 - o A score of 48 or higher for all other edTPA assessments (those with 15 rubrics)
 - o A score of 44 or higher for the PPAT assessment
 - o In all cases, these assessments must be nationally scored. Local scoring will not be accepted.

Teaching Assignment

1. Low performing school

A highly qualified graduate, whose initial teaching assignment is in a low performing school shall receive a monthly supplement of the equivalent of the difference in the State funded salary of the graduate and the State funded salary of a teacher on the “A” Schedule with 3 years of experience.

The graduate is eligible to receive the calculated supplement for up to 3 years of employment, if they remain teaching in that school, or teach in another low performing school or a low performing district.

If the graduate has a break in service, he/she is no longer eligible for the supplement.

The following table provides the eligible low performing schools for each year of the initial employment of the graduate. The list of the low performing schools can be found on the DPI Accountability website at www.dpi.nc.gov/districts-schools/testing-and-school-accountability/school-accountability-and-reporting/accountability-data-sets-and-reports.

2019-20	2017-18 & 2018-19
2020-21	2018-19 & 2019-20
2021-22	2019-20 & 2020-21

2. Licensed and Teaching in a STEM or Exceptional Children (EC)

A highly qualified graduate, who is licensed and teaching in a science, technology, engineering or mathematics (STEM) or EC shall receive a monthly supplement of the equivalent of the difference in the State funded salary of the graduate and the State funded salary of a teacher on the “A” Schedule with 2 years of experience.

The graduate is eligible to receive this supplement for up to 2 years of employment, if they are licensed and teaching in a STEM or EC area, without a break in service.

3. A highly qualified graduate, who does not qualify for supplements under E1 or E2 shall receive a monthly supplement of the equivalent of the difference in the State funded salary of the graduate and the State funded salary of a teacher on the “A” Schedule with 1 year of experience.

The graduate is eligible to receive this supplement for up to 1 year of employment without a break in service.

Coding: PRC 028 - Bonus for Highly Qualified NC Teaching Grad. This is a guaranteed allotment.

F. EXTENDED DAY AND EXTRA PAY

Any work that a teacher does in the confines of the school day, which is established by the local board of education, does not constitute extended day and therefore makes this time ineligible for extra duty pay.

State funds may **not** be used to pay certified instructional personnel for a planning period that is outside of the regular instructional day. Therefore, if a school decides to require a teacher to teach an additional class and to schedule their planning period after the regular instructional day, no State funds may be used to provide additional compensation.

Extended Day Pay Computation

The computation of payment for extended day duties for all employees is based on a standard number of hours worked per month. The number of hours in a work month can be obtained by using the following formula:

Formula: Hours per day x days in week = hours per week x weeks in year = hours per year ÷ months in year = hours per month (Hours refer to work hours.)

Table:

	<u>Hours Per Month</u>
8.0 X 5 = 40.0	X 52 = 2,080 ÷ 12 = 173.33
7.5 X 5 = 37.5	X 52 = 1,950 ÷ 12 = 162.50
7.0 X 5 = 35.0	X 52 = 1,820 ÷ 12 = 151.66
6.5 X 5 = 32.5	X 52 = 1,690 ÷ 12 = 140.83
6.0 X 5 = 30.0	X 52 = 1,560 ÷ 12 = 130.00

Divide the hours of extended-day time worked by the appropriate hours per month from the table; multiply this result by the employee's monthly salary to determine the extended-day payment.

Example: An employee works in a local education agency that considers 7.5 hours a regular workday. Forty (40) hours of extended-day time was worked in November. The regular monthly salary is \$2,500.

Extended-Day Payment = $40 \div 162.50 = 24.62\% \times \$2,500 = \$615.50$

G. PROVISIONAL LICENSES: FAILING TO MEET REQUIREMENTS

When an educator fails to meet the educational requirements for maintaining a provisional license, the license will be classified as expired.

Removal of the provisional area to reinstate the initial license may result in:

- ineligibility to serve in the specific capacity and/or reduction to a lower pay level.

II. Teachers

A. TEACHER BUDGET CODES AND THE ATTACHMENT A

All budget codes are listed in the Chart of Accounts and the Attachment A document. Teachers' certified salary is coded to one of the following object codes:

121 – Classroom Teacher

123 – JRROTC

124 – International Faculty Exchange

127 – Master Teacher

Attachment A provides a list of the licensure requirements for each budget code. **If a particular budget code is not in the Attachment A document, the salary for the employee will not certify. Be sure the budget code is listed specifically in the Attachment A document. Requests for codes to be added should be directed to the School Reporting Section.** This document can be found at "

<https://www.dpi.nc.gov/districts-schools/district-operations/financial-and-business-services/school-district-finance-operations/chart-accounts>

If an individual does not have the required educator license required for the budget code, the salary system will create an audit exception.

129 - Held Harmless Salary – include the dollar amounts above the certified salary when calculating no loss in pay, held harmless or the higher salary.
129 object code is not in Attachment A.

B. NON-EDUCATIONAL MASTER’S DEGREE AND APPLICATION FOR ‘M’ SUPPLEMENTAL SALARY – FORM G APPROVAL

Effective July 1, 1993, the Licensure Section began authorizing salary payments on the class ‘M’ teacher license for teachers who hold a master’s degree in a **non-teaching** area and the degree is directly relevant to the teacher’s area of assignment. Effective November 3, 2005, the Licensure Section began authorizing salary payments on the class ‘S’ teacher license for teachers who hold an advanced degree and is directly relevant to the teacher’s area of assignment.

A list of individuals by LEA who are currently on the "M" salary schedule can be viewed on the website (<http://licsalweb.dpi.state.nc.us>). It is the LEA’s responsibility to review the web page and send the list to Licensure for any additions or deletions. For new employees who hold a master's or advanced degree in a non-teaching education area a Form G - Request for Authorization of Graduate Salary must be submitted. For a current employee whose area of assignment changes and the teacher is no longer eligible for ‘M’ level salary, please notify Salary. This information must be submitted early in the new school year for proper placement on the “M”, “S” or “D” salary schedule.

NOTE: The Form G list available on the LicSal website is managed by Licensure; Salary Administration does not monitor or update this list.

A new Form G must be submitted for each school number assignment. Therefore, the “M”, “S”, or “D” salary is only valid for the school on the Form G. It is the LEA’s responsibility to be sure that the Form G is on file for each school number.

Licensure cannot guarantee processing of any Licensure requests, including for current year salary adjustments, after April 15th. If a License request is submitted after April 15th and is not processed in the current fiscal year, your LEA is responsible for any resulting salary audit exception.

NOTE: Authorized users can view the list from the Licensure and Salary Info Center (<http://licsalweb.dpi.state.nc.us>) or the Non-Public Professional Experience Info Center.

C. NBPTS CERTIFICATION

1. Eligibility for NBPTS Pay

Teachers who meet the following criteria are paid based on National Board for Professional Teaching Standards (NBPTS) certification and on the highest-license level outlined in Section D, I, C of this manual.

The teacher holds a valid certification from the National Board for Professional Teaching Standards (NBPTS), and

1. The teacher spends at least seventy percent (70%) of his or her work time:
 - a. in classroom instruction. Most of the remaining 30% of time should be spent in areas such as mentoring teachers, doing demonstration lessons, writing curricula, developing and leading staff development programs,

OR

- b. media coordinators, school counselors, career development coordinators, and instructional coaches at Title I schools, if the employee works 70% of their time in these specific areas. Only Instructional Coaches are required to be at Title I schools to qualify for NBPTS.

NOTE: If an employee is employed in an area other than classroom instruction (e.g. library/media or school counselor) their license must be clear of any deficiencies to be eligible for the 12% pay differential. Therefore, a classroom teacher cannot be paid the NBPTS differential, if they are working in media, and their media license has deficiencies (e.g. Provisional).

PLEASE NOTE: The 12% differential is calculated based on the employee's salary on the bachelor's salary schedule only.

Other Instructional support personnel are not eligible to be paid the National Board for Professional Teaching Standards (NBPTS) Pay Differential.

NOTE: The Role of the Instructional Coach

The Instructional Coach is a peer-support role which involves direct interaction with teachers for the purpose of improving instructional practice. Instructional Coaches may be district or building-based professionals.

The primary duties of an Instructional Coach are to:

- Provide job-embedded modeling and support to help colleagues implement effective instructional strategies, understand content standards or other program practices, and recognize how various components of the curriculum link together

- Facilitate professional learning opportunities to help educators master of the North Carolina Professional Teaching Standards, often by demonstrating a lesson, co teaching, or observing and giving feedback

Please submit a separate form, for each school location employed, to the following link for the salary analysts to certify NBPTS pay for instructional coaches: www.dpi.nc.gov/districts-schools/district-operations/financial-and-business-services/compensation-public-school-employees

See the Guidelines for National Board for Professional Teaching Standards (NBPTS) Pay Differential document on the FBS website at www.dpi.nc.gov/districts-schools/district-operations/financial-and-business-services/compensation-public-school-employees

NOTE: The Instructional Coach MUST be at a Title I school in order to be eligible for NBPTS.

It is the responsibility of the LEA central office to ensure that the teachers receiving NBPTS pay meet the above criteria. DPI may request documentation and a letter from the central office, substantiating the criteria for NBPTS pay. In the event that DPI concludes that a teacher is not appropriately paid, the LEA will be required to refund the State for the entire amount of the exception.

2. Salary schedules

NBPTS certified personnel serving as teachers who meet the criteria above are paid from the NBPTS certified salary schedules.

3. Budget codes

The same budget codes are used for NBPTS certified teachers as used for non-NBPTS teachers.

4. Pay Indicator

Individuals with salaries certified on the NBPTS salary schedule will have an 'N' in the seventh digit of the pay level.

EXAMPLE: Mary Smith is a teacher with NBPTS certification, 'M' license, and ten years of experience. Her pay level will be assigned by DPI as M 10 N.

5. Effective Dates

For pay purposes, the effective date is July 1 of the school year that NBPTS certification is earned. NBPTS certificates will expire according to the expiration date listed on the NBPTS certificate.

EXAMPLE: Mary Smith is notified in November of 2007 that she has become NBPTS certified. She will be paid from the NBPTS salary schedule effective July 1, 2007. Her certificate will expire in November of 2017 and will need to be

renewed as of this date in order to continue to receive payment for NBPTS in the 2017 school year after the November expiration date.

6. NBPTS candidate funding

Beginning in 2010-2011, assessment fees will no longer be funded by the state. Candidates may receive a loan through the State Education Assistance Authority for the NBPTS assessment fee. Eligibility for receiving a loan and the three days (3) days of paid leave is based on the candidate:

- (1) Having completed three full years of teaching in a North Carolina public school; and
- (2) Having (i) not previously received State funds for participating in any certification area in the NBPTS program, (ii) repaid any State funds previously received for the NBPTS certification process, or (iii) received a waiver of repayment from the State Board of Education.

The candidate will have three years to pay the assessment fee back to the State Education Assistance Authority. The candidate will receive up to three (3) days of paid leave, to be scheduled and approved by the candidate's supervisor, to participate in the NBPTS program. This leave should be coded as **leave with pay**.

It is the responsibility of the LEA to determine funding eligibility of NBPTS candidates.

7. Substitute Code

The substitute used for the NBPTS candidate's leave should be paid under PRC 011 and coded to either object code 163, 164 or 166, consistent with how the teacher is normally coded.

8. Additional information

For further information on National Board Certification contact the North Carolina Program Coordinator for National Board Certification or visit the website at www.dpi.nc.gov/educators/national-board-certification or www.nbpts.org.

D. CAREER TECHNICAL TEACHERS

Years of Experience

When a classroom teacher is re-assigned to:

- a career technical teaching position and
- has more years of experience (due to creditable work experience) in the career technical license area than in the academic area

placement on the salary schedule shall be in accordance with work experience granted in the career technical license area.

If the teacher then returns to a regular classroom teaching position, he/she will be paid in accordance with the years of experience in the academic area. **Please contact Salary Analyst to certify the years applicable.**

Effective July 1, 1999, local education agencies can pay career technical teachers holding a limited license from PRC 001. Please contact the salary analysts to certify their salaries in PRC 001.

E. ROTC INSTRUCTORS

The contracts between the military and LEAs for the Junior ROTC programs require that ROTC instructors are compensated at their military active duty pay level. ROTC instructors should be coded to 5110-001-123.

1. Military contract formula

The formula for determining the salary is as follows:

1. Active Duty Pay - Military Retirement = Difference to be compensated.
2. Difference to be compensated =
 - 50% paid from
 - o LEA local funds or
 - o State funding from identified state allotted teaching positions (based on license and years of experience), and 50% paid by the military.

If the total compensation based on the military contract formula is less than what an individual would earn on the state salary schedule (based on the license rating), the local school system **MUST** add funds to compensate the instructor at the state salary level.

Coding and Calculations:**MIP – \$6,500.00 (sample only)****Certified Salary = \$4,500.00 (sample only)****State Fund with Object code 123:**Net Gross Amount: **\$3,250.00** ($\$6,500.00 \times 50\%$)% Employed: **72.22%** ($\$3,250.00 \div \$4,500.00$)**Local Fund with Object code 123:**Net Gross Amount: **\$1,250.00** ($\$4,500.00 - \$3,250.00$)% Employed: **27.78%** ($\$1,250.00 \div \$4,500.00$)**Local Fund with Object code 187:**

Difference between MIP and Certified Salary

Net Gross Amount: **\$2,000.00** ($(\$6,500.00 - \$4,500.00)$)**2. Use of a state-allotted position for a ROTC instructor**

State regulations permit:

- identification of a state-allotted teaching position up to 50% of the MIP dollar amount (no additional positions are provided and no career technical funds can be used) and
- use of that position to pay a Junior ROTC instructor provided the LEA employs another teaching position using local funds to replace the use of the state-allotted position. For example: the position in local funds must match the percentage employed in the state funded position.

3. Experience

The Licensure Section will award up to 10 years of educator experience for military service (based on a minimum of 20 years of retirement from the military). This military experience credit may not be transferable to other teaching licenses (e.g., Assistant Principal, math etc.) Check with the Licensure Section.

Credit will be given for teaching experience in the public schools on a year-for-year basis.

NOTE: Questions and answers on **active military leave** can be found online at https://files.nc.gov/dpi/documents/fbs/finance/legislation/salarypersonnel/differential_pay_for_military_duty.pdf.

F. BRASS TO CLASS ACT

Session Law 2013-268. The Corporal Pruitt Rainey Brass To Class Act: The State Board of Education shall establish rules for awarding credit for salary purposes to principals, assistant principals, and teachers who served in the Armed Forces of the United States and who have retired or who have received an Honorable Discharge. The following rules will apply to military veterans initially employed by local school administrative units in the 2014-2015 school year and beyond.

NORTH CAROLINA STATE BOARD OF EDUCATION, Policy Manual, Policy ID Number LICN-006, POLICIES RELATED TO EXPERIENCE/DEGREE CREDIT FOR SALARY PURPOSES

6.35 Non-teaching Experience Credit for Military Experience in Leadership Roles

Consistent with LICN- 006.20, at the recommendation of an employing NC LEA, the Department shall award non-teaching experience credit for military experience for leadership roles performed while on active military duty. This applies to military veterans initially employed by an NC LEA starting July 1, 2014. With respect to non-teaching military work experience that is not directly related to the area of licensure or work assignment, one full year of experience credit shall be awarded for every two years of full-time leadership duties while on active military duty in the Armed Forces of the United States, regardless of academic degree held while in instructional or leadership roles.

“Non-teaching Experience Credit for Military Experience in Leadership Roles” shall be defined as professional work experience in one or more of the official United States military branches while on active military duty that is clearly a leadership role and is verifiable on government issued service documents. Military service for which this credit is awarded must be characterized as honorable. Experience credit for “Leadership Roles” is limited to verifiable experience in a military leadership position with primary responsibility over a team of other military service members following successful completion of a sanctioned military leadership course. Members eligible for this non-teaching work experience credit are: commissioned officers, warrant officers, and non-commissioned officers. Junior enlisted members that have not completed formal military leadership training are excluded from eligibility for this credit.

Non-Teaching work experience that is directly related to an individual’s area of licensure and work assignment shall be credited as set forth in Section 6.20.

Military experience credit may only be awarded once for each role period (i.e. no overlapping credit award).

This provision does not apply to JROTC Instructors covered under LICN-006.30.

G. DRIVER TRAINING TEACHERS

Driver Training Instructors shall be paid within the salary range of the pay grade for their job classification, based on a 40-hour workweek. If the established workweek is less than 40 hours, the hourly rate of pay must be based on a 40-hour workweek. Driver Training Instructors shall be paid based on the following pay grades:

Pay grade 66

DMV certified instructors without a NC educator license

Pay grade 68

DMV certified instructors with a NC educator license but no license area 096 - Safety and Driver Education

Pay grade 70

NC educator license with subject area 096 - Safety and Driver Education

If an individual was employed as a driver training instructor prior to July 1, 2014 and was paid higher than the maximum allowable of the irrespective pay grade, the Local Education Agencies may continue to pay at the higher rate, but it is not required.

Driver training teachers who only hold DMV certificates, not a driver training educator license, must be coded to 5110-012-148.

H. MENTORS

The State Board of Education has adopted a policy (LICN-004) requiring each initially licensed teacher to be assigned a qualified, well-trained mentor as soon as possible after employment. Mentors are assigned to assist initially licensed teachers during their first 3 years of employment in a North Carolina public school system. This policy was developed in response to the requirements of the Excellent Schools Act of 1997.

Compensation

Mentor teachers are assigned to provide support and assistance to beginning teachers. No dedicated funding has been provided by the North Carolina General Assembly since the 2011 - 2012 fiscal year for the purpose of mentoring. Each local school administrative unit determines the amount of compensation paid to school-based teachers serving as mentors.

To qualify for mentor pay, a mentor must be:

1. assigned to a newly licensed teacher who has less than 6 months of teaching experience, or
2. assigned to a teacher in their second year of teaching and who qualified for a paid mentor during the previous year, or

3. assigned to a first-year instructional staff member who has not previously been a teacher, or
4. assigned to a teacher in their second year who has one year or less of teaching experience out of state, in a private school, or in a charter school.

State-funding should not be used to provide mentors for superintendents, associate superintendents, or assistant superintendents; principals, assistant principals or central office staff; or teachers with classroom teaching experience other than that identified above.

NOTE: Mentor stipends are to be coded to 5xxx-xxx-193. Full-time mentor salary should be coded to 5xxx-xxx-134.

I. NEW TEACHER ORIENTATION

Individuals are eligible for new teacher orientation if they:

- have never taught before, (including out of county, state or country) or
- have taught less than 6 months, or
- are lateral entry teachers with only non-teaching work experience on their license (See below for lateral entry staff development requirements); or
- are workforce development (vocational) teachers with only non-teaching work experience on their license; or
- are employed with an emergency permit to practice; or
- ROTC instructors with zero years of teaching experience (only non-teaching experience),

and

- in prior years, have never participated in the new teacher orientation program.

If the teacher does not have zero years on his or her license due to additional experience being credited, the Licensure Section must verify if the experience is teaching or non-teaching.

Eligible new teachers may be paid up to a **maximum** of three (3) days from State or Federal funds.

New teacher orientation should be paid at the teachers certified rate.

Local Education Agencies must contact the Salary Analysts at DPI to manually approve and certify New Teacher Orientation for teachers with more than zero years' experience on their license.

NOTE: Student Services Personnel do not qualify for this orientation.

In order for an eligible teacher to be paid for this orientation, the orientation must take place outside of the normal instructional calendar. No additional pay will be

allowed if the orientation takes place on a workday or on a regular instructional day.

J. LATERAL ENTRY TEACHERS

No Child Left Behind legislation requires all lateral entry teachers to complete 10 days of staff development BEFORE they enter the classroom. This staff development must be coded to object 196, workshop participant and funded out of allowable dollar allotments. The lateral entry teacher should be paid a minimum of an A-00 salary. If the teacher does not have any teaching experience and is eligible for new teacher orientation, the final three days of staff development may be coded to object 125 new teacher orientation. These three days may be paid at the certified rate.

No experience credit will be given for these staff development days.

K. RETIRED TEACHERS

(a) SUBJECT TO THE SALARY EARNINGS CAP

Retired teachers may be hired subject to a salary earnings cap. As of November 1, 2005, they are subject to a six (6) month break in service., during which, the employee shall not work in any capacity in an organization participating in the Teachers' and State Employees' Retirement System including part-time, temporary, substitute, part time tutor or contractor service.

For additional information, please see the Benefits and Employment Policy Manual, Section 16.1. and or Guidance on Return-to-Work Laws for Members of the Teachers' and State Employees' Retirement System (TSERS) in NC Department of State Treasurer.

Retired teachers subject to the cap are coded the same way as a regular employee (e.g. 121).

NOTE: The Retirement System adjusts the earnings cap due to inflation in January of each year. Retiree is subject to the earnings restrictions below. Retiree can earn whichever is greater:

- 50% of your gross pre-retirement salary (excluding termination payments) or

See [NC Retirement](#) for more details)

Salary Assignment

A local board of education may pay a retired teacher hired under this provision no more than the employee would have received on the teacher salary schedule, excluding longevity, had the employee not retired.

NOTE: A local board of education may pay a retired teacher hired under these provisions less than his or her certified rating. **Please notify the Salary Analysts to manually certify this negotiated rate.**

Please Note that the EXEMPTION FROM THE EARNINGS CAP (SL 2019-110) expired June 30, 2021 per G.S. 115C-302.4.

L. INTERNATIONAL FACULTY EXCHANGE TEACHERS

State Board policy allows LEAs to convert **teaching** positions to dollars to cover the contract cost for International Faculty Exchange Teachers.

For the 2021-22 fiscal year, the conversion to dollars shall be the statewide average teacher salary, with benefits. The dollars from this conversion will be allotted to PRC 020 International Faculty Exchange. See allotment policy manual for PRC-020.

The Appropriations Bill, SL 2016-94 Section 8.16, modified the allowable uses for the conversion dollars to costs associated with supporting IFE teachers within the local education agency:

- salaries (commensurate with their experience levels) and State approved bonuses
- costs associated with:
 - programming and related activities
 - background checks
 - medical coverage
 - Other program administration services in accordance with federal regulations

To request the conversion, the LEA must submit the *International Faculty Exchange Position Conversion to Dollar Allotment Request form*.

Please return your form to the Division of School Business, Allotments Section.

M. SUMMER SCHOOL

Summer school teachers are paid in accordance with their teaching license rating on the teacher salary schedule.

1. Lead Teacher Positions/Summer School

Teachers, who are assigned to work as the lead teacher (budget code xxxx-069-135) for summer school programs, will receive a salary increase of four percent (4%) above their base certified salary (i.e. \$4000 during regular school year, \$4160 for summer assignment only).

Lead teachers are not eligible for NBPTS differential.

This special salary assignment is applicable for the summer school program only.

2. Teacher reassigned to site supervisor

Teachers reassigned to work as a site supervisor (object code 113) during the summer school period shall be assigned to a School Administrator I-VII category by the local board of education.

Salary determination will be made by the local board of education within the salary range that corresponds to the School Administrator I-VII assignment.

N. DPI CONSULTANT

Teachers assigned to work with DPI on a statewide or regional instructional basis (e.g., state teacher of the year, PBL regional coordinator, Recruiters, Educators on Loan, etc.) during the school year are to be paid at the same monthly rate as they would earn in the position they held prior to being named a teacher-on-loan plus 6% above their certified salary for the length of their assignment at DPI.

It is common practice for LEAs to continue to pay these individuals their local supplements. Local Supplements may not be paid from State funds.

If a state Teacher of the Year returns to the classroom in an instructional role, they will continue to receive their normal salary plus 6%. The teacher will also have the option of eleven or twelve months of employment. The additional one or two months may include work on local, regional and state initiatives; working with beginning teachers; serving on local, regional and state committees; developing and delivering professional development; or other functions as assigned by the employing LEA. The teacher will be responsible for signing a waiver form if he/she opts out of the twelve (12) months of employment.

NOTE: Regional consultants, Closing the Gap consultants, and previous teacher-on-loan do not qualify for this 6% increment.

Coding

The allotment for the DPI consultant is in PRC 096 Special Position Allotment. Individuals should be coded to school number “860”.

The allotment for previous Teacher of the Year is in PRC 001. Individuals should be coded to the school number in which they are assigned. **Please notify the Salary Analysts to manually certify the additional 6% increment.**

Effective date

For salary purposes, the consultant position is effective with the first day of the consulting contract.

O. INTERIM TEACHERS

An interim teacher may be employed when a vacancy in a teaching position exists by separation of employment. An interim teacher may not be employed to replace a permanent employee who is using paid leave.

1. Pay Basis

An interim teacher will be paid at his or her certified salary rating if:

- the interim employee is licensed in the area of assignment and
- service in the interim position is more than 10 teaching days, and
- is coded with an object code of 121.

An LEA may want to see if it is an advantage to the LEA or the individual to request a provisional license if the interim is certified but working out-of-field. This may allow the individual to be paid with state funds and receive experience credit. However, the interim employee **may** be paid at the substitute rate if he or she requests to be paid at the substitute rate.

An interim teacher **must** be paid at the substitute rate if:

- the interim employee is not licensed in the area of assignment or
- service in the interim position is 10 teaching days or less,
- is coded with an object code of 122.

Interim teachers coded to 122 (non-certified) do not earn experience credit.

EXCEPTION: Retirees re-employed as classroom teachers must be coded to object code 121 as outlined in Section D and K above.

2. Budget code

Certified interim teachers are paid from the budget code from which the regular teacher (XXXX-XXX-121) being replaced was paid. Therefore, all interim

teachers must be paid from the program report code from which the regular teacher being replaced was paid.

3. "Permanent" status

The interim teacher will be afforded all benefits due a permanent employee, if the period of interim employment will be at least six full consecutive monthly pay periods. (Benefits and Employment Policy Manual 1.1.2 (b) and 12.1.3.)

P. ADJUNCT INSTRUCTORS

1. Adjunct CTE instructors

An adjunct instructor may be employed for no more than 20 hours per week or no more than five full consecutive months of employment. An adjunct instructor shall not be eligible to earn paid leave, participate in the Teachers' and State Employees' Retirement System, or receive or purchase health benefits through the State Health Plan for Teachers and State Employees.

An adjunct instructor shall not be required to hold or apply for licensure as a teacher.

For the 2019-2020 school year, an individual who does not possess an associate or baccalaureate degree shall be deemed to meet the minimum criteria for employment as an adjunct instructor if the individual (i) can clearly demonstrate a minimum of six years in the last 10 years of professional experience in the relevant skill or trade and (ii) possesses a recognized industry credential or an active professional license that is required for each subject area or course.

For the 2020-2021 school year, the State Board of Education shall develop minimum criteria of relevant education or employment experience to qualify to contract as an adjunct instructor in each career and technical education career cluster. The criteria shall weigh work experience and industry recognized licenses or credentials over educational attainment level.

(G.S. 115C-157.1 SL 2019-185 Section 2.(a), SBE Policy EVAL-023)

2. Adjunct K-12 instructors in Core Academic subjects, fine and performing arts, and foreign languages

An adjunct instructor may be employed for less than 20 hours per week or for less than six full consecutive months of employment. Adjunct instructors may be classified as temporary full-time or part-time employees. Based on the status as a temporary public school employee, an adjunct instructor shall not be eligible to earn paid leave, participate in the Teachers' and State Employees' Retirement System, or receive or purchase health benefits through the State Health Plan for Teachers and State Employees.

An adjunct instructor shall not be required to hold or apply for licensure as a teacher.

The State Board of Education shall develop minimum criteria of relevant education or employment experience for an individual who is currently employed at an institution of higher education as a faculty member to qualify that individual to contract as an adjunct instructor in specific core academic subjects in grades kindergarten through 12.

(G.S. 115C-298.5 SL 2017-91 Section 1, SL 2021-48 Section 1)

III. Substitute Teachers

A person is considered a substitute when filling in for a teacher who is on paid leave, not filling an interim position.

A. PAY BASIS

Current pay rates are indexed to the A-00 teacher rates.

Substitute	Minimum Dollar Amount	Maximum Daily Rate	% of A-00 Teacher Rate (calc. on 22 days)
Licensed	105	161	65%
Unlicensed	81	161	50%

Note: Beginning FY2022 Minimum \$13.00 per hour for noncertified public-school employees.

Licensed

For licensed substitutes working either part-time or full-time, the pay rate is at least 65% of the A-00 teacher calculated on a 22-day month (not 21.5). The maximum pay rate allowable is the licensed daily rate of pay calculated on a 22-day month.

A licensed substitute must hold a current North Carolina license.

Unlicensed

For unlicensed substitutes working either part-time or full-time, the pay rate is at least 50% of the A-00 teacher rate calculated on a 22-day month (not 21.5). The maximum pay rate allowable is the daily rate of licensed substitutes pay calculated on a 22-day month.

NOTE: Under no circumstances can an unlicensed substitute earn more than a licensed substitute; however, the pay rate can be the same for both.

B. FULL TIME SUBSTITUTES

A full-time substitute must work at least 30 hours per week and is expected to be employed at least six consecutive months. Full-time substitutes earn the same benefits as other employees and are paid as a substitute.

Full-time substitutes must be coded with an object code of 164.

C. NON FULL-TIME SUBSTITUTES

Substitute teachers who are not classified as full-time can only be paid for the actual number of days worked. This payment does not include the option of pay for weekends, pay for holidays, etc.

D. TEACHER ASSISTANTS AS A SUBSTITUTE

When a teacher assistant is assigned to serve as a substitute teacher, the daily rate paid shall be the same as the daily rate for an entry level teacher with an 'A' license (A-00) (calculated on 21.5 days).

An absence code (Reason Code 37) is to be charged to the regular teacher assistant assignment (object code 142) for each day or half-day the teacher assistant serves as a substitute. The PRC for the payment of the teacher assistant's substitute payment is the same PRC from which the teacher assistant is normally paid, with the exception of substitute payment for staff development activities.

E. FUNDING SOURCE

1. Instructional Personnel

Unless otherwise required, a substitute for a regular teacher is paid from the same source of funds from which the regular teacher is paid. If the teacher is paid from more than one fund, the substitute will be paid at the same percent from each fund as the teacher for the appropriate number of days.

Example: A teacher is 50% state and 50% local and is absent one day. The substitute will be paid for one day at 50% state and 50% local; NOT ½ day at 100% state and ½ day at 100% local.

Exceptions:

a. *Substitute Pay for Staff Development:*

The PRC used for the substitute's payment due to staff development activities is the same PRC used for the teacher's staff development payment. Substitute payments for staff development activities are **not** charged to object 312 (Workshop Expenses), but to one of the approved substitute pay object codes.

b. Substitute Pay for Child Involvement Leave:

Substitutes employed for teachers taking Child Involvement Leave shall be paid from Local funds **only**.

2. Principal Replacement

A substitute employed to replace the teacher who fills in for a principal shall be paid from the same source of funds as that of the principal's salary (local, state or federal). An assistant principal filling in for a principal does not constitute a substitute. Additional pay is not applicable to the assistant principal due to the terms in the contract of regular duties associated with the position of assistant principal.

3. Exceptional Children Requirements

When non-instructional temporary replacement personnel are required in the Exceptional Children Program, the replacement person shall be paid from the same source of funds as the employee being replaced. If a teacher assistant is absent and a temporary replacement teacher assistant is required by law to be placed in that absent position, the temporary replacement teacher assistant is paid based on the non-certified salary schedule, which includes teacher assistant. The same source of funds as the absent teacher assistant should be used.

V. Other Certified Personnel

A. OVERVIEW

Other certified personnel are employed in positions with job classifications requiring professional certification as prescribed by the State Board of Education. These positions do not require a professional license issued by the Licensure Section and are not required:

- to complete an approved education program or
- to achieve a specified minimum score on the National Teacher's Examination/Praxis Examination.

B. SCHOOL NURSE

Effective July 1, 2002, school nurses employed in the public schools prior to July 1, 1998, shall not be required to be nationally certified to continue employment. Therefore, all school nurses employed since July 1, 1998 are required to be certified by either:

- the American Nurses Credentialing Center (ANCC) or
- the National Board for Certification of School Nurses (NBCSN)

1. Prerequisites for national certification:

Association	Initial Certification Requirements
American Nurses Credentialing Center (ANCC)	ANCC has discontinued its program for initial certification in school nursing. ANCC only provides re-certification in school nursing for nurses who hold current ANCC certification in school nursing.
National Board for Certification of School Nurses (NBCSN)	Required: Current license as a registered nurse in the U.S. or territories; A baccalaureate degree or higher in nursing or a health-related field; and Recommended to also have completed a year or more of practice in school nursing.

2. Salary basis

Nationally certified school nurses who are employed in the public schools as nurses shall be paid on the classroom teacher's 'M' salary schedule according to their years of experience. The Licensure Section does not currently license school nurses. LEAs will assign years of experience for their nationally certified school nurses using the formula Licensure uses to determine non-teaching experience for workforce development health occupations. Contact the Licensure section if you have any question on the rules for assigning non-teaching experience.

Non-nationally certified school nurses should be paid within the non-certified nurse salary range.

3. Budget code

Budget code 5840-xxx-131 should be used to code the nationally certified school nurses.

Budget code 5840-xxx-146 should be used to code the non-certified school nurses.

4. Daily rate of pay

Nationally certified school nurses are paid based on 21.5 days regardless of the number of weekdays in the month of service.

Non-certified school nurses whose term of employment is *exactly* 10 months (215 days) will be paid based on 21.5 days in a month. Those non-certified school nurses whose term of employment is *not exactly* 10 months (215 days) will be paid based on the actual number of workdays in a month (20, 21, 22, or 23).

5. Employing non-certified school nurses

LEAs may employ, if necessary, non-certified nurses. However, they must be hired with the stipulation that they become nationally certified within three years of their hire date.

Rule: Until national certification is attained, their salary shall be assigned according to the non-certified nurse ranges.

SECTION E NON-CERTIFIED PERSONNEL

I. Salary Determinations

A. DAILY RATE OF PAY

Effective July 1, 2005, school-based non-certified employees whose term of employment is exactly 10 months (215 days) will be paid based on 21.5 days in a month.

School-based non-certified employees whose term of employment is not exactly 10 months (215 days), and all central office non-certified employees will be paid based on the actual number of weekdays in a month.

EXCEPTION: All teacher assistants will be paid based on 21.5 days in a month.

B. NON-EXEMPT HOURLY RATE OF PAY

Compute the hourly rate of pay for non-exempt employees using the following calculations:

Step	Calculation
1	Monthly Salary x 12 = Annual Salary
2	Annual Salary ÷ 52 = Weekly Salary
3	Weekly Salary ÷ 40 = Hourly Rate

C. SALARY BASIS

Non-certified personnel must be paid within the salary range for their job classification, based on a 40-hour workweek. If the established workweek is less than 40 hours, the hourly rate of pay must be based on a 40 hour workweek.

EXAMPLE: According to the Non-Certified Salary ranges in the <https://www.dpi.nc.gov/districts-schools/district-operations/financial-and-business-services/compensation-public-school-employees>

Beginning with the 2021-2022 fiscal year, the State Board of Education shall increase the minimum of all salary grades and ranges it maintains for noncertified public school employees, as necessary, to achieve a minimum hourly compensation rate of thirteen dollars (\$13.00) per hour.

Beginning July 1, 2021, the annual salary for noncertified public school employees whose salaries are supported from State funds shall be increased as follows:

(1) For permanent, full-time employees on a 12-month contract, by the greater of

the following:

- a. Two and one-half percent (2.5%).
- b. An amount necessary to increase the minimum hourly compensation rate of the employee to thirteen dollars (\$13.00) per hour pursuant to (1)(a)

(2) For the following employees, by an equitable amount based on the amounts specified in (1) of this subsection:

- a. Permanent, full-time employees on a contract for fewer than 12 months.
- b. Permanent, part-time employees.
- c. Temporary and permanent hourly employees.

The minimum allowed salary for a pay grade employee is: ~~\$2,040.09~~. This is based on the employee working 40 hours. If the employee works less than 40 hours, the individual has to be paid the same hourly rate as if they worked 40 hours, although they will not earn the ~~\$2,040.09~~. If the employee worked 30 hours a week, the monthly salary would be ~~\$1,530.10. ($52/12 \times \353.10)~~

Step	Calculation	Example
1	Monthly Salary x 12 = Annual Salary	$\$2,253 \times 12 = \$27,039.96$
2	Annual Salary ÷ 52 = Weekly Salary	$\$27,039.96 \div 52 = \520.00
3	Weekly Salary ÷ 40 = Hourly Rate	$\$520.00 \div 40 = \13.00

The individual that worked the full 40 hours would earn \$520.00 per week. An individual that worked 30 hours would only earn \$390.00. Both are being paid the same hourly rate and would meet the minimum monthly salary requirements for a pay grade 50 employee.

EXCEPTION: Nationally certified school nurses are to be paid on the classroom teacher's 'M' salary schedule. See Section D V.B.

D. AVERAGE SALARY/STATE ALLOTMENT COMPLIANCE

By the end of the third pay period each fiscal year, state law (G.S. 115C-12(16)(b)) requires that local boards of education place the following state-allotted positions:

- office support personnel (object codes 151),
- teacher assistants (object code 142), and

- custodial personnel (object code 173)

on the salary schedule adopted by the State Board of Education so that the average salary paid for each personnel classification is at least 98% of the state-allotted amounts. In placing these employees on the salary schedule, local boards shall consider each employee's:

- education,
- training, and
- experience (including other local school administrative units).

E. WORKWEEK

Salaries for all classifications of non-certified personnel (excluding teacher assistants) are based on a 40-hour workweek. The monthly salary for standard workweeks of less than 40 hours must be prorated accordingly.

F. TEACHER ASSISTANT ENGAGED IN INTERNSHIP

Teacher assistants shall continue to receive their salary and benefits while interning in the same local school administrative unit where they are employed as a teacher assistant.

Teacher assistants who participate in this program shall meet the following requirements: (1) Be enrolled in a recognized EPP. (2) Be employed in a North Carolina public school

Local school administrative units are encouraged to assign teacher assistants to a different classroom during an internship than the classroom they are assigned to as a teacher assistant. To the extent possible, they may be assigned to another school within the same local school administrative unit.

(G.S. 115C-269.30, Session Law 2017-189 section 2(i), 6(n).

II. Source of Funds

A. STATE FUNDED NON-CERTIFIED EMPLOYEES

Each local board of education shall:

1. Examine the duties and responsibilities of all non-certified personnel in its employment whose salaries are paid from state funds (in whole or in part),
2. Classify non-certified personnel according to class specification in Class Specifications for Non-Certified Public School Employees, and
3. Pay these employees in accordance with the state salary ranges for non-certified personnel.

Class Specifications for Non-Certified Personnel can be found at or contact:

<https://www.dpi.nc.gov/districts-schools/districts-schools-support/district-human-capital>

B. LOCAL OR FEDERAL FUNDS FOR NON-CERTIFIED EMPLOYEES

The local board of education shall have full authority to establish the salary of its locally or federally paid employees. Local boards are not bound by rules and regulations established for employees paid from state funds if they have adopted a local salary schedule that recognizes a difference in salaries based on variations in:

- duties,
- training,
- experience,
- professional fitness, and
- continued service in the same school.

If a local salary schedule is not adopted, the state salary schedule shall be in force.

C. PRORATING OF TIME - MULTIPLE POSITIONS - NO OVERTIME**Teachers and Other Personnel Who Also Drive a Bus**

If a teacher or other employee also drives a school bus during the hours designated as their standard workday, the standard workday of that individual must be adjusted to reflect actual work time and their salary adjusted accordingly. The bus driving time must be coded to and paid from the transportation allotment. The rate of pay for bus driver duty is based on the bus driver salary range. For example, if a teacher's regular work hours begin at 7:30, but the teacher drives a bus from 7:30 till 8:00, the teacher would be prorated 93.33% employed as teacher and 6.67% employed as Bus Driver (no overtime applicable).

III. Overtime Pay Policy and Definitions**A. OVERTIME POLICY**

As of April 15, 1986, overtime compensation must be provided to employees determined to be non-exempt on the basis of U.S. Department of Labor Regulations (Code of Federal Regulations, Chapter 29, Part 541) and other U.S. Department of Labor publications.

B. TYPES OF OVERTIME COMPENSATION

Public schools may provide this compensation in either of two forms:

- overtime pay at the rate of one and one-half times the regular rate of pay for all hours in excess of 40 hours in a workweek, or
- compensatory time off at a rate of one and one-half hours for each hour worked in excess of 40 hours in a regular workweek provided the employee is

notified and is in agreement that compensatory time will be given before the work is performed.

C. WHO DECIDES HOW TO COMPENSATE?

The decision to provide either overtime pay or compensatory time off rests with the local board of education. The local board of education may establish policies on:

- the number of hours allowed to be accumulated up to a maximum of 240 hours and
- the timeframe in which these hours shall be taken (e.g., compensatory time off must be taken before annual vacation leave is used).

If compensatory time off is used, the following guidelines must be followed:

1. The employer and the employee must arrive at an understanding or agreement on the use of compensatory time before any work is performed.
2. Compensatory time must be given at the premium rate of not less than one and one-half hours for each hour of employment for which overtime compensation is required.
3. Employees may not accrue more than 240 hours of compensatory time (160 actual hours) for hours worked.
4. An employee who accrues the maximum amount of compensatory time (240 hours) must receive cash payments for any additional hours of overtime work.
5. If the employee is paid for the accrued compensation time off (i.e. cashed out), cash payments must be paid at the regular rate earned by the employee at the time the employee worked the overtime or receives such payment.
6. Upon termination of employment, an employee must be paid for unused compensatory time at a rate of compensation not less than (a) the average regular rate received by the employee during the last 3 years of employment, or (b) the final regular rate received by the employee, whichever is higher.
7. An employee who requests the use of compensatory time must be permitted to use such time within a reasonable period, if the use of compensatory time does not unduly disrupt the operations of the unit. Any unused compensatory time must be paid for at the time of separation from employment.

D. DETERMINING FLSA STATUS

The determination of exempt status for employees depends on:

- the duties of the position
- the employee's actual work.
- the salary level and
- the salary basis/method of payment.

Generally, employees occupying positions requiring an educator's license and others occupying professional or managerial positions without licensure requirements are exempt from the FLSA and are not subject to the overtime provision.

E. EXEMPTIONS FROM OVERTIME PAY

FLSA exemption determinations must be made at the local level.

Under the FLSA, the following groups of employees are exempt from the overtime pay provision:

1. Elected public officials, their immediate advisors, and appointees
2. Employees that meet exemption requirements for executive, administrative, professional and highly compensated occupations, and high-income computer employees, which are defined as follows:
 - a. Executive employees - must earn a salary of \$455 or more a week, and meet the following conditions:
 - i. Primary duty (main, major or most important duty; generally, 50% or more of time) - must manage an enterprise, department, or subdivision thereof;
 - ii. Supervision - must customarily and regularly direct the work of two or more employees;
 - iii. Authority - must be able to hire and fire or suggest changes in status of other employees, and their input is given particular weight.
 - b. Administrative employees - must earn a salary or fee of \$455 or more per week, except for academic administrative personnel, who must earn at least the entrance salary for teachers in the school or educational institution by which employed; and meet the following conditions:
 - i. Primary duty (main, major or most important duty; generally, 50% or more of time) - must perform office or non-manual work relating to management policies, or general business operations, or perform functions in the administration of a school or educational institution in work directly related to academic instruction;
 - ii. Other duties - must regularly and directly assist an executive or administrative employee, or must work under general supervision along specialized or technical lines that require special training, experience, or knowledge, or must execute specialized assignments under only general supervision;
 - iii. Discretion - must customarily and regularly exercise discretion and independent judgment with respect to matters of significance.
 - c. Professional employees - must earn a salary or fee of \$455 or more per week, except this requirement does not apply to teachers employed by schools or other educational institutions, or to qualified computer employees who may be paid on an hourly basis of at least \$27.63 per hour. In addition, the following conditions must be met:
 - i. Primary duty (main, major, or most important duty; generally 50% or more of time) - must perform work requiring advanced knowledge in a field of science or learning acquired by specialized study; or must perform original and creative work in a recognized artistic endeavor, which depends primarily on the invention, imagination, or talent of the employee; or must teach; or must perform work requiring theoretical and practical application of specialized knowledge in computer systems analysis, programming design, or software engineering;

- ii. Other duties - learned professionals must perform work that is predominantly intellectual and varied in nature and involves output, which cannot be measured on the basis of standardized units of time;
- iii. Discretion - must consistently exercise discretion and judgment.

F. SPECIAL PROVISIONS - PUBLIC EMPLOYEES

One of the most important factors used to determine whether an employee qualifies for the overtime exemption is that the employee must be paid on a “salary basis.” One test used by the US Department of Labor to determine “salary basis” payment is whether an employee’s pay is subject to reduction for time away from work of less than one day. This test has been recognized as an important factor in determining the line between exempt and non-exempt employees. *However, this test does not work well in the public sector.* Statute or public policy requires public employers to use pay systems that require all employees to use accrued leave or incur a reduction in pay for absences from work. Thus, under the above test, all public employees, including managers who otherwise would clearly be exempt from the overtime requirements, could be considered non-exempt. As a result, the US Department of Labor has adopted regulations to eliminate this anomaly. Under this rule, an otherwise exempt public-sector employee who is paid according to a pay system that reduces earnings for time away from work of less than one day will not be disqualified from exemption because of such a pay system. Furthermore, the exemption will not be lost because of budget-required furloughs that are not regular and recurring, except in the workweek in which such a deduction occurs.

IV. Calculating Overtime Pay/Hours

A. STATE DOES NOT ALLOT OVERTIME FUNDS

The state does not provide additional funds to pay overtime. If overtime occurs and money is not available in the state allotment from which the employee is paid, it must be paid from local fund sources.

B. STANDARD WORKWEEK

All monthly salaries shown in the non-certified section of the state salary schedule are based on a standard workweek of 40 hours.

Workweek:

The workweek is a fixed and regularly recurring period of 168 hours (seven consecutive 24-hour periods).

An employee who is subject to the requirements of FLSA is entitled to overtime at time and one-half for all hours worked over 40 in a workweek. Holidays and paid leave do not count toward the 40-hour requirement.

Employee's regular workweek:

For a non-exempt employee, the employee's regular workweek is the period of time (hours) for which the salary is intended to provide compensation.

EXCEPTION: The standard workweek for teacher assistants is established by the local board of education.

1. Regular workweek less than 40 hours?

If an employee's regular workweek is less than 40 hours, the employee is not entitled to overtime pay until hours worked exceed 40. However, the employee may be entitled to straight-time pay for hours worked up to 40, unless it is clear that the salary covers a 40-hour workweek.

Hours worked do not include any pay for:

- holiday,
- vacation, or
- sick leave.

If the regular workweek includes any pay for:

- holiday,
- vacation, or
- sick leave,

the employee must work in excess of 40 hours, excluding paid leave days to receive overtime pay.

2. Hours worked

Hours worked includes all the time that an employee is required to be on duty, on the employer's premises or at another prescribed workplace, and all times during which the employee is permitted to work for the employer. It also includes any work, which the employee performs on or away from the premises, if the employer knows or has reason to believe that the work is being performed. If an employee's regular workweek is less than 40 hours, the employee is not entitled to overtime pay until hours worked exceed 40. However, the employee may be entitled to straight-time pay for hours worked up to 40, unless it is clear that the salary covers a 40-hour workweek.

3. Volunteer work

An employee cannot volunteer to perform work that involves duties, which are normally associated with the employee's regular work. Volunteers may be paid expenses, reasonable benefits, a nominal fee, or any combination of these for their services without losing their volunteer status. The value of any benefit or nominal

fee received by an employee for volunteer work would be reported on the employee's annual W-2 form.

4. Occasional or sporadic work

The FLSA provides that State and local government employees can work "occasionally or sporadically" at another job for the same public agency, without requiring the employer to combine the hours from both jobs in determining the overtime liability. However, to use this exemption, the employee must work at the other job solely at his/her option, and the other job must be on a part-time basis and must be infrequent, irregular or occurring in scattered instances. In addition, the employee's other job must be in a different capacity from his/her regular job.

C. SALARY

An employee's salary includes:

- the amount of compensation to which the employee is entitled during the year from the salary schedule;
- the amount of longevity pay, if any, to which the employee is entitled during the year; and
- the amount of local supplement, if applicable, to which the employee is entitled during the school year,
- non-discretionary bonuses (i.e. the employer contract agrees or makes a promise to pay it).

D. CALCULATION WHEN EMPLOYED IN ONE POSITION

Step	Calculation
1	Monthly salary x 12 (or months employed) = annual salary
2	Annual salary ÷ 52 = weekly salary
3	Weekly salary ÷ hours actually worked = hourly regular rate of pay
4	Determine the number of hours worked during the workweek in excess of 40
5	Hourly regular rate x hours worked over 40 x 1.5 = overtime pay
6	Weekly salary + overtime pay = total gross wages due

E. CALCULATION WHEN EMPLOYED IN MORE THAN ONE POSITION

When a non-certified person is employed:

- in two or more positions having different rates of pay and
- the total hours worked in the workweek exceeds 40.

If agreed upon by both the employer and the employee, up to 240 hours may be granted as compensatory time off instead of overtime pay. Hours of compensatory time shall accrue at a rate of time and a half. Overtime compensation, in the form of overtime pay or compensatory time shall be provided after 40 hours of work and cannot be waived by agreement between the employer and employee.

Prorate overtime to budget codes for each position

Allocation of overtime pay at time and one-half must be prorated to the overtime budget codes for each position's respective allotment.

- a. *Non-exempt Employee and a Non-exempt Position:*** If a non-exempt employee works in more than one capacity (i.e., teacher assistant/bus driver), all compensation would be paid from the sources of funds that incurred the expense. For example, if the teacher assistant/bus driver worked 45 hours in a given week, the first 40 hours would be distributed and paid at straight time according to the work normally performed. The appropriate number of hours would be paid for teacher assistant duties from the teacher assistant allotment, and the appropriate number of hours would be paid for bus driver duties from the transportation allotment. **Payment for the five (5) hours of overtime must be prorated between the same budget codes as the salary payments.**

Use the respective percentages calculated by comparing the number of hours in the teacher assistant position to the total hours and the number of hours in the bus driver position to the total hours to prorate the overtime payment. The overtime payment would be charged to the appropriate overtime expenditure code in each allotment.

- b. *Non-exempt Employee and an Exempt Position:*** When a non-exempt employee works in more than one capacity and the second position is typically held by an exempt employee (i.e., teacher assistant/athletic coach), those hours worked as a coach are categorized as non-exempt hours. Where the employee who coaches beyond the regular full-time duties performed in a position which is non-exempt under the Fair Labor Standards Act, the employee remains non-exempt in the coaching position. This is true even though a full-time coach could be classified as exempt. **Part-time duties of non-exempt employees do not change their classification; the full-time duties control in fixing the status of non-exempt employees.**
- c. *Exempt Employee and a Non-exempt Position:*** If an exempt employee works in more than one capacity, and the second position is typically held by a non-exempt employee (i.e., teacher/bus driver), the amount of time worked per week in the non-exempt position **must** not be the employee's primary duty. Therefore, if the employee's regular workweek in a combination job is 40 hours, then they may work only eight hours per week in a non-exempt position without changing their classification to non-exempt, and **none** of the time worked would be subject to overtime.

However, if the employee worked more than eight hours in a non-exempt

position, then the employee's classification would change to non-exempt and **all** of the time worked would be used to qualify for overtime.

- d. Exempt Employee and Non-Exempt Summer Employment:** When a 10-month employee (i.e., teacher) works as a painter or in some similar class of work during the summer months, that employee is to receive time and a half compensation for hours over 40 per week during those summer months. This answer is based upon the implicit assumptions that (1) the employee is employed by the same employer during the summers as during the school term, and (2) that the employee does not perform his/her regular full-time teaching duties during the summer months. Work as a painter is non-exempt under the Fair Labor Standards Act, and the requirements pertaining to overtime (i.e., hours over 40 hours per week) apply to that employee.

F. OVERTIME CALCULATION: MULTIPLE POSITIONS WITH DIFFERENT PAY RATES:

1. Determine the total number of hours worked during the workweek in each position.
2. Determine the employee's hourly rate of pay for each position.
3. Multiply the number of hours worked during the workweek in each position by the appropriate hourly rate of pay.
4. Total the results for all positions to determine the total regular wages.
5. Divide the result in #4 above by the total number of hours worked during the workweek in all positions to determine a weighted hourly rate of pay for the employee.
6. Multiply the weighted hourly rate by .5 and then multiply the result by the number of hours worked in the workweek in excess of 40 to determine the overtime premium.
7. Add the result in #6 to the result in #4. This is the employee's total gross compensation due.
8. Total gross compensation, consisting of salary and overtime pay, must be prorated among the positions worked, with overtime pay recorded to the appropriate overtime code.

EXAMPLE:

1. & 2. Teacher Assistant	30 hrs	@\$13.00
Bus Driver	15 hrs	@\$13.50
Total Hours Worked	45 hrs	

Total Gross Compensation would be computed as follows:

3. Teacher Assistant	30.0 hrs x \$13.00 =	\$390.00
Bus Driver	15.0 hrs x \$13.50 =	\$202.50
4. Regular Wages		<u>\$592.50</u>
5. \$592.50 ÷ 45 hrs = \$13.16 weighted hourly rate		

6. $\$13.16 \times .5 = \$6.58 = \frac{1}{2}$ time rate
7. $\$6.58 \times 5 = \32.90 overtime premium
8. $\$592.50 + \$98.70 = \$691.20$ Total Gross Compensation

9. **Proration of Overtime Pay:**

Teacher Assistant Overtime Pay:

$$30 \div 45 = .6667 \times 5 \text{ hrs} \times \$13.16 \times 1.5 = \$65.80$$

Bus Driver Overtime Pay:

$$15 \div 45 = .3333 \times 5 \text{ hrs} \times \$13.16 \times 1.5 = \$32.90$$

\$65.80 Coded to Teacher Assistant Overtime Pay

\$32.90 Coded to Bus Driver Overtime Pay

\$98.70 Total Overtime Pay

Total Gross Compensation = \$691.20

Total Overtime Pay = - \$98.70

Total Straight Time Pay \$592.50

Proration of Salary Payment:

Teacher Assistant $\$592.50 \times .6667 = \395.02

Bus Driver $\$592.50 \times .3333 = \underline{\$197.48}$

Total Straight Time Pay \$592.50

OR

Hours in each Job	Percentage in each Job	Overtime in each position	Rate/hr	Total Overtime Pay
30	66.667%	3.33 x 1.5	\$13.16	\$65.73
15	33.333%	1.67 x 1.5	\$13.16	\$32.97
45	100.000%	5.00		\$98.70

G. FUNDING SOURCE

Whether an employee is funded from multiple state sources, multiple federal sources, multiple local sources, or a combination of any of these sources, the appropriate wage for hours worked (both for straight time and overtime) must be paid from the funding sources appropriate for the duties being performed.

Overtime compensation is an expense that is paid from available funds in the appropriate allotment. No additional allotments are made to cover these expenses. Therefore, if overtime occurs and funds are not available in the appropriate allotment, the overtime must be paid from local funds. This is true regardless of the funding sources for employees subject to the Fair Labor Standards Act. Overtime pay must be charged to

object code 199. The regular salary object code (i.e., 142, 171) is not used for the payment of overtime.

H. DUE DATE OF OVERTIME PAYMENT

Overtime compensation earned in a particular workweek must be paid to the employee on the regular payday for the period in which such is done. If this is not possible due to cut off times necessary for preparing payrolls, then payment must be made no later than the next regular payday.

I. RECORD KEEPING

Under FLSA, all covered employers must meet certain record keeping regulations. These records must be kept for each non-exempt employee. The following is a listing of the basic records that an employer must maintain:

- 1. Every LEA shall maintain and preserve payroll or other records containing the following information and data:**
 - a. Employee's full name and social security number.
 - b. Home address, including zip code.
 - c. Date of birth, if under 19.
 - d. Sex and occupation.
 - e. Time of day and day of week on which the employee's workweek begins (can be stated in LEA policy).
 - f. Hours worked each day.
 - g. Regular hourly rate of pay in any workweek in which overtime premium is due; basis on which wages are paid (e.g., \$6/hour, \$220/week, \$1300/month); the amount and nature of payments which are excludable from the regular rate of pay. (Basis of which employee's wages are paid)
 - h. Total daily and weekly hours of work.
 - i. Total daily or weekly straight time earnings.
 - j. Total overtime earnings for the workweek.
 - k. All additions to or deductions from wages.
 - l. Total wages paid each pay period.
 - m. Date of payment and the pay period covered by payment.
- 2. The basic record keeping requirements for employees subject to the compensatory time provisions are:**
 - a. All of the applicable information above,
 - b. The number of hours of compensatory time earned each workweek, or other work period, by each employee at the rate of one and one-half for each overtime hour worked,
 - c. The number of hours of such compensatory time used each workweek, or other work period, by each employee,
 - d. The number of hours of compensatory time paid in cash, the total amount paid, and the date of such payment, and
 - e. Any collective bargaining agreement or written understanding or agreement with respect to earning and using compensatory time. If

such agreement or understanding is not in writing, a record of its existence must be kept.

3. The basic record keeping requirements for executive, administrative, and professional employees are:

- a. All of the information required above in (1.) except for items (f) through (k).
- b. Necessary information to permit calculation for each pay period of the employee's total remuneration for employment, including fringe benefits (e.g., \$2000 per month plus hospitalization, insurance plan A, benefit package B, and two weeks paid vacation).

Records of the required payroll information must be preserved for three (3) years.

Records on which wage computations are based should be retained for two (2) years; i.e., time cards, wage rate tables, time schedules, and records of additions to or deductions from wages.

An employer that fails to maintain adequate records could face serious consequences if subjected to enforcement proceedings or a lawsuit seeking to collect back wages and unpaid overtime.

J. ENFORCEMENT

Investigators for the local Wage and Hour Division of the US Department of Labor enforce the provisions of the FLSA. The wage-hour investigators have the authority to conduct investigations and gather data on wages, hours, and other employment conditions or practices, in order to determine compliance with the FLSA. If violations are found, the wage-hour investigators have the authority to recommend changes in employment practices in order to bring an employer into compliance with the FLSA. Employers who willfully violate the FLSA may be prosecuted criminally. The violator may be fined criminal penalties up to \$10,000, and a second conviction may result in imprisonment. Employers who willfully or repeatedly violate the overtime pay provisions are subject to civil monetary penalties of up to \$1,100 per violation. Finally, the FLSA prohibits the shipment of goods in interstate commerce, which were produced in violation of the overtime pay provisions.

K. COMMON VIOLATIONS

The 10 most common violations made by employers are as follows:

1. ***Misclassification of employees as exempt from the overtime requirements of the FLSA.***

In many cases, an employee has been erroneously classified as exempt and should have been receiving overtime.

2. ***Not properly compensating employees for meal and break periods.***

Generally, an employee must be paid for meal periods unless:

- a. the period is at least 30 minutes long,
- b. the employee is completely relieved of duties, and
- c. the employee can leave the work post, although he/she can be required to stay on the premises of the unit.

If an employee is required to perform work during this time, it must be counted as hours worked even if the period is labeled as a meal period and the employee eats during this time. Rest periods and coffee breaks of 20 minutes or less are generally required to be counted as hours worked.

3. ***Not compensating employees for “on call” time.***

If an employee is required to sit by the phone and be available for a phone call and come to work immediately, that time is compensatory.

4. ***Not paying employees for time in training and other educational sessions.***

Payment is required when attendance is mandatory, and the training session is designed to enhance the skills needed by an employee to perform a current job assignment. Teacher assistant training to meet the employment criteria under “No Child Left Behind” legislation is exempt from this requirement.

5. ***Not paying employees for compensatory travel time.***

6. ***Not properly administering a compensatory time off policy that substitutes time off for overtime.***

7. ***Not compensating employees for unauthorized overtime.***

If management is aware that an employee is working before or after normal hours, during break times, or at home, the hours worked must be compensated and included as overtime if the employee has worked more than 40 hours in a week.

8. ***Failing to include*** certain non-discretionary bonus payments or overtime into weekly payments for overtime calculation.
9. ***Not paying employees for all time that is recorded on time cards.***
10. ***Not maintaining accurate records or in cases of dual recordkeeping, having inconsistent records.***

M. SAMPLE QUESTIONS - OVERTIME PAY

1. When a teacher assistant (or any non-exempt employee) is also employed beyond their regular workweek as an athletic coach, are those hours worked as a coach in the exempt or non-exempt category?

Answer - Non-exempt: When an employee coaches beyond the regular duties performed in a full-time position which is non-exempt under the FLSA, the employee remains non-exempt in the coaching position. This is true even though a full-time coach could be classified as an exempt position. Part-time duties in this instance do not change the status as the full-time primary duties predominate in fixing the character of the position.

2. When a teacher, who is exempt from FLSA by the law during the regular ten month term, also works as a painter or in some such class of work during the summer months, is that employee to receive time and a half compensation for hours over forty per week during those months?

Answer - Yes, this answer is based upon the implicit assumptions that (1) the employee is employed by the same employer during the summer as during the school term, and (2) that the employee does not perform his/her regular full-time teaching duties during the summer months. Work as a painter is non-exempt under the FLSA, and the requirements pertaining to overtime (i.e., hours over 40 hours per week) applies to that employee.

3. When a school secretary volunteers to serve as an athletic coach for a small fee, are those hours worked as a coach eligible for overtime compensation?

Answer - No, according to the Fair Labor Standards Act, employees who volunteer their time outside their normal services and who receive only expenses, reasonable benefits, or a nominal fee are exempt from coverage under the FLSA. When utilizing school employees who volunteer their time to coach, always take care to see that their services are totally voluntary, are not similar to their normal duties, and are rewarded with a nominal fee, expense reimbursement, or on some other basis that is clearly not a salary.

4. When a maintenance or any other non-exempt employee is employed beyond their regular workweek to perform work at the school (cleanup, opening and closing of school, etc.) for an outside agency, how is the employee paid?

Answer - If the employee is required to perform work for the outside agency, anytime worked over 40 hours is payable at time and a half. The employee is still considered an employee of the school system when conducting this type of work for the outside agencies and is paid accordingly. The school system should pay the employee the applicable rate (including overtime, if appropriate) and have the outside agency reimburse the school system, if the outside agency is required to pay for this service by the school system. Payment for this type of activity must be paid from local funds. Note, however, that an employee could choose to volunteer to assist an outside agency, and such work would not have to be compensated as long as the outside agency is considered an independent entity from the school district.

5. What is the workweek for a non-exempt employee?

Answer - The workweek is established by the local Board of Education for teacher assistants. For all other non-certified employees the salary manual provides for a 40 (forty) hour workweek.

II. Installment Pay

*If an employee on installment pay has a break in service during the school year (i.e., on Worker's Compensation, short-term disability, leave of absence, etc.), they are no longer on payroll status for 10 months and are therefore, no longer eligible for installment pay. The LEA must adjust the employee to non-installment status.

A. ACADEMIC TEACHERS

According to Public School Law, G. S. 115C-302.1(b), State-allotted teachers shall be paid for a term of 10 months. Each local board of education shall establish a set date on which monthly salary payments to State-allotted teachers shall be made. This set pay date may differ from the end of the month of service.

Any individual teacher who is not employed in a year-round school may be paid in 12 monthly installments if the teacher so requests. Such request shall be filed in the local school administrative unit, which employs the teacher. Local school administrative units shall fulfill this requirement through a payroll deduction plan.

The payment of the annual salary in 12 installments instead of 10 shall not increase or decrease the teacher's annual salary nor in any other way alter the contract made between the teacher and the local school administrative unit.

Principals, Superintendents and Directors are not eligible for installment pay.

B. SCHOOL EMPLOYEES PAID ON AN HOURLY BASIS

According to Public School Law, G. S. 115C-316, “Salary payments to employees other than those covered in G.S. 115C-272(b)(1), 115C-285(a)(1) and (2), 115C-302.1(b) and 115C-316(a)(1) shall be made at a time determined by each local board of education. Expenditures for the salary of these employees from State funds shall be within allocations made by the State Board of Education and in accordance with rules and regulations approved by the State Board of Education concerning allocations of State funds:

School employees employed for a term of 10 or 11 calendar months in year-round schools shall be paid in 12 equal installments.

Any individual school employee employed for a term of 10 or 11 calendar months who is not employed in a year-round school may be paid in 12 monthly installments, if the employee so requests. Such request shall be filed in the administrative unit, which employs the employee. Local school administrative units shall fulfill this requirement through a payroll deduction plan.

The payment of the annual salary in 12 installments instead of 10 or 11 shall not increase or decrease said annual salary nor in any other way alter the contract between the employee and the said administrative unit.

C. INSTALLMENT PAY INDICATORS

Installment indicators indicate when the last 2 installment payments are made to an employee. The type of school calendar does not affect the installment indicator. The table below details the valid numeric characters and the new interpretations.

Numeric Indicator	11th and 12th Installment Months
0	Not applicable. Employee is paid on a 10-month schedule.

If the installment indicators are improperly reported, position resources will be overused and could result in allotment overdrafts.

If you have any questions, please contact the School Reporting Section for help.

D. BUS DRIVERS

It is permissible to pay bus drivers employed in full or part-time permanent positions in equal monthly installments (i.e., ten equal checks instead of ten checks of varying amounts.) If a driver is paid an hourly wage, it must be annualized, and then divided by the months of employment. The formula is as follows:

Formula: Number of Days of employment X daily rate = annual salary ÷ months employed = monthly rate.

Example: 200 days = length of employment (180 driver days, 10 holidays, 10 vacation days); and 10 months of employment.

\$65 = daily rate (\$13.00 per hour X 5 hours per day)

200 X \$65 = \$13,000 annual salary

\$13,000 ÷ 10 = \$1,300 monthly rate

Adjustments for payments of unearned holiday and annual leave must be made if employee resigns during the school year.

NOTE: The payment of a bus driver “bonus” (unless specifically legislated) is ineligible from state funds. If and when legislated, bonus pay must be paid from the regular bonus program report code, PRC 45 - Compensation Bonus, not the transportation program report code, PRC 56 - Transportation of Pupils. Under no circumstances can bus drivers be paid above the state salary schedule from state funds.

 - b. **Military leave** without pay for certain periods of active duty or attendance at service schools beyond annual eligible days. (See Section, in the Benefits and Employment Policy Manual.)

IV. Personal Use of Vehicles

The value of fringe benefits that you provide to your employees is taxable and must be included in their income as compensation, unless law specifically excludes the benefits, or the employee pays fair market value for them. Some of the benefits you may provide to your employees that must be reported in their income include their personal use of an employer-provided vehicle.

The total value of the fringe benefit is determined by the employer and included on the W-2 of the employee. The employer reports the taxable fringe benefits in the "wages, tips, and other compensation" box and, if applicable, in the "social security wages" and "Medicare wages" boxes on Form W-2. The total value of the fringe benefits should also be shown on Form W-2.

The reporting and withholding on personal use of employer-provided vehicles must be handled through **local funds**. To submit this information on your state payroll records is incorrect and results in a salary discrepancy and an expense to the state for the matching social security on an ineligible charge. If you have previously handled your personal use of employer-provided vehicles through state funds, a refund for the salary plus social security matching (and retirement, if applicable) is due immediately. All future reporting must be handled through **local funds**. For additional information, please refer to IRS Publication 17 - Your Federal Income Tax, Publication 505 - Tax Withholding and Estimated Tax, or Publication 535 - Business Expenses.
