

PANTHER POST

Student Highlight: Tatum Moore, 9th grade at Redford Union Junior High School

Tatum Moore from Redford Union Junior High exemplifies dedication and excellence in both academics and athletics. As one of RUJH's advanced scholars, Tatum approaches his schoolwork with a level of grit and dedication that sets him apart from his peers.

While committed to finishing 9th grade strong, Tatum is eager to move to the high school and has begun charting his coursework for his sophomore year. He is especially excited to take all honors and advanced placement courses.

Tatum is a star player on the football field, as he is one of the few freshmen on Redford Union's varsity football team. Football isn't his only passion, as he's also a key member of the wrestling team.

Beyond his academic and athletic accomplishments, Tatum is a key member in RUJH's student community, where he is an active member in the YMCA Achievers program and is the Vice President of RUJH's Student Ambassadors. In these roles, he has demonstrated strong leadership skills and a genuine commitment to serving his school community.

Outside of school, Tatum is an active member in his church community, Bible Believers of South Lyon, and enjoys spending time with his family and friends. Following graduation, Tatum hopes to follow in his mother's footsteps and attend the University of Michigan to study business and photography.

Tatum demonstrates the tenacity and dedication that many of our Panther students have. We can't wait to see what he accomplishes in his high school journey and beyond.
