- ◉ **College Prep (CP)** - Course content, pace, and academic rigor follows standards specified by the NCSCOS with content enrichment where appropriate.
- ◉ **Honors** - Course content, pace, and academic rigor place high expectations on the student and surpass standards specified by the NCSCOS. These courses demand greater independence and responsibility than CP Level courses. This level or higher is suggested for competitive college admission.
- ◉ **Advanced Placement-** Course content, pace, and academic rigor are college-level as adopted by the College Board and prepare students to take the AP examinations which may lead to college credit.
