| <p><b>Note: (July 16, 2024) The Office of Teaching and Learning is presenting, for information/action, approval to award, in partial fulfillment to Accelerate Learning to purchase Science curricula.</b> The approval of this agreement will provide a high-quality core resource for our core content areas. This resource meets the high-quality material indicators in that it provides opportunities for high-quality tier 1 instruction, differentiation, and support for scholars with disability, and/or limited language proficiency. <b>(August 06, 2024) The Office of Teaching and Learning is presenting, for information/action, approval to award, in partial fulfillment of to McGraw Hill and Curriculum Associates to purchase core and electives curricula resources in digital and/or print.</b> These high-quality curriculum resources will enable the teachers to continue to build consistency and sustainability in ELA, Math, and Science, and other elective course offerings. <b>(August 20, 2024) The Office of Teaching and Learning approval to award in partial fulfillment to Wilson Language Classroom materials.</b> These high-quality curriculum resources will enable the teachers to continue to build consistency and sustainability in ELA Foundational Skills The approval of this agreement will provide a high-quality core resource for our core content areas. This resource meets the high-quality material indicators in that it provides opportunities for high quality tier 1 instruction, differentiation, and support for scholars with disability, and/or limited language proficiency. <b>(August 23, 2024) partial fulfillment awarded to Nearpod, LLC Flocabulary</b> is a web-based, standards-aligned program that helps students master standards and build vocabulary by utilizing high-quality videos and activities that incorporate hip-hop music and storytelling. The supplemental program can be implemented in every lesson to build academic vocabulary in every subject to meet the unique needs of each learner. <b>(September 03, 2024) Partial fulfillment awarded to Reading Horizons.</b> Reading Horizons is an explicit, systematic reading program designed for emergent readers or those who need intervention to become proficient. The Reading Horizons method drives instruction using multisensory techniques that engage students through visual, auditory, and kinesthetic learning activities, ensuring a comprehensive and interactive approach to literacy development. The program utilizes a unique marking system that is introduced throughout the lessons to help students decode and recognize words rapidly and automatically. The system aligns with the Structured Literacy model to instruction and teaches concepts and continues to build upon those concepts for constant reinforcement. This reinforcement and constant spiral review from Tier 1, Tier 2, and Tier 3 helps to deepen student understanding of foundational skills.</p> |   |   |                                 |                                    |                                    |   |  |  |                            |                                  |                               |  |                                    |                          |                       |
