development of an understanding and appreciation of our representative form of government, the rights and responsibilities of the individual and the legal processes whereby necessary changes are brought about consistent with the United States Constitution, its amendments, and the New Hampshire constitution.

The School community and the rules and regulations of a school are the laws of that community. All those enjoying the rights of citizenship in the school community must also accept the responsibilities of citizenship. A basic responsibility of those who enjoy the rights of citizenship is to respect the laws of the community.

Students shall have the right to peaceably and responsibly advocate change of any law, policy, or regulation. Students may exercise their right to freedom of expression through speech, assembly, petition, or other lawful means. The exercise of this right must not interfere with the rights of others. Freedom of expression may not be utilized to present material which tends to be obscene or slanderous, or to defame character, or to advocate violation of federal, state, or local law, or official school policies, rules, and regulations.

Students may present complaints to teachers or administration officials. Adequate opportunities shall be provided for students to exercise this right through channels established for considering such complaints.

Student Behavioral Responsibilities

All students should exhibit socially acceptable behavior and, in turn, will be held accountable for the consequences of their actions.

One of the most important lessons education should teach is discipline. While it does not appear as a formal school subject, it underlies the whole educational structure. It is the training that develops self-control, character, orderliness, and efficiency. It is the key to good conduct and proper consideration for other people. Consequences for inappropriate behavior follow a progressive discipline model.

Chronic Disruption/Disobedience	****

*Law enforcement will be contacted, and expulsion proceedings may be initiated based on severity

**Financial restitution may be required

***A finding of bullying or harassment may require law enforcement involvement depending on the nature of the behavior. Final school discipline will be issued pending the completion of any legal proceedings stemming from the investigation.

Suspension Progression

Students will receive progressive suspensions based on the number of office referrals they are given. Severity of offense may take precedence over the suspension progression when determining length of suspension. Progression resets at the beginning of each school year.

First Suspension (5 referrals) - 1 day ISS

Second Suspension (10 referrals) - 1 day OSS

Third Suspension (15 referrals) - 2 day OSS

Fourth Suspension (20 referrals) - 5 day OSS

Fifth Suspension (25 referrals) - 10 day OSS

Sixth Suspension (26+ referrals) - Length determined by Supt., expulsion procedures initiated

Detention

Classroom Detention: Each teacher is responsible for his/her own detention. If for disciplinary reasons a teacher assigns detention to a student, he/she is to supervise that student for the 45 minute period in his/her classroom. **Students are to be given a one (1) day notice to arrange transportation before they serve detentions or the teacher may obtain parent permission to make the detention timely.**

Office Detention: Students assigned to an office detention by the administration will report to the office or assigned detention room and will be expected to bring school work.

Detention of Any Kind Has Priority Over Any Other Student Commitments. Detention will be served with a twenty-four hour notice to the student. Office or teacher detention assigned to students for disciplinary reasons take precedence over all athletic practices, games or other activities. Detention will be handled by the teacher or office in a room designated by the teacher or principal assigning the detention.

If students are instructed by any teacher to leave class because of unsatisfactory behavior, they are to report immediately to the office. A student requested to leave the classroom is expected to respect the rights of others and to be cooperative and courteous. This attitude will help all students acquire the finest education possible.

Bus students are not excused from complying with a teacher request to report after school. **However, they are given a twenty-four hour notification so that they can make transportation arrangements. Parents and students should be aware of this policy.**

When a student skips or misses a detention, he/she will forfeit his/her participation in or attendance to any school activity for the remainder of the school day or evening. On the first skip, the detention will be doubled, if there is a second offense the student will be given an in-school suspension, any subsequent defiance of school authority may result in out-of-school suspension. *Adopted: September 11, 2002 Reference Lisbon Regional School Policy JKB*

Social Probation

Students placed on social probation are to arrive at school no earlier than 7:40 a.m. and must leave the school grounds by 2:35 p.m. The only exception to this rule is if the student is being supervised by a staff member. *Adopted: September 11, 2002 Lisbon Regional School Policy JKC*

In School Suspension

The administration reserves the right to place a student in In School Suspension (ISS) if their behavior does not conform to school rules. They may complete coursework during this time and are allowed bathroom and lunch privileges. Students will be required to hand in their powered off cell phone to the office staff for the duration of the ISS.

Out of School Suspension

A student may be given an Out of School Suspension (OSS) if their behavior deteriorates to the point where they can no longer be in the school. Students placed in Out of School Suspension may not participate in school activities either on or off campus. They are encouraged to make up the class work they missed and their absences will not be counted towards the attendance policy. For each day of suspension, the student will have an equal time to complete assignments. Assignments will be given to a student upon their return to school unless requested sooner. Snow days do **NOT** count towards suspension days.

Student Dress Code

The purpose of a dress code is to ensure that all students are treated equitably regardless of gender/gender identification, sexual orientation, race, ethnicity, body type/size, religion, and personal style. Therefore, students are expected to dress and appear in a manner that will not be detrimental to the safety, health, and welfare of the school community nor contribute to a hostile or intimidating atmosphere. Clothing and masks with offensive images or language, profanity, hate speech, sexual references, or clothing with images or language depicting or advocating violence or the use of alcohol or drugs, is considered inappropriate for school. All tops must have straps at least two inches wide and cover the stomach and back. All bottoms must fully cover the buttocks. All undergarments must be covered by an opaque (not see through) material. Hats, hoods, and other head coverings are not to be worn except on specified “Hat Days” or for medical or religious reasons. Suitable footwear must be worn at all times.

Improperly attired students will be asked to change into acceptable attire by the staff. If this request is not adhered to or if a student continually comes to school inappropriately dressed, the administration reserves the right to suspend this student from school. LRS students are to adhere to this dress code at all school sponsored activities, at home or away. Courses/activities may require specialized attire (for example: Internships, concerts and dances, vocational, field trips, public speaking, etc.).

Lisbon Regional School Board Policy JICA

Drug & Alcohol Use by Students

Dangerous and narcotic drugs, which a student has on prescription and has on school property for ingestion as prescribed by a doctor, will be kept in the nurse's or principal's office.

The illegal use of drugs, and/or possession of the same, in any form, is not permitted at any time. Parents will be informed immediately if a student is in violation of this policy, and the matter will be brought to the attention of the Board and other proper authorities.

- a. In case a student appears to be under the influence of drugs, the parent will be notified by school authorities to come for the student and remove him/her to his/her home or to a medical facility.
- b. In severe cases, if the parents can/will not come to the school, the principal or school nurse is authorized to call an ambulance to remove the student to the hospital. Parents will be notified of this action and be responsible for the incurred expenses.
- c. Upon reasonable evidence of the illegal possession and/or use of drugs by any student on district property, the student will be suspended from school for at least five days. A conference with parents, child and principal should be held as soon as possible.
- d. Any student found selling, distributing, or giving away illegal, prescription, or non-prescription drugs will be turned over to police authorities immediately and suspended from school at once pending Board action.
- e. Any student convicted in court for illegally selling drugs ON OR OFF school property will be suspended from school pending Board action.

Alcoholic beverages will not be permitted on school property at any time. Any student in possession of or under the influence of alcohol will be immediately suspended from school for not less than five days.

Tobacco Products Ban

Use and Possession In and On School Facilities and Grounds

Use of Tobacco Products Is Strictly Prohibited In/On All School Facilities and/or Grounds

No person shall use any tobacco/nicotine product in any facility maintained by the School District, nor on any of the grounds of the district.

A tobacco/nicotine product means cigarettes, cigars, snuff, smokeless tobacco, smokeless cigarettes, products containing tobacco/nicotine, and tobacco/nicotine in any other form.

"Facility" is any place which is supported by public funds and which is used for the instruction of students enrolled in preschool programs and in all grades maintained by the District. This definition shall include all administrative buildings and offices and areas within facilities supportive of instruction and subject to educational administration, including, but not limited to, lounge areas, passageways, rest rooms, laboratories, classrooms, study areas, cafeterias, gymnasiums, maintenance rooms, libraries, and storage areas.

Signs shall be placed by the District in all buildings, facilities and school vehicles stating that the use of tobacco products is prohibited.

It is the responsibility of the building principal, or designee, to initially enforce this policy by requesting that any person who is violating this policy to immediately cease the use of tobacco products. After this request is made, if any person refuses to refrain from using tobacco products in violation of this policy, the principal or designee may call the local police who shall then be responsible for all enforcement proceedings and applicable fines and penalties.

Students

No student shall purchase, attempt to purchase, possess, or use any tobacco/nicotine product in any facility or anywhere on school grounds maintained by the District.

Enforcement of this prohibition shall initially rest with the building principal, or their designees, who may report any violation to the local police department. In accordance with state law, the police department shall be responsible for all proceedings and applicable fines and penalties.

The principal will develop regulations which cover the disciplinary action to be taken for violations of this policy. These regulations will be communicated to students by means deemed appropriate by the principal. In addition to disciplinary actions taken by the school, criminal penalties for fines may result from violations of this policy.

All Other Persons

No visitor shall at any time use tobacco products in any facility, in any school vehicle, or anywhere on school grounds maintained by the District.

Responsibility for enforcement of this prohibition shall rest with all school District employees who may report violations to the local police department. In accordance with state law, the police department shall be responsible for all proceedings and applicable fines and penalties.

Care of School Property by Students

Students will be held responsible for proper care and return of books and other school property issued to them. Textbooks should be covered; students must pay for all books or other school property damaged or lost. Students who have not met their financial obligations may be excluded from school events.

Food and Drink

The consumption of food and drink outside of our school's cafeteria is a privilege, not a right.

1. Teachers will monitor their respective rooms and hallways. Teachers may decide that food and drink may not be consumed in their respective classrooms. If a student abuses the privilege of eating and/or drinking in a classroom, a teacher has the right to revoke this privilege. If an adult witnesses a student making a mess he or she has the right and obligation to make sure the student cleans up the mess.
2. No energy drinks allowed.
3. All drinks need to be in plastic bottles with caps.

4. If students leave the cafeteria with food (lunch), they must have a pass from a teacher stating where they may go with the food, there must be adult supervision.

Lockers

On your schedule, you will find the number of the locker which is assigned to you. You may not change your locker unless you have permission from the office. ***Do not leave money or valuable personal belongings in your locker.*** You may leave valuables in the office. Go to your locker only when necessary. Lockers are the property of the school and will be inspected periodically throughout the year.

Guidelines for Placing Posters and Flyers on School Grounds

Lisbon Regional School defines a “poster” or “flyer” as any form of print publicity – with no regard to size, shape, or content – that is displayed in a public area. The following must be adhered to when placing posters and flyers on school grounds:

- Administration must approve and stamp all posters and flyers prepared by students, student organizations, as well as any posters or flyers prepared by off-campus organizations, businesses or individuals, before posting occurs. The name of the sponsoring individual or organization must be clearly indicated on the poster or flyer.
- All posters and flyers must be in good taste. Poor taste includes, but is not limited to: sexually explicit pictures or photographs of any persons without clothing; statements, symbols, depictions or references to alcohol or drugs, foul language; and any other offensive or vulgar material.
- Posters and flyers may not be placed on top of any existing materials.
- Posters and flyers are not permitted in the following locations at any time:
 - o Glass entrance doors to buildings
 - o Bathroom doors
 - o Windows
 - o Light or electrical fixtures
 - o Fire alarm boxes and emergency equipment

Youth Employment Certificates (Working Permits)

Any youth under the age of 16 seeking employment must obtain a “working permit”. The procedure is as follows:

1. Secure a job.
2. Obtain a request form from your employer or online at <http://www.nh.gov/labor/documents/employer-request-child-labor.pdf>
3. Return completed request form to the office. A youth employment certificate will then be filled out by an issuing officer with information taken from this request form which will be signed by parent/guardian, youth, and issuing officer.
4. The completed work permit will then be taken back to the employer.
5. Student should maintain satisfactory academic progress if they wish to retain their certificate.

Eligibility requirements for a worker’s permit are the same as those listed under co-curricular regulations. Youths between the ages of 16 and 18 need only to provide the employer parental/guardian’s written permission for the minor to work. The employer will need to keep this letter on file.

SCHOOL RESOURCES/HEALTH SERVICES

School Counseling

Middle or High School students may obtain an appointment with the school counselor by contacting the school counseling office. Students will not be allowed to leave regular classes unless it is absolutely necessary, and then, only when initiated by the school counseling office.

The school counseling office contains catalogs from universities, colleges, nursing institutions, and technical schools. Career information is also available in the library. Be sure to check the bulletin boards regularly for announcements concerning the College Board Entrance Examinations which have deadlines for registration and costs for late registration, and for scholarship opportunities.

Nurse

The school nurse maintains an office located across from the library. Students not feeling well should report to the office and request permission to see the nurse. Students being excused by the nurse for the rest of the day must report back to the office to be excused from school. Students absent from school because of any contagious disease must report to the nurse and obtain permission to return to school.

Medication

In order to comply with New Hampshire State Regulations, and most importantly to assure the safety of our students, all medications will be dispensed through the nurse's office. All medications, both prescription and over the counter, must be brought in by the parent, guardian, or other authorized adult. All medications must be labeled in its original container. At this time, a written permission form must be completed and signed by the parent/guardian, prior to any medication being administered at school.

For all prescription medications, the school requires physician's orders prior to administration of the medication. No medication will be given at school until the school receives a proper container and written order from the physician and written permission from the parent/guardian. Inhalers that the physician feels should be carried by the student at school must be stated by the physician in the order.

Over the counter (non-prescription medications) will be given only with parent/guardian's written permission. If the student needs to take the medication on a regular basis, a physician's order will be required. Please feel free to call the Nurse's Office if you have any questions or concerns.

Physical Examinations

Every child, prior to entering into the school system is required by the New Hampshire State Law RSA 200:32 to have a physical examination. Immunizations must be up to date and include the following: Measles (Rubella); German Measles (Rubella); Mumps; DPT (Diphtheria, Pertussis, Tetanus); Polio. Refer to the latest immunization requirements under New Hampshire State Law RSA 200:38 and the New Hampshire Department of Health and Human Services. Unless there is a medical reason, explained by a licensed physician in writing, students will not be allowed to attend school until they meet the immunization guidelines under RSA 200:38.

Parents who wish a religious exemption for their child's immunization requirements must present this request in writing and signed by a Notary Republic. Refer to RSA 200:38. All students who participate in any school sponsored athletic program will need a physician

examination: One for 6-8 grades and one for 9-12 grades. Participating students should be encouraged to carry adequate insurance coverage.

Emergency Treatment

The school is responsible for emergency treatment only. In the absence of the school nurse the principal and/or someone of authority, preferably with first aid experience, will determine the necessary procedure and notify the parent immediately. If unable to reach the parent, the Lisbon Life Squad may be called and the child transported by ambulance to a local hospital. In case the Life Squad is not available, an ambulance or other emergency services will be contacted.

Head Lice

Head lice continues to cause concern and frustration for some parents, teachers and children. This school policy is intended to outline roles, responsibilities and expectations of the school community to assist with treating and controlling head lice in a consistent and coordinated manner. Parents have the main responsibility for the detection and treatment of head lice. Our school community will work in a cooperative and collaborative manner to assist all families to manage head lice effectively.

It is the expectation of parents/carers and families attending this school that you will:

- Check your children's hair for head lice weekly, at home, using the recommended conditioner/combing detection method.
- Not allow your child to attend school with untreated head lice.
- Regularly inspect all household members and then treat them, if necessary.
- Tie your child's hair back if it is long.
- Treat head lice safely and as recommended.
- Notify the parents or carers of your child's friends so they can check their children and treat them if necessary.
- Maintain a sympathetic attitude and avoid stigmatizing or blaming families who are finding it hard to control head lice.
- Act responsibly and respectfully when dealing with members of the school and broader community around issues of head lice.

To support parents/carers and the broader school community to achieve a consistent, collaborative approach to head lice management the school will:

- Provide practical advice and maintain a sympathetic attitude and avoid stigmatizing or blaming families who are finding it hard to control head lice.
- Access community educational resources and support, such as primary school nurses, community health centers and local government.
- Only exclude children from school with live insects.
- Accept the advice of parents that appropriate treatment has commenced.
- Encourage children to learn about head lice to help reduce stigma or bullying.
- Be aware of real difficulties some parents may have and seek extra support if required.
- Act responsibly and respectfully when dealing with members of the school and broader community around issues of head lice.
- Seek opportunities to increase our collective understanding of and response to managing head lice.

Insurance

Students are to have their own insurance coverage. Specific questions concerning coverage should be directed to their agent. However, if you have concerns, please contact the school nurse. Claims for payment or doctor and/or hospital bills must be completed by the parent and attending physician or hospital administrator. The school has no direct connection with the hospital or doctor bills. This is a matter involving the parent, doctor, hospital, and insurance agency.

Reporting Child Abuse

If a staff member suspects that a child is being abused or neglected, a report will be made immediately to DCYF and second notification to the school principal that a report has been made.

All school employees having reason to suspect that a child has been abused or neglected shall report to DCYF the same as required by law.

An oral report shall be made immediately by telephone and followed within 48 hours by a report in writing, if so requested, by DCYF Central Intake. Such report shall, if known, contain the name and address of the child suspected of being neglected or abused and the person responsible for the child's welfare, the specific information indicating neglect or the nature and extent of the child's injuries (including any evidence of previous injuries), the identity of the person or persons suspected of being responsible for such neglect or abuse, and any other information that might be helpful in establishing neglect or abuse or that may be required by the Division of Children Youth and Family Services.

Staff training is recommended at the building level on an annual basis.

Suicide Prevention

The board recognizes that self-destructive behavior and suicide occurs among children and adolescents in our country. Students identified as self-destructive are in need of appropriate help as quickly as possible. The primary efforts of school personnel working with a depressed or suicidal student are support, parental contact and referral. To that end, student confidentiality may be waived in life-threatening situations.

With the intent of contributing to the prevention of suicide among its pupils where possible, the board directs an Adolescent Suicide Program to be initiated including:

- In-service education to increase the awareness of all building staff about the seriousness of the problem and possible suicide “warning signs.”
- Establishment of referral/response procedures in the school to facilitate assisting pupils identified as possibly suicidal.
- Infusion into curriculum (K-12) of appropriate information to help students deal appropriately with feelings, to recognize possible suicide “warning signs” in themselves and others, and to increase awareness of alternatives and resources available for assistance.
- Parent awareness to increase understanding of parents about the problem and the resources available.
- Procedures in the school for dealing appropriately with tragedies to ease the impact on pupils, staff, and community in the event of a student suicide.

School system personnel cannot be expected to treat the suicidal adolescent. Rather, they need to recognize that they are in a position to aid in the identification of those young people who may be suicide prone and to intervene in order to link these young people and their families to treatment programs in the community. In addition, school personnel need to be better prepared to sensitively relate to suicidal young people following a suicide attempt, and to deal with the intense emotions/reactions of the school community following an actual suicide.

ATHLETICS & CO-CURRICULAR ACTIVITIES

Student Activities & Organizations

Student activities are an important part of the educational process. The Board encourages students to participate in a wide variety of co-curricular activities.

Before assuming participation in any co-curricular activities, the student must file appropriate forms with the school office signed by a parent or guardian which indicates the activities approved for the individual by his/her respective family.

Students may form as many organizations as they desire so long as they are not restrictive or secretive in nature. Any student organization must have an advisor or a sponsor. Any student organization must be approved by the principal.

The School Board encourages the principal to provide maximum participation by the student body in such areas as music (including band), drama, demonstrations and fairs (science, etc.) and community service.

Lisbon Regional School competes with other schools at the high school and middle school levels in soccer, basketball, softball, and baseball.

The school band shall not play at political rallies. The school band may play at functions only under conditions approved by the principal. *Adopted: September 11, 2002 Lisbon Regional School Policy JJA*

Co-and Extra-Curricular Activities

This policy will come into effect throughout each school year beginning on the first official NHIAA scheduled practice of the year and ending on the last day of school and/or the final NHIAA tournament event in the spring.

A. Co- and Extra-Curricular Activities Participation Rules

1) Members of all co- and extracurricular activities are expected to dress appropriately while traveling to participate in away events. Remember, you represent your school, family, community, but most importantly, yourself. Be proud of yourself, as we are of you – win or lose – and always present yourself in a manner which depicts you as a lady or gentleman.

2) If a member of an activity is not present to travel on the bus when it departs for an event, that member will not participate in the activity on that date. Exceptions will be a conflict in school activities or other types of emergencies. However, if a student misses a trip due to teacher or office detention, the student will not be permitted to play/participate that afternoon or evening.

To participate in an activity a student must attend school for the entire school day of an activity/practice/competition in order to participate. If the activity/practice/competition is on a non-school day the student must be in school the entire day immediately preceding the activity/practice/competition to be eligible to participate and no more than ten minutes late. Any exceptions **must** be pre-approved by the administration.

3) Student's progress will be monitored weekly and any student receiving an "N" for No attempt/Progress on a summative assignment will have the next week to remediate the problem. If the N is not cleaned up in that time period the student will not be eligible for competition the following week. A student who fails a **Core/Elective** course for any one marking term is ineligible for the following quarter and may regain eligibility to represent his/her school in any interscholastic contest if deemed to be in good academic standing by the principal at the end of that quarter. Also, an incomplete in any course is considered failing for participation in athletic/co-curricular activities until the grade is submitted in writing from the teacher, to the office for placement in the student's official file.

These rules apply to all students in Lisbon Regional **Middle and High School** who desire to participate in extra-curricular activities. These rules cover the entire school year regardless of the activity in which the student is involved.

The purpose of these rules is to:

1. Emphasize concern for the health and well-being of students who are or will be participating in extra-curricular activities.
2. Provide a chemical-free environment that will encourage healthy development.

B. Co- and Extra-Curricular (Athletic*) Code of Conduct

The purpose of this policy is to instill in our students the importance of good manners and a healthy lifestyle as well as set standards for disciplinary actions when necessary. It is the

responsibility of the staff to discuss this policy with the students prior to the beginning of all activities.

Upon signing up to participate in **ANY** co- or extracurricular program, a student agrees to the following rules and regulations:

- Provide certificate of medical* and parental permission to participate.
- Dedicate maximum effort toward individual improvement and team performance.
- **Attend school for the entire school day of an activity/practice/competition in order to participate.** If the activity/practice/competition is on a non-school day, the student must be in school the entire day immediately preceding the activity/practice/competition to be eligible to participate and no more than ten minutes late. Any exceptions **MUST** be pre-approved by the administration.
- Take proper care of uniforms* and school equipment.
- Comply with dress code.
- Travel to and from functions/competitions with the group/team; alternative travel plans must be approved in writing by a school administrator other than being released to the parent/legal guardian.
- Do not use, or knowingly be in the presence of illegal use of tobacco, alcohol or illegal substances.
- Use technology solely for positive purposes, on or off school property, in any activity related to school-sponsored activities. No message will be generated, responded to, supported or encouraged that discredits the school, team, club or community.

In the event a student violates the rules and regulations set forth in this agreement, the following disciplinary actions will be taken by the Adviser, coach and/or school administration. All activities a student is involved in during the time of the infraction will be affected and result in a consequence.

If the student is not involved in an activity at the time of infraction the next activity the student is involved in will result in the appropriate consequence.

First violation of rules, other than tobacco, drug/alcohol violations, will be handled at the team level at the discretion of the Adviser – using Adviser and/or team imposed discipline. The Adviser (Coaching Staff and Athletic Director*) will handle subsequent infractions with school administration and parental involvement, as they deem necessary.

Violations of the tobacco/alcohol/drug clause in this Code of Conduct are cumulative throughout the students' high school eligibility.

A **first violation** of the **tobacco/alcohol/drug clause** in this code of conduct will result in suspension from the team for **5** events (NHIAA sanctioned *). The student will also be required to attend a chemical abuse class cleared by the school. The student's parents will be notified and required to attend a meeting to discuss the infraction and pending disciplinary action. The student will be expected to participate in practices. Activities other than athletics will be handled in conjunction with the advisor and be determined by the number of functions being held by that group.

In the event a **second violation** of the **tobacco/drug/alcohol clause** of this agreement occurs, the student will be required to undergo individual evaluation by a substance abuse specialist and enroll in counseling as recommended. He/she will also be suspended from **10** events (NHIAA sanctioned*) **or the remainder of the current sport season, whichever is greater** and be expected to attend team practices.

Should a **third violation** occur the student will be suspended from all events for the remainder of his/her eligibility (grades 6-8 or 9-12). If, after 12 months, a student has successfully completed a treatment program, he/she may request reinstatement (of his/her athletic eligibility*). This appeal will be made to the Lisbon Regional School Board with the following people present: the student, his/her parent/guardian, the Adviser (Athletic Director*) and the School Administration.

*If applicable

Athletic Eligibility

The purpose of this policy is to instill in our students the importance of good sportsmanship and a healthy lifestyle as well as set standards for disciplinary actions when necessary. It is the responsibility of the coaches/advisors and captains to discuss this policy with the team prior to beginning practice. All participants and his/her parent/guardian must sign the Athletic Code of Conduct and commit to its enforcement during the entire school year in which he/she participates. Students will not be allowed to participate unless this document is on file with the Athletic Director.

Athletic Eligibility

Our eligibility rules, in general, follow those adopted by the New Hampshire Interscholastic Athletic Association and apply to both girls and boys who participate in junior varsity and varsity sports. Some of the basic eligibility rules are:

1. A pupil may compete in interscholastic athletics during the school year if his 19th birthday is on or after September 1.
2. No post-graduate shall represent his/her school in any interscholastic athletic contest.
3. Student's progress will be monitored weekly and any student receiving an "N" for No attempt/Progress on a summative assignment will have the next week to remediate the problem. If the N is not cleaned up in that time period the student will not be eligible for competition the following week.

Transfer Rule

1. A student who transfers enrollment with a corresponding move into a new school district by his/her parents or guardian shall be declared eligible immediately if all other eligibility requirements are met.
2. A student who transfers enrollment without a corresponding move into a new school district by his/her parents or guardian shall be required to be in attendance in the new school for one (1) year from the date of enrollment in order to establish athletic eligibility. This includes those students who transfer from a non-member school (i.e. prep school, etc.) back to the local school and those students who change school as a result of change in guardianship without parent/guardian changing residence. This requirement will be waived, of all the following conditions re:
 - A. The student has not transferred for the purpose of participating in interscholastic athletics and there has been no recruiting of the student for athletic purposes.
 - B. The transfer Rule Affidavit is completed and submitted to the NHIAA Executive Director.
 - C. All other eligibility requirements are met.
 - D. Any deviation from NHIAA Eligibility Rules shall be made only with consent of the Eligibility Committee of the NHIAA.
 - E. Non-school competition:

- a. Student athletes certified to participate in high school sports may not be a member of, nor play on any other team in the same sport, while a member of a school team and while that school team has remaining contests on its schedule or is eligible for NHIAA tournaments or CNESSPA competitions.
- b. Players who violate this rule for the first time shall be declared ineligible for participation in any high school sport for ninety (90) school days from the day of their last participation in a high school sport. Players who violate this rule a second or subsequent time shall be declared ineligible for participation in a high school sport.
- c. A non-school team is deemed to be a team if it has two (2) or more of the following: coaches, schedule games/events, schedule of practices, uniforms, award/recognition, and tournament playoffs.
- d. Competition during the school summer vacation period in athletic activities of a non-professional nature by a certified member of school teams shall not be considered in violation of the NHIAA eligibility regulation.

Athletic Participation Rules and Regulations

1. All athletes are required to receive a physical examination by a medical doctor prior to participating in the athletic program. One physical is required for Grades 6-8 and one physical for Grades 9-12 unless they've had a concussion or other medical concern.
2. Members of all athletic teams are expected to dress appropriately while traveling to participate in away games. Remember, you represent your school, family, community, but most importantly, yourself. Be proud of yourself, as we are of you – win or lose – and always present yourself in a manner which depicts you as a lady or gentleman.
3. If a member of an athletic team is not present to travel on the bus when it departs for an activity, that member will not participate in the activity on that date. Exceptions will be a conflict in school activities or other types of emergencies. However, if a student misses a trip due to teacher or office detention, the student will not be permitted to play/participate that afternoon or evening.
4. To participate in an activity a student **MUST** be in school the **ENTIRE** school day of an activity/practice/competition in order to participate. If the activity/practice/competition is on a non-school day, the student must be in school the **ENTIRE** day immediately preceding the activity/practice/competition to be eligible to participate. Any exceptions **MUST** be pre-approved by the administration.

These rules apply to all students in Lisbon Regional Middle and High School who desire to participate in extracurricular activities. These rules cover the entire school year regardless of the activity in which the student is involved. The purpose of these rules is to:

1. Emphasize concern for the health and well-being of students who are or will be participating in extracurricular activities.
2. Provide a chemical-free environment that will encourage healthy development.

School Board Policy JJIEA; Adopted: 08/08/12; Amended: 08/08/12

Code of Conduct Agreement

****(This form will go home with students at the beginning of the school year.)***

I, _____ agree to conduct myself in a sportsmanlike manner and abide by the rules of the Lisbon Regional School's Co- and Extra-Curricular Code of Conduct (and those of the New Hampshire Interscholastic Athletic Association). I have read and understand the consequence of my actions should I violate these rules as presented by my Adviser/Coach. I also realize that there is a risk involved in my participation that may result in injuries.

TECHNOLOGY

Telephone

Classroom phones are for **TEACHER USE ONLY**. Students may use the office phones for approved school business or an emergency call to their parents once they have been given permission to do so.

Unauthorized Communication & Electronic Devices

The Board recommends that these devices not be brought to school. Students may not use cell phones during instructional times nor may students take pictures or videos of others on school property or during regular school hours. Student use of cell phones is at the discretion of each individual staff member. Teachers may use such devices as a learning tool in the classroom at their discretion. ***Use of cell phones is strictly prohibited if a student is sent to the office or is serving In-school suspension (ISS).***

It is prohibited for students to take, store, disseminate, transfer, view, or share obscene, pornographic, lewd, or otherwise illegal images or photographs, whether by electronic data transfer or other means, including but not limited to texting and e-mailing. Any student found to have engaged in such conduct may be reported to local law enforcement authorities and may face criminal penalties in accordance with applicable law. School administrators may refer such matters to local law enforcement if the administrator believes student action in this regard involves illegal activity (e.g., pornography.) The contents of an electronic communication device may be searched to determine ownership or to identify emergency contacts.

The Board may grant an exception to this policy for medical or emergency reasons only. This exception requires a written report from the student's medical provider explaining the need for the exception.

The school district will not be responsible for loss, damage or theft of any electronic device brought to the school.

Consequences for Violating this Policy

First Offense: An administrative detention will be assigned and confiscation of the electronic device for the remainder of the school day, the student may pick the device up at the end of the school day in the office.

Second Offense: The electronic device will be confiscated. A disciplinary referral will be written and one day of ISS will be assigned. The student's parent/guardian must pick up the device from the principal's office.

Third Offense: The electronic device will be confiscated. A disciplinary referral will be written and three (3) days of ISS will be assigned. The student's parent/guardian must pick up the device from the principal's office.

Any further violations of this policy will result in the student's loss of possession of the electronic device for the remainder of the school year. The student's parent/guardian must have a meeting with the principal to discuss further disciplinary action and pick up the device. At the principal's discretion, the student may receive detention, in-school suspension, or out-of-school suspension not to exceed five (5) days.

Computer Network & Internet Acceptable Use Policy

1) **Privileges.** The use of the Lisbon Regional School District Network is a privilege, not a right, and inappropriate use will result in the cancellation of those privileges. The IT Director will determine what is appropriate use based upon the guidelines established in this document, and any subsequent modifications hereto, and Lisbon Regional School (LRS) policies and procedures. The Lisbon Regional School reserves the right to terminate, suspend, or otherwise limit network access at any time and to inspect or review accounts and files for security purposes. Such decisions of the school are final.

2) **Acceptable Use.** The use of your account must be consistent with the educational and operational policies and procedures of the district. The use of other organization's networks or computing resources is subject to the rules and limitations of those organizations or networks. Transmission of any material in violation of any United States or state statute or regulation is strictly prohibited. This includes, but is not limited to: copyrighted or trade secret material, threatening or obscene material, and criminal activity. The use of the network for commercial activities, product solicitations, or political lobbying is also prohibited. Inappropriate use will be reported to the responsible authorities. By signing this Acceptable Use Policy, you agree to the following:

- I know that all internet traffic is monitored on any device at this school. I agree not to access inappropriate websites such as chat rooms, game sites, pornography, proxy sites, VPN's, etc. If I do, the following general consequences will apply:
 - I will be responsible for any charges or other expenses incurred by my misuse.
 - **1st offense:** Warning, **2nd offense:** No network use for 1 week. **3rd Offense:** No network use for 2 weeks, Etc. **Consequences will vary, based on the severity of the offense.**
 - Other disciplinary action may be given by the teacher or an administrator regardless of the IT policy.
- I agree that nothing is private on any electronic equipment at Lisbon Regional School. Any Administrator, including the IT Director can investigate and look at anything that was done on any device within the school, if need be, at any time.
- I agree that Lisbon Regional School is not responsible for any of my documents, saved work, or anything else that might get lost if a computer is reimaged, damaged, or replaced, etc. I will regularly backup my data to Google drive, a thumb drive, or my H: drive.

3) **Etiquette.** You are expected to comply with the generally accepted rules of network etiquette. These include, but are not limited to the following:

- Comply with all school rules regarding behavior and personal conduct.
- Be polite, use appropriate language. Do not swear, use vulgarities, or other inappropriate language.
- Do not use the system for frivolous, harassing, or inconsiderate purposes, or to disrupt another person's use of the system.
- Do not reveal personal addresses or phone numbers.
- The IT Director and Administrators have access to all email and reserve the right to monitor the use of the district's network, internet, email, and all electronic devices.

4) **Reliability and Security.** The Lisbon Regional School District cannot be held responsible for any lost resources or damages incurred through the use of this account. This includes any lost electronic files located on any computer equipment.

5) **Fee Services.** Without the express permission of a sponsoring teacher, you may not use the network to access any database, service, or download data or software which charges a fee for such service or access. If you do any of the foregoing you are liable for any and all charges.

6) **Terms and Conditions.** These terms and conditions reflect the entire agreement of the parties and supersede all prior oral or written agreements. The school district reserves the right to modify these terms and conditions at any time. These terms and conditions shall be governed by the laws of the State of New Hampshire, the United States of America, and the applicable policies of the Lisbon Regional School District.

LRS School Student Laptop Contract (High School)

****(This form will go home with students at the beginning of the school year.)***

Please read this fully, sign, and return it to Benjamin Jellison, IT Director of LRS

- I understand that it is a privilege to borrow this laptop throughout the school year and that I need to keep it in the same condition as I received it. I will return it at the end of the school year on time. If I stop attending the Lisbon Regional School, I will return it to the office on my last day of school, if not, I will be billed \$300.
- I agree to take these precautions to safeguard this laptop:
 - Using the equipment in a responsible manner and not letting anyone else use it.
 - Respecting that it is an electronic device that could cause harm to me and/or to the equipment and it should be kept from elements such as water, extreme heat or cold, or situations that could lead to damage from dropping, smashing, etc. This includes not using it in the cafeteria during lunch.
 - Protecting the laptop, its case, and power cord from loss, damage, or theft.
 - Always keeping the computer in its case when not in use and fully charged whenever possible.
 - Always abiding by the school district's computer Acceptable Use Policy (AUP).
- I agree to contact the IT Director at the school immediately if the laptop malfunctions, is damaged, or is lost.
- I know that all internet traffic is monitored on any device at this school. I agree not to access inappropriate websites such as chat rooms, game sites, pornography, proxy sites, VPN's, etc. If I do, the following consequences will apply:
 - I will be responsible for any charges or other expenses incurred by my misuse.
 - **1st offense:** Warning, **2nd offense:** No netbook use for 1 week, **3rd Offense:** No netbook use for 2 weeks.
 - Other disciplinary action may be given by the teacher or an administrator regardless of the IT policy.
 - Consequences will vary, based on the severity of the offense.
- I agree that nothing is private on this laptop, as it is the property of the school. Any administrator, including the IT Director, can investigate and look at anything that is on the laptop if need be, at any time.
- I agree not to alter any settings and programs or delete any files that have been installed by LRS. This includes:
 - Not deleting any icons, folders, software off of the laptop or network.
 - Not uninstalling or altering any software on the laptop.
- I agree that LRS is not responsible for any of my documents, saved work, or anything else that might get lost if a computer is re-imaged or damaged. I will regularly backup my data to Google drive, a thumb drive, or my H: drive.
- I agree that I am financially responsible for damage, misuse, or loss. If need be, it will be investigated by the authorities. Replacement costs are below, prices are subject to change.
- I agree to return the equipment no later than 2:30 pm on the day that it is due. Late returns will be locked out of their computer. If not returned, you will be required to pay \$300.

Appendix B
Lisbon Regional School Vocational Policy
CTE Center Agreement Form

By signing below I acknowledge that I have read and understand the expectations outlined in this contract. I understand that attending a vocational class at the Hugh J. Gallen Career and Technical Center (CTC) is a privilege and opportunity and that my tuition is paid for by Lisbon Regional High School. All students are required to ride the bus in order to access vocational classes.

****In order for a LRS student to be eligible to take classes at The Hugh Gallen Regional Career and Technical Center they must be junior status with 13 credits earned by the end of their sophomore year.***

In order to continue attending classes at the CTC, I agree to the following:

- I will attend class regularly (understanding that unexpected events such as illness, doctor appointments, or family emergencies might result in excused absences)
- I will follow all of the rules required to ride the bus
- I will participate fully in my class including any assignments or homework
- I will continue to conduct myself as a representative and student of Lisbon Regional High School, being held to all of the behavior expectations outlined in the student handbook

If students accumulate 5 or more unexcused absences during a semester they will be asked to drop the class the following semester and will no longer have the opportunity to attend vocational classes in Littleton. A failing grade will also result in students losing their privilege to continue vocational classes.

Special permission to drive to class will be granted only as needed and *must* be approved prior to the day-of.

Students are welcome to present a compelling case to the administration of Lisbon Regional School to explain why they should continue to attend.
