

Charlotte's Web
Book Report
By Sara Kharouf

Summary

Fern loved animals so much. Mr. Arable was about to kill a baby runt, but then Fern stopped him and said it wasn't fair to kill the runt. Then Mr. Arable said Fern could keep the pig. Fern loved Wilber more than anything else. A few weeks Wilber was too old to stay with Fern, so Fern had to give Wilber away. Fern gave Wilber to her uncle. Every day after school Fern would come to see Wilber. At the end of the story, Wilber went to the Country Fair and won a prize. Charlotte went and laid eggs. Charlotte turned weak and ill and she couldn't go back to the barn. So Wilber had to take her egg sack back to the barn.

Opinion/Recommendation

In my opinion, I think Charlotte's Web is a FANTASTIC book. It was so interesting. It was a very surprising book! It made me feel different feelings. I felt great after I read the whole book. The sad part was when Charlotte dies. I didn't like that sad, sad, sad, sad, part. It was super sad.
