

I can identify words that
rhyme by listening to the
ending sound.

What is a rhyme?

- Words that sound the same at the end
- They have the same ending sound
- Rhymes are fun to say and hear
- Palabras que suenan igual al final
- Tienen el mismo sonido final
- Las rimas son divertidas de decir y escuchar

5 Little Snowmen

5 little snowmen standing at the door.

1 snowman melted and then there were 4.

4 little snowmen beside a green pine tree.

1 snowman melted and then there were 3.

3 little snowmen with caps and mittens blue.

1 snowman melted and then there were 2.

2 little snowmen standing in the sun.

1 snowman melted and then there was 1.

1 little snowman started to run.

But he melted too and then there were none.

The background of the slide is a soft-focus winter scene. It features a light blue and white sky with many small, white, snowflake-like particles falling. In the top-left and top-right corners, there are dark green pine branches heavily laden with white snow. The bottom of the image shows a soft, out-of-focus view of a snowy landscape with gentle hills.

Independent Work:

Color your snowman, read the word and find a word
that rhymes with yours from a friend!
