

Homelessness Rights and Services

The McKinney-Vento Homeless Assistance Act ensures homeless children and youth have equal access to the same free and appropriate public education.

Randolph Public Schools ensures the implementation of McKinney Vento Services with regards to identification, awareness, enrollment, attendance and additional supports to guarantee educational stability and success for our students.

The McKinney Vento Act defines homeless children as “individuals who lack a fixed, regular, and adequate nighttime residence.”

School Enrollment

We know you could Homeless students have the right to either remain in their school of origin or to attend school where they are temporarily residing.

Students who choose to remain in their school of origin have the right to remain there until the end of the school year in which they obtain permanent housing.

Students who choose to enroll where they are temporarily residing must be enrolled immediately, even if they do not bring the records usually required for enrollment.

If a homeless student arrives without records, the school district's designated Homeless Education liaison must assist the family and contact the previously attended school system to obtain the required records.
