

Safety Net & HSBPs

2021–22

Washington Office of Superintendent of
PUBLIC INSTRUCTION

Vision

All students prepared for post-secondary pathways, careers, and civic engagement.

Mission

Transform K–12 education to a system that is centered on closing opportunity gaps and is characterized by high expectations for all students and educators. We achieve this by developing equity-based policies and supports that empower educators, families, and communities.

Values

- Ensuring Equity
- Collaboration and Service
- Achieving Excellence through Continuous Improvement
- Focus on the Whole Child

Washington Office of Superintendent of

Equity Statement

Each student, family, and community possesses strengths and cultural knowledge that benefits their peers, educators, and schools.

Ensuring educational equity:

- Goes beyond equality; it requires education leaders to examine the ways current policies and practices result in disparate outcomes for our students of color, students living in poverty, students receiving special education and English Learner services, students who identify as LGBTQ+, and highly mobile student populations.
- Requires education leaders to develop an understanding of historical contexts; engage students, families, and community representatives as partners in decision-making; and actively dismantle systemic barriers, replacing them with policies and practices that ensure all students have access to the instruction and support they need to succeed in our schools.

Land Acknowledgement

I acknowledge the pain and trauma of these past years and over 400 years of racism in the United States.

I stand with our communities of color, especially those who identify as and/or are categorized as African-American. I also acknowledge the intersectionality of those who identify both as persons of color and individuals with disabilities.

I commit to centering my work to dismantle systemic racism and disrupt ableist structures.

What is a High School and Beyond Plan?

- Student-generated
- Student-facing
- Starts in 7th or 8th grade
- State graduation requirement

Every student must have a HSBP to guide the student's high school experience and ***prepare the student for postsecondary education or training and career***

(ESHB 2224, Chapter 31, Laws of 2017).

Safety Net 2021-22

All students in 9th grade and above must include a HSBP with their application. If there is no HSBP included, a 15% award reduction will be made.

Files selected in the IEP review sample for students 9th grade and above will have the HSBP reviewed and TA notes will be provided if applicable.

Those TA notes WILL NOT generate a 442 finding this year.

Planning Ahead: Safety Net 2022-23

LEAs will need to be prepared to submit a HSBP for all applicable students for Safety Net 2022-23. Our team is planning to review all four areas on the following slide.

All three items from the previous slides will apply in 2022-23.

What will be reviewed during Safety Net?

High School and Beyond Plan (HSBP)		RCW 28A.230.090
For students with an IEP, the high school and beyond plan must be developed in alignment with their IEP. The high school and beyond plan must be developed in a similar manner and with similar school personnel as for all other students.

WAC 180-51-220 (4)

High school and beyond plan.

- “For a student with an individualized education program (IEP), the student's IEP and high school and beyond plans must align”.
- “Students with an IEP transition plan...may use their transition plan in support of, but not as a replacement for, their high school and beyond plan”
- "The process for developing and updating the student's high school and beyond plans **must** be similar to and conducted with similar school personnel as for all other students".

Appendix A: The Transition Team Members and Roles

- Collaboration is essential for effective transition planning
 - CTE and other specialized expertise can be essential for course planning and grad pathway preparation
 - School counselors also play a key role in transition planning for all students
- Students are the most important member of the transition team and their meaningful participation is key
- **Students with receiving special education services get same HSBP planning, with similar staff, as all other students***

Quality HSBPs: Outcomes

Students make **informed class choices** related to post-high school goals

- Result of increased collaboration between Special Services and School Counselors or Academic Advisors

Students are empowered to be **active members of their transition planning process**, seeing a stronger connection between the work they do and preparing to reach their goals for after school

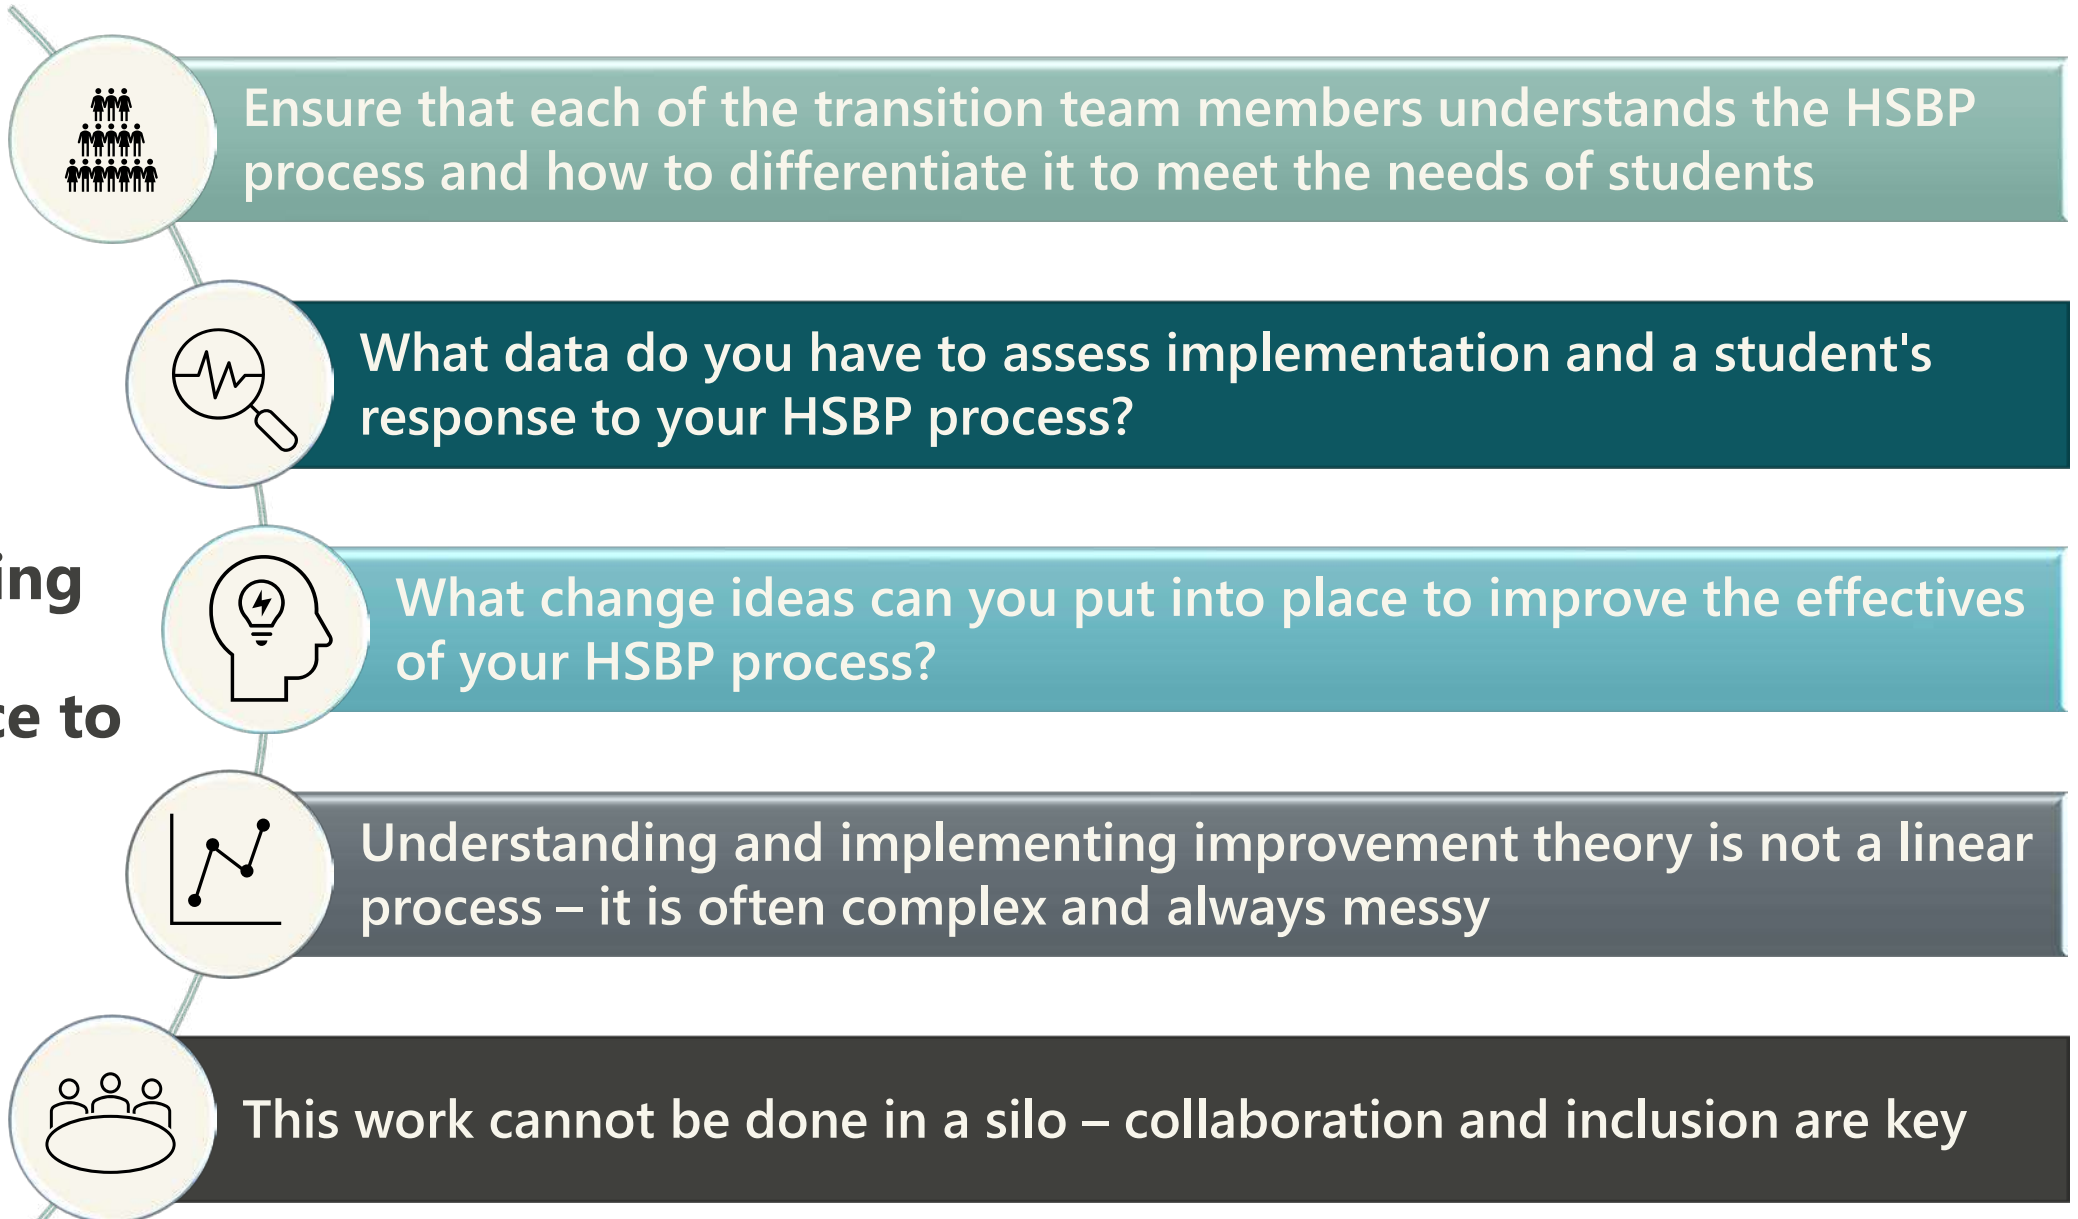

Students are **prepared to pursue a post-high school goal that's meaningful to who they want to be and what they want to do**

Schools are more aware and **responsive to students' interests, goals, and needs**

- HSBP data informs master scheduling and program development to better meet students' interests
