1. **Question:** The \$185k budget is annually or per project?
Answer: This is an annual maximum based on the proposal costs of activities to be conducted that contracted year.
2. **Question:** Could you share a bit more about the data that was collected for the 2022-23 and 2023-24 school years?
Answer: The data collected during the 2022-23 and 2023-2024 school years was aligned to the current State Service Delivery Plan and included data on services provided to migratory students paid with MEP funds, pre/post assessments reflecting academic supports provided to migratory students, some surveys from staff, students, and parents, and completion of annual reports and strategy implementation.
3. **Question:** Is that data qualitative and quantitative?
Answer: The data is both quantitative (number of students enrolled, served, and assessment results) and qualitative (staff services and implementation responses)
4. **Question:** Did you say this ppt would be shared with today's participants?
Answer: The PPT was posted in the chat and will be made available on-line. (NOTE: not too sure where to post).
5. **Question:** Are organizations with federally negotiated indirect rates able to use those?
Answer: We will need to check with our agency but do have federal indirect rates in our agency.

6. **Question:** I saw that travel is required and reimbursed. Do these expenses fall within the budgeted contract amount, or are they reimbursed separately?

Answer: Travel expenses are included as part of the total available amount of \$185,000.

7. **Question:** Do you have an existing list of where data was collected, and locations where you'd want data to be collected in the future?

Answer: Data is collected as part of the migrant student database system as well as the OSPI Report Card/CEDARS data collection. The data collection would be part of these systems in the future with some data received directly from the Local Educational Agencies (LEAs), e.g., end-of-year reports, surveys, etc.

8. **Question:** My company is located in Oregon. Can we qualify to do business in Washington State? commongroundconversations.com
