## WHAT AM I ALLOWED TO DO WITH THIS ITEM?

Getting Nerdy's Terms of Use (TOU): By purchasing this product, the purchaser receives a limited individual license to reproduce the product for individual single classroom use only. This license is not intended for use by organizations or multiple users including but not limited to school districts, schools, or multiple teachers within a grade level. This resource is not to be shared with colleagues, used by an entire grade level, school, or district without purchasing the proper number of licenses. No part of this publication may be reproduced, distributed, or transmitted without the written permission of the author. This includes posting this product on the internet in any form including classroom/personal websites or network drives.

## YOU MAY

- Use this item for personal use.
- Print and use this product for usage in your own classroom and/or with your own students.
- Review, pin, and/or share your experience with this product online provided you include a link back to our store or the product in our store.
- Purchase additional licenses or share our store link with your others if they wish to acquire and use this product.

## YOU MAY NOT

- Make copies for, email to, or share otherwise with others.
- Post this item or any portion of this item online including a personal classroom or district website.
- Share it, sell it, or claim it as your own.
- Use any part of this packet to create products for sharing or selling.

ALWAYS nerdy,  
mei and gerdy

# Be a Science Square: What Do You Know About Science?

Name: \_\_\_\_\_

*Think about the answers to each of the parts of the cube. Write, draw or list your answers to the questions on each side of the cube – you may want to do a rough draft of your answers in the margins of this sheet before placing them onto each face of the cube.*

What is Science?

Glue

Glue

What isn't science?

Draw a picture of what it looks like to DO science.

Who does science?

Glue

Glue

Give an example of a job for each area of science: life science, physical science, and Earth science

Glue

Glue

How does science apply to YOUR life?

*Then, cut out your cube, making sure not to cut off the flaps. When finished, assemble your cube by folding the cube on the lines and placing glue on each flap to secure the cube together.*

## we are Getting Nerdy!

Mel and Gerdy are two life science teachers with a true passion for curriculum design. We LOVE creating time-saving, fun and engaging activities for our classrooms & we're excited to be sharing them with you. We look forward to hearing your feedback on this product.
