FY 2019 BUDGET: BUDGET NARRATIVE

Building/Program: Curricula Coordination

What key issues and priorities are you trying to address in your proposed budget?

- K-12 alignment of curriculum and instruction.
- Create cohesion and parameters to instruction and assessment within grade levels in order to bring consistency to curriculum and better inform instruction and provide consistent tier I supports.
- K-12 standards and performance indicators alignment and understanding among faculty.
- Assessment literacy and scoring criteria/rubrics.
- Curriculum development and pilot programs aligned to standards.

How do these priorities align with the district's Strategic Objectives?

The priorities listed above:

- Support robust response to intervention programs.
- Enhance teacher expertise.
- Measure and report student growth in meaningful ways.
- Build student readiness for college and career.
- Strengthen competence and confidence in teachers through professional development and in-service learning.
- Support use of best practices in the classroom.

Other significant FY 2019 requests in budget (Supplies, Equipment, etc.)

This budget continues funds for Summer Implementation Grants which have been very successful in the past. It will allow us to continue the review and rewrite of the Science k-12 as well as to review and revise curricular units 6-12. Rubicon Atlas will continue to be funded and implemented with further training for teachers and administrators. To continue district-wide work in science standards and curricula this year (17-18), materials will be purchased for k-12 science teachers to incorporate for the implementation of the Next Gen Science Standards. The current Coffin k-2 handwriting pilot has informed the selection of the materials for all k-2 teachers at Coffin to expand the pilot in the next and final year, as well as allow up to four 2nd grade teachers from Harriet Beecher Stowe to participate for inter-building consistency.

FY 2019 BUDGET: BUDGET NARRATIVE

Building/Program: Facilities and Grounds

What key issues and priorities are you trying to address in your proposed budget?

There are three major areas of the operating facilities budget (not including labor).

- Contracted services, this includes building controls, automation and maintenance, utilities and inspections. This year's pro-forma budget for these items includes slight increase in the utilities accounts to keep up with projected increases in rates.
- Capital projects and equipment. This is where repairs and maintenance of the buildings and grounds are addressed. FY 17-18's capital projects budget started at \$588,311, then was cut by \$230,818 eliminating: major roof repair at BJHS, the underground heat pipe replacement at BJHS, phase 3 of the BHS parking lot repair and the roof replacement of the maintenance shed at BHS. The FY 2018-19's capital projects budget proposal of \$633,818 includes those projects that were cut last year, as well as other maintenance and repair projects that are necessary to maintain the districts buildings and grounds. Equipment additions include two generators (HBS and Bus Garage) and a rototiller plus replacement of a snow blower.
- General maintenance, cleaning and paper supplies and other miscellaneous projects and repairs. This year's budget was reduced where possible in these areas.

How do these priorities align with the district's Strategic Objectives?

Community Connection section M. "Fully use and wisely steward our school buildings and grounds". The district must continue to maintain the buildings and grounds at a high level. The community has invested a significant amount of resources in the school buildings and there is an expectation and a responsibility that those investments be well cared for. This proposed budget addresses many of those needs.

Staffing Adjustments (additions and/or deletions) to Budget in FY 2019

Requesting a half time, school year only Administrative Secretary. This person will report directly to the Director of Buildings, Grounds and Food Service. The job responsibilities will include but not be limited to: Preparing requisitions and processing facilities invoices, writing menus and processing food invoices, setting up and planning training for all three departments, processing free and reduced applications, answering and responding to telephone calls and emails. Prepare payroll for final approval, knowledge of ADS reports, requisitions, and budget development. This position would also fill in for the transportation secretary during absences.

During the discussions which lead to the consolidation of the Facilities, Grounds and Food Service administrative positions, there was a conversation regarding the need for additional help particularly if a new elementary school building project was approved. Funding for the new position is offset by miscellaneous reductions made throughout operating budget lines.

Other significant FY 2019 requests in budget (Supplies, Equipment, etc.)

Please see Capital Projects and Equipment listing

What restructuring, if any, did you complete in order to address unmet needs as part of this budget process?

Transferring 2 hours of labor back to the transportation department for custodial support at Coffin. Transportation needs the 2 hours for driving and lunch duty.

This budget is reflecting the cost of 20 hours of custodial services at the REAL School offered as in kind services.

Brunswick Schools Food Service Budget Narrative FY 2018 – 2019

The food service program is an enterprise fund, supported by receipts generated and an appropriation from the Town of Brunswick. Our goal is to provide nutritious, appetizing meals and snacks to the students and staff of the Brunswick School Department in a clean and safe environment complying with all State and Federal Mandates

The Food Service Department is requesting to increase the current level of local funding from the Town of Brunswick to \$126,420. The department is also requesting a \$.10 increase in lunch prices at the elementary level from \$2.75 to \$2.85 and a \$.05 increase at the secondary level from \$2.90 to \$2.95. Increase in the price of the breakfast at the elementary level by \$.25 from \$1.50 to \$1.75 and the secondary level by \$.25 from \$1.75 to \$2.00. These increases will help maintain revenues to keep pace with expense increases and also comply with the USDA price equity rule.

FY 2019 BUDGET: BUDGET NARRATIVE

Building/Program: Transportation

What key issues and priorities are you trying to address in your proposed budget?

- Rust – cross members, panels, floors, rear wheel area, stairwells, emergency doors, rear body panels.
- Aging fleet- keeping buses longer consistently replacing parts and extensive repairs more than usual with pricey parts and labor.
- Replacement of outdated camera systems on buses

How do these priorities align with the district's Strategic Objectives?

"Fully use and wisely steward our school buildings and grounds". The district must continue to maintain the busses and support the staffing charged with getting our students to and from school.

Staffing Adjustments (additions and/or deletions) to Budget in FY 2019

See restructuring below.

Other significant FY 2019 requests in budget (Supplies, Equipment, etc.)

MMA Refurbishment program - \$33,000

Cross member replacements, engine rebuild- \$30,000

2 new buses -\$180,000

What restructuring, if any, did you complete in order to address unmet needs as part of this budget process?

Transferring 2 hours of labor back to the transportation department for custodial support at Coffin. Transportation needs the 2 hours for driving and lunch duty.
