

Rubber band Slingshot

Materials: Rubber bands, Duct tape, 2 aluminum poles, Foam golf ball

Procedure:

1. Tie 10 rubber bands together as one long band.

2. Tie an extra rubber band on the end of this long band.

3. Repeat until you have 6 long rubber bands.

4. Braid 3 of the bands together. Then repeat and braid the other 3 together.

5. Use Duct tape and make a pouch to hold the foam golf ball.

6. Test out the slingshot and make sure you can launch the golf ball.
