SchoolMessenger App

Parent and Student User Guide - Mobile

Introduction

 **Note:** *Parents and student users who and require further assistance, please contact your school or district.*

The SchoolMessenger app allows schools and school districts to inform you about school-related emergencies, school closures, attendance or other school-related issues.

Once you've created your account, we'll automatically link the records associated with your email address. You can then:

- View the records associated with your account - student, staff, parent records.
- Review the last 30 days-worth of messages for all your associated records.
- View your contact information and configure how you would like to receive notifications.

Depending on your district's settings, you'll be able to:

- Receive teacher-sent messages from groups automatically associated with your account or groups you've joined manually.
- Join groups with generated codes provided to you by a teacher.

For schools subscribing to SchoolMessenger's SafeArrival system, parents have the ability to report planned absences, late arrivals, early departures to the school in advance.

For schools subscribing to SchoolMessenger's Plus Data system, parents have the ability to view student grades, lunch balance data, class and bus schedules, etc.

You will find all of these messages in an easily-accessible inbox. If you are associated with students in different schools or districts, all matching records will be linked to your account. With flexible preference controls, most kinds of communication can be configured to be accessed exclusively via the SchoolMessenger app.

SchoolMessenger and TCPA

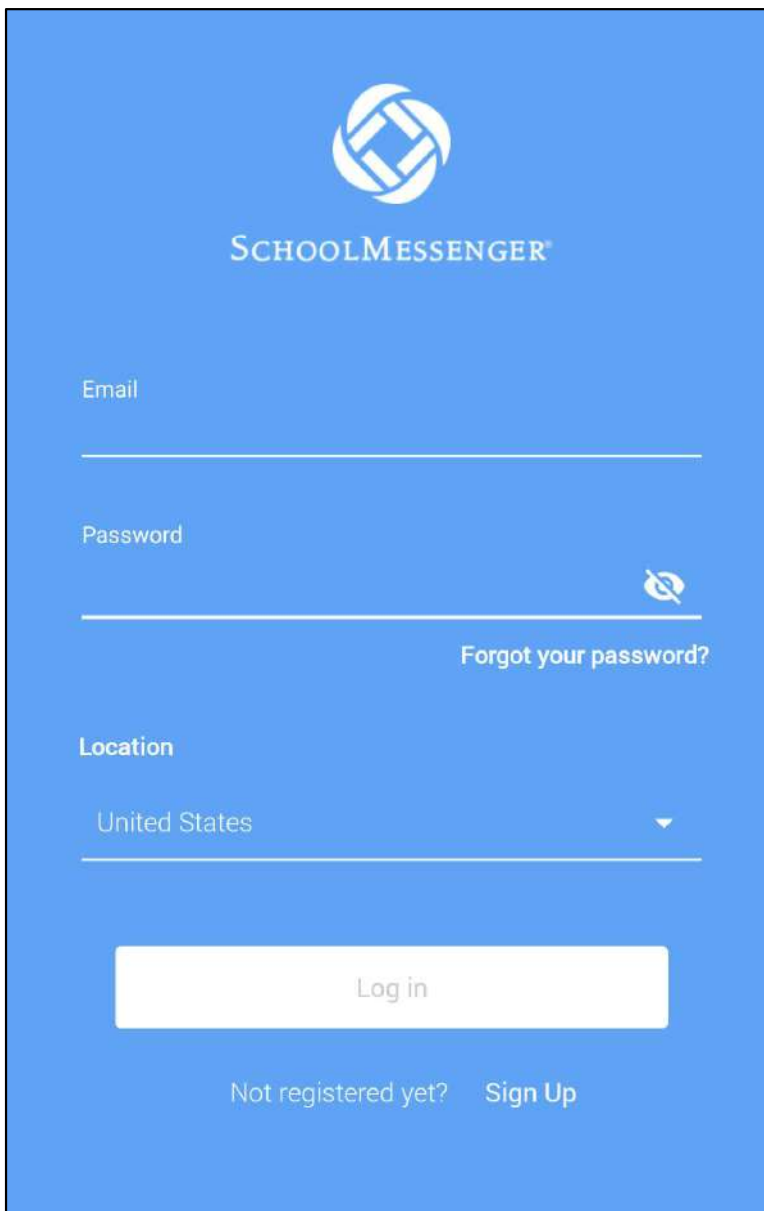

The Telephone Consumer Protection Act (47 U.S.C. 227) is a law that was passed by the US Congress in 1991. This law places restrictions on telephone solicitations and the use of automated telephone equipment, protecting the public from receiving unwanted phone calls.

While schools enjoy exemptions from some of these restrictions, **the preference configurations within the SchoolMessenger App allow you to set your consent state ("yes" or "no") for each phone number associated with your account.** With the exception of emergency calls, which cannot be exempted, any phone number whose consent state is set to "no" will not receive calls from SchoolMessenger.

Initial Menu

Download the mobile app from either Apple's App Store or Android's Google Play page. You have 2 options after downloading the app and launching it on your mobile device:

The image shows the initial login screen of the SchoolMessenger app. It has a solid blue background. At the top center is the SchoolMessenger logo, which consists of a white circular icon with a stylized 'S' inside, and the text 'SCHOOLMESSENGER' in white capital letters below it. Below the logo are three input fields: 'Email' with a white underline, 'Password' with a white underline and a small eye icon to its right, and 'Location' with a white underline and a dropdown arrow. Below these fields is a large white rectangular button with the text 'Log in' in blue. At the bottom, there is a link 'Not registered yet?' followed by a 'Sign Up' button in blue text.

You will be taken to the log-in page. Here you can log into an existing account or you can tap **Sign Up** to create a new account.

Creating a SchoolMessenger App Account

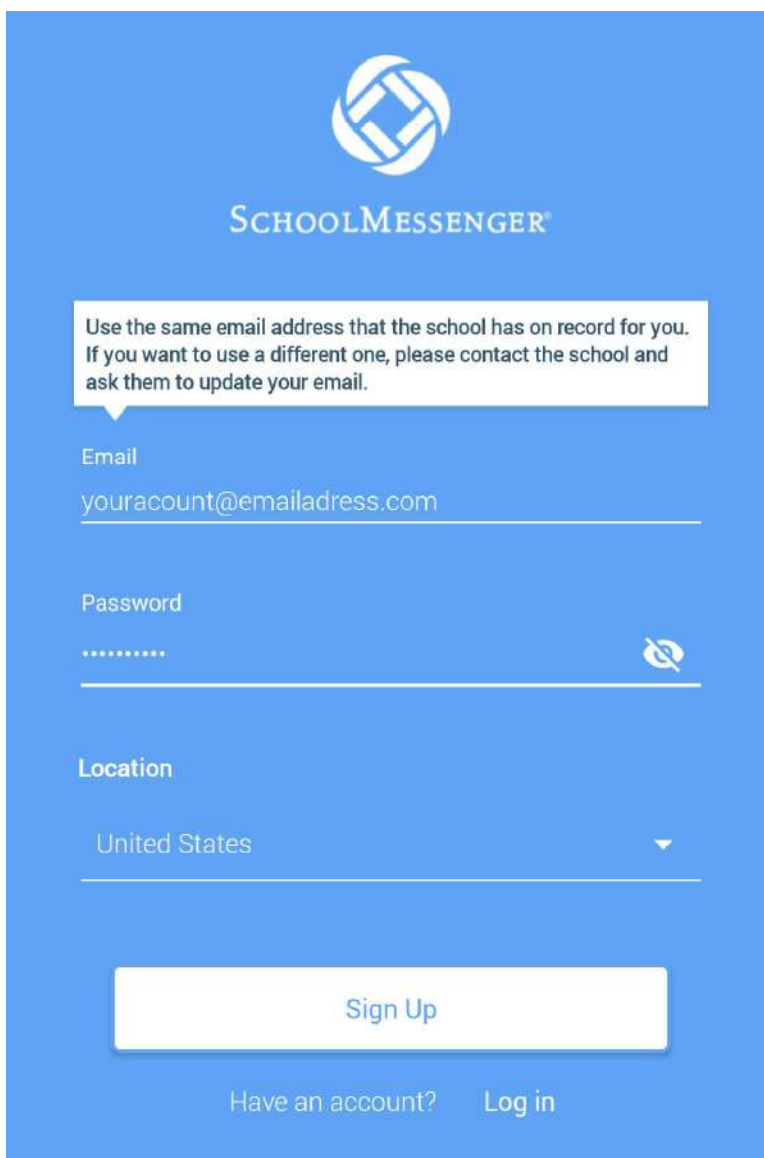

If you do not already have an account, you must create one (either through the app or through go.schoolmessenger.com) before you can log in.

Signing Up

Tap the **Sign Up** link.

 **Important:** *If you already have an email address that the school has on record, use this email address when you sign up.*

Enter your email address, your location and a password.

The image shows the SchoolMessenger app's sign-up screen. At the top is the SchoolMessenger logo. Below it is a text box with instructions: "Use the same email address that the school has on record for you. If you want to use a different one, please contact the school and ask them to update your email." The form has three input fields: "Email" with the placeholder "youraccount@emailaddress.com", "Password" with a masked field "....." and a toggle icon, and "Location" with a dropdown menu showing "United States". At the bottom is a large "Sign Up" button. Below the button are links for "Have an account?" and "Log in".

Your password must contain have at least:

- 1 lowercase letter
- 1 uppercase letter
- 1 number
- 6 characters

After inputting your information, tap **Sign Up**.

You will be sent an email to the email address you provided. Click the link in the email to verify your account.

 **Note:** *The link in the email is only valid for 24 hours. If you don't click on it and log into the SchoolMessenger app within that time period, it will expire and be of no further use. You will have to restart the registration process and have a new email sent to you with a renewed link.*

As your information is registered in the school or district records, you will receive all the messages you have subscribed to receive from the school. You must use this **same email address** in creating your SchoolMessenger app account.

Your school's district admin will configure your message settings and what features you will see when you log in.

Return to the SchoolMessenger app.

Enter the same email address and password you used to create the account.

Click **Log In**. A message appears that you've successfully logged in. You may now launch the app on the web and log in using the same email address and password you used to create the account.

Logging In

To log into the SchoolMessenger app:

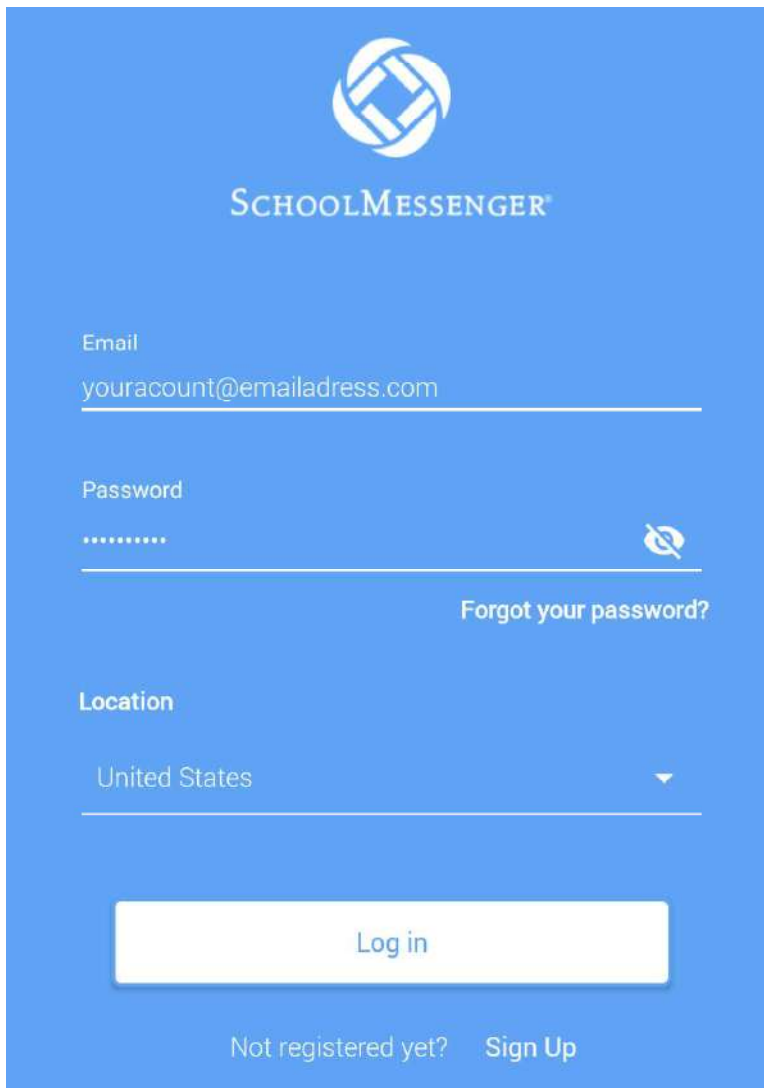

Open the app.

Enter the email address you used to register in the SchoolMessenger app.

Enter your password.

Select your location. Choose either the United States or Canada.

Tap **Log in**.
